

GIRL LINDY IS TURED OUT; ALL CALLERS BARRED

LONDON, Eng., June 23.—(AP)—The strain of London's welcome has begun to pall on Miss Amelia Earhart and there were indications today that perhaps she has let her days become too crowded.

Miss Earhart slept today until nearly noon and upon awakening canceled all her engagements for the day except the luncheon at the American embassy, where she was the guest of Mrs. Alanson B. Houghton, wife of the American ambassador.

Friends of Miss Earhart remarked she had not been holding up well to the last social gaiety exacted of her since she has been here. Yesterday, it was said, was particularly hard on her, engagements leaving her no time at all to herself.

The Houghton luncheon was a simple private affair, attended only by the embassy staff, including the six attaches, Major Hubert H. Harmon, Lieutenant Commander R. D. Kirkpatrick, and Mrs. Frederick Guast. Miss Earhart's backer, and Miss Earhart herself.

Early today William Stultz and Louis Gordon, pilot and navigator of their flight from Trepassey Bay to Burryport, Wales, flew from Crodon to Manchester, where they placed a wreath on the grave of Sir John Hancock, the first flier to cross the Atlantic. They intended to return to London this afternoon.

The three American fliers will return to the United States aboard the steamship Roosevelt, June 28.

2 AMERICANS ARE HELD BY BANDITS

MEXICO CITY, June 23.—(AP)—Two American mining men, W. M. Mitchell and John F. Hooper, are being held for ransom by kidnapers near the town of San Rafael in the state of Jalisco.

The United States embassy has sent a note to the Mexican foreign office making formal representations for their safe release.

EL PASO, Texas, June 23.—(AP)—Mexico City dispatches to the newspaper El Continental say that federal troops are about to effect the release of the two Americans believed to be William Mitchell and John Hooper, who were kidnaped by rebels and held for 18,000 pesos ransom early this morning in the town of San Rafael near Zapopan, state of Jalisco.

The rebel chief sent word that unless the money is paid he will exercise reprisals. One of the prisoners is said to be the superintendent of the Mesquital Mining company in the state of Zacatecas. Both were captured when rebels attacked Zapopan which is twenty kilometers from Guadalajara.

The United States embassy in Mexico City is said to be prepared to make representations to the foreign office as soon as the American citizenship of the two captives is definitely established.

A dispatch to Excelsior from Guadalajara says that the bandits have threatened to kill the two Americans unless a ransom of 3,000 pesos (approximately \$1500) is paid.

OLYMPIA FIELDS, CHICAGO, June 23.—(AP)—Shooting a 73, two over par, Bobby Jones increased his lead in the national open golf championship today. Added to his 344, he had a 54-hole total of 217, five strokes ahead of his nearest rival, George Von Elm, and Johnny Farrell, each 222.

Von Elm, the former amateur champion, two strokes behind Jones yesterday, lost three more when he shot a 74. A six on the fifth where his drive hit a tree, falling dead, was his costliest hole.

Farrell, unhampered by a gallery after playing his first two rounds with Jones, showed a return to form with a fine 71, par, and moved up the list with a total of 222.

Neil Christian of Portland, paired with Farrell, had a 74 for a total of 232 for the 54 holes. He was out in 37 and came home the same.

Walter Hagen, in spite of poor shots and much trouble, got home with a 73, the same as Jones, and was tied at 220 with MacFarlane for temporary third place, three strokes back of the leader and one stroke behind Ciel.

OLYMPIA FIELDS, CHICAGO, June 23.—(AP)—Bobby Jones, setting the pace for the field at the start of the third round of the national open golf championship, shot 35, even par, for the first nine holes of the day to add to his 234 for the previous 36 holes.

In the drizzling rain Bobby Jones with two strokes on the field, set out on his third round with sticky Gene Sarazen for his partner. Bobby was 10 strokes ahead of Gene to start with, 144 to 154.

A gallery of 1400 was on hand despite the bad weather.

Leviathan Robbed of Half a Million En Route, England

SOUTHAMPTON, England, June 23.—(AP)—Although no official figures are yet available it is reported that checks, bank drafts, bills of exchange and bank notes amounting to many thousands of pounds, were involved in the theft from the steamer Leviathan's mail.

Some estimates place the loss as high as \$1,000,000 (approximately \$500,000).

LONDON, June 23.—(AP)—The detective branch of the general postoffice started an investigation today into what is believed to have been an extensive raid on American mail carried by the steamer Leviathan from New York to Southampton.

It is understood that the mail bags were interfered with to such an extent as to suggest the extensive robbery, and the view was expressed that this took place in American waters.

