Palm, capitalist, for \$15,000, for alleged injuries received in the spring of 1926, while employed on construction work for the defendant, on North Fir street, will be called in the circuit court next Monday morning. Hollowpeter, in his complaint, also files a claim for \$200 doctor fees, attorney's fees and the cost of the action. He is represented by Attorney Gus Newbury. Palm is represented by Attorney A. E. PINEHURST ASKS NEW HIGHWAY TO LOCAL MARKETS

A delegation of residents of the Pinehurst in southeastern Jackson county called upon the county court this morning and asked that a road be maintained from Pinehurst to the California state line near the summit of the Siskiyou. The road has been maintained for years by the residents and they now ask that it be taken over by the county. Between 25 and 30 families would be benefited. The county court informed the delegation that they would visit the Pinehurst district and view the road within the next month. The road improvement, according to J. G. Thompson of the California Oregon Power company, would be beneficial to the Copeco plant on the Klamath river, in reaching this city and in making line repairs. Mr. Thompson also told the court that if the road were built to the state line it would eventually result in the neighborhood of 100 families doing their trading in this city, "as they now prefer to come here, and when the way is opened than do it quicker than by going to other points."

MEDFORD DRILLS HARD FOR SUNDAY DOUBLE HEADER

The Medford Merchants are drilling hard this week in hopes of winning both games of the double header Sunday at the fair grounds with Weed and Dunsuir. Strenuous practice will be held Thursday and Friday evenings. Frank Chester, the catcher, is working so hard at his daily stint that he has no time for practice, and has been without a workout for six weeks. The young man has not fanned out once this season, and besides, has done a good job catching. Ken Robie, the University of Oregon flash, will arrive Friday and will play in both games Sunday. Mahoney will be shifted to second base. He is a ballplayer of merit.

DR. REDDY BUYS THE B. WILSON PEAR ORCHARD

Yesterday afternoon Dr. J. P. Reddy closed a \$75,000 deal for the Bruce Wilson pear orchard of 135 acres on Griffin creek. Today he started moving his furniture to the new home, preparatory to harvesting the crop on the 20 acres now in full bearing. The Reddys have owned fruit on a small scale, so this is no new venture for them. The jewelry store at their Main street shop was recently sold out and the business discontinued. The orchard was planted by Bruce Wilson 20 years ago and then purchased by A. H. Chew, who sold it to Dr. Reddy. Dr. Reddy has been in the valley since the first pear orchards were put out. The sale was made through Wold & Wold, realtors. Dr. and Mrs. Reddy and family plan to make their permanent home on the ranch.

CITY WATER BONDS SOLD FOR PREMIUM

Due to the absence from the city of the mayor and several councilmen, leaving only a quorum present, the city council meeting last night, at which Councilman E. H. Janney presided as chairman, beyond voting to sell some water bonds and transacting some routine business, postponed the consideration of all impending important matters until an adjourned meeting could be held Thursday night, when the mayor and city attorney, and possibly Councilman R. B. Hammond will be present. This means that Thursday night's meeting will be an exceptionally long one. At last night's meeting the council voted the sale of \$29,000 worth of city water assessment bonds to the bond house of Pierce, Fair & company of Portland, the highest of the two bidders, whose bid was \$100,124, which means a premium of \$6,174. The bid of the Medford National bank was at par. It was voted to give the Sunrise auto apartments camp a permit to erect a sign across Riverside near Twelfth, in front of the camp so that tourists and other passers by would see it, as the present sign is obscured by trees.

COPCO BROADCASTS MARATHON RETURNS

As an added feature of last night's Copco program, last-minute returns on the Indian marathon race were broadcast during the hour. These returns were received by long distance telephone from the Copco office at Grants Pass and provided local people with up-to-date and authentic information on the race. The news that the Grants Pass entry, Flying Cloud, was nearing Crescent City and running strong, with a safe lead over the rest of the field, was welcomed by local people. The musical program of steel guitar and banjo selections by the "Copco Syncopators" was greatly appreciated, judging from the many phone calls received in the studio. A large number of "requests" were played during the evening. Next week's Copco program will feature the "Band of All Nations" from Del Monte, Cal. This is an excellent dance orchestra, according to those who have heard it and will be well worth tuning in for. The program will be given on Tuesday evening from 9 to 10 o'clock.