"As far as we can gather, the robbery must have been carried out before the Leviathan left New York," said an official at the London office of the United States lines. "The thefts were discovered only after the letters in the mail bags came to be sorted. The seals on the bags were then unbroken."

The Leviathan left New York on June 16 and arrived at Southampton yesterday. Only the barest information on the thefts was available in London.

There was a total of 3236 bags of letters and parcels carried on the liner, of which 1700 were for London and hundreds of others for various parts of Great Britain.

The authorities here state that there was every evidence that the robbery was planned with the greatest cunning and carried out daringly.

The mail, which was in charge of the United States post office staff while aboard the liner, was landed at Southampton last evening under such strict supervision that it was considered impossible that they were interfered with in any way. It was said the mail reached its destination and the bags containing the letters were opened and the robbery was discovered.

The registered letters were found to have been split open and everything of a negotiable nature abstracted.

Captain Cunningham, commander of the Leviathan, said today that the robbery could not possibly have been perpetrated aboard the liner.

"We unloosed the mail bags at Southampton," he said, "exactly in the same condition as we took them on board. The United States government seal was placed on the bags in the New York postoffice. They then were brought to the ship in mail automobiles with armed guards, were placed in the mail room and the door locked throughout the voyage. Four armed government postal clerks were constantly on duty to see that the bags were not touched."

CHINESE HAMLETS PREY OF BANDITS

TIENTSIN, China, June 23.—(AP)—An alarming situation has developed at Tangshan on the railroad to Mukden where sixty foreign experts in the Kailan mines and railway workshops are isolated and unprotected in the midst of 50,000 defeated northern troops which are preying upon villages in that region.

The dispatch of a British battalion from Weihaiwei is being considered.

PAIR SURPRISE YEGG AT PORTLAND HOME

PORTLAND, Ore., June 23.—(AP)—Returning to their home about 1 a. m. this morning, W. H. Lines, vice-president of the Portland Electric Power company, and Mrs. Lines, frightened a burglar who had pilfered a lot of their silver and plate on a table.

A policeman who was summoned encountered a man hiding in the brush near the house and fired when the man failed to halt at his command.

The suspected burglar escaped, apparently uninjured. The burglar got \$25 in cash and a small trunk box which contained little of value.

Casualties of the Air Service

DEL MONTE, Cal., June 23.—(AP)—Clarence Cook and Kenneth McIntosh, both of San Francisco, were instantly killed and Frank Fuller, San Francisco, paint executive, was injured in an airplane accident here today.

They had been attending the western zone convention of the National Paint, Oil and Varnish association which adjourned last night.

This morning they started back to San Francisco in Fuller's airplane, with the paint executive at the controls. They were flying at a low altitude about two miles from here when the ship went into a tail spin. Fuller was unable to right the craft.

S. P. DEPOT AT WEST FIR BLOWN UP; \$65 TAKEN

OAKRIDGE, Ore., June 23.—(AP)—Yeggs blew up the safe of the Southern Pacific depot at West Fir some time Friday night, wrecking the office as a result of a powerful explosion.

The front part of the building splintered, the front windows shattered to bits, the furniture wrecked, and the safe blown to a thousand pieces, the station was a scene of ruin when the agent, J. E. Boulter, came to work early this morning.

Amateurs evidently did the work, officials report, as no experienced robbers would have used such quantities of explosive. It is believed the deed was done about 12:30 o'clock Friday night, as those living nearest the station say they heard an explosion about that time. The station is some distance from any other buildings.

Deputy Sheriff Frank Rogers from the sheriff's office at Eugene and W. H. McClain, special Southern Pacific agent, went up on the early morning train to West Fir.

Unofficial report is that \$65 was taken. No statement would be made at West Fir, however, until special agents arrive from the Southern Pacific office in Portland.

LINDBERGH FORCED TO RETURN WHEN HIS ENGINE GOES FLUEY

WILKESBARRE, Pa., June 23.—(AP)—Colonel Charles Lindbergh, who hopped off from Coxton, Pa., at 5:48 o'clock this morning, returned to this temporary landing field at 7 o'clock.

It was said that his plane was not functioning properly and he returned to make adjustments rather than continue on to New York. He was the guest last night of Leigh railroad officials at Coxton yards, and took a run over the Leigh Valley line on No. 18, a mail and express train running between Buffalo and New York, riding as far as Mountain Top. The return trip to Coxton yards from Mountain Top was made with Lindbergh at the throttle. He spent the night at the Y. M. C. A. Lindbergh was forced down in a field at Coxton last night by fog and approaching darkness.

N. Y. Stock Loser Threatens to Blow Up Stock Exchange

NEW YORK, June 23.—(AP)—Extra details of plain-clothes detectives mingled with the crowds about the stock exchange today as the result of a letter apparently sent by a man who had lost money in Wall street.

Exchange officials declined to confirm the fact that they had received a threatening letter, but the facts were learned from police. The Evening Post quotes the letter as reading:

"You are wrecking the lives of many young men. You are breaking up the homes of many married couples. Watch out, I am going to blow up the stock exchange."

FIRST BASEBALL GAME TOMORROW MORNING, 10:30

All preparations have been completed for the ball games tomorrow between the Medford Merchants and the Dunsmuir and the Weed teams. The first game will be called at 10:30 in the morning with Cliff Best in the box for Medford and Gillespie doing mound duty for Dunsmuir. Jack Hughes will start the game against Weed in the afternoon, with Best ready to take his place if he falters.

The Dunsmuir nine is a heavy hitting team and local fans will have a chance to see what Best can do against organized clouting. They will also have a chance to see what the Medford sluggers can do against fancy pitching.

Ken Robie, University of Oregon star, will play his first game for Medford, performing as shortstop. Manager Hall says the locals are now at their best and strongest and have been practicing hard all week for the two contests.

A large delegation of fans from northern California are expected to attend the games.

CARDINALS GET A FIRMER HOLD ON FIRST PLACE

(By the Associated Press)

Rain, hail and high winds failed to halt the march of the Cardinals in Chicago yesterday, but the unruly weather did succeed in blunting Sunny Jim Bottomley's 16th home run from him—much after the fashion in which Babe Ruth's 26th was destroyed at the Yankers stadium on the previous afternoon.

Bottomley's homer was delivered in the first half of the seventh against Perce Malone, with Frank Frisch on base, but the score reverted to the sixth, when rain made further play impossible. The Cards won by a 4-3 instead of a 5 to 1 score and placed the series count at three games to one in their favor.

The victory sent the Cards spinning another notch upward yesterday as the Reds crumpled under the drive of the Pirates in Pittsburgh, 11 to 1. Burehlig Grimes pitched at top speed throughout.

Cold weather on the second day of summer forced the Robins and the Braves into idleness at Boston, while rain followed the Giants to Philadelphia. Rain also stepped in and saved one team or the other at the Yankee stadium, where the Athletics were scheduled to appear.

The Red Sox and the Senators put up a snappy pitcher's battle in practical privacy at Washington, with Bob Burke, Senator recruit, shading Charlie Ruffing to win, 1 to 0.

The White Sox took a hard poke at the ailing George Uhle in Cleveland, to win by 7 to 4, while the Tigers escaped a tie for this cellar by corraling the second game in St. Louis, 12 to 6, after losing the first 8 to 3.

GRANTS PASS, Ore., June 23.—(AP)—Determined to finish the race, although entirely out of the money, Requa Silver-Wings, Klamath Indian, came into Grants Pass at 9 o'clock last night. He was the seventh and last runner to complete the 482 mile trek. He followed the sixth runner by 16 hours, refusing to quit the race even when he knew no prize awaited him here. To reward his pluck, citizens of Grants Pass made up a purse for him of more than \$100. It is understood that another purse awaits him on the coast. A large crowd turned out to greet the runner, who was entered by Requa, Cal.

3 BROTHERS OF TOM HEENEY TO SEE BIG FIGHT

VANCOUVER, B. C., June 23.—(AP)—On their way to see their brother's attempt to uncrum Gene Tunney, World's heavyweight king, three brothers of Tom Heeneey arrived here from Australia en route to New York.

They brought with them a cloak, a gift of the Maori, natives of New Zealand, for Tom to wear when he enters the ring for the title bout. Heeneey will be the fourth white person to be so honored by the natives. Others to receive a Maori cloak are the Prince of Wales, the Duke of York and a girl entrant in the Olympic games from New Zealand.

The brothers—Jack, Patrick and Arthur—today were reluctant to discuss Tom's chances, but talked freely of the beginning of his career when he gave up plumbers for the prize ring after knocking out a gigantic bushwhacker in an open tournament in 1914. It was Tom's first fight, he being drawn into the battles at Gisborne, N. Z., at 16 years of age by lack of material.

Jack is a former middleweight champion of New Zealand, while the two younger lads are trying to make their mark in the Australian ring.

In the seventh and eighth rounds the Glendale boy also had Callahan in trouble. Rinsiders gave Carr five rounds with three to Callahan and two even.
