

Today

By Arthur Brisbane

One Queer Movie.
Too Few Births.
He Chooses to Hop.
Sweden to Help.

(Copyright, 1927, by New York Evening Journal, Inc.)

Karl Marx's book, "Capital," which Russians call "the Bible of socialism," will be shown in a moving picture.

To make Bryce's "American Commonwealth," Darwin's book on earthworms, the Chicago telephone book into an interesting movie would be no more difficult.

The Russian government has the power to make people see the film whether they like it or not. That helps.

In thirty-three states births diminished in 1927. But the death rate fell also, and births exceeded deaths by 781,310.

Deaths of infants under one year diminished, nevertheless. Such deaths numbered 113,931. Disgraceful to a nation that teaches farmers how to take care of young pigs, sending veterinarians, if necessary, and does not worry about women and their babies.

Lieutenant Lyons, navigator, and James Warner, radio operator of the Southern Cross that flew to Australia, are coming back, bringing two kangaroos. One will be given to President Coolidge, as a mark of esteem from the Australian people.

The aviators say it is an appropriate gift, because the kangaroo also "does not choose to run. It hops."

You that, rightly, call President Coolidge a man of few words, please note that it is not word poverty that cuts down his speech. He has a vocabulary that would do credit to any New Englander, and uses it when he chooses.

Senator Capper in his weekly prints a list of 48 adjectives, all vigorously denunciated, used by President Coolidge, in his McNary-Haugen veto message.

General Noble, "lost" in the Arctic regions, on an ice floe, slowly melting, would have resigned himself to death a few years ago. Now he gets his second installment of food supplies through the air. And an Italian, Major Maddalena, who brings the food, flies low and takes moving pictures of Noble and his crew, including Noble's small dog, very playful on the ice.

The next achievement, it is hoped, will be Noble's rescue. Captain Thornberg, Swedish flier, will land a plane on Noble's ice floe to take him and his companions to safety.

The brave Swedish aviator may find it impossible to lift his plane from the rough ice. Anyhow he will try. That is the spirit of the 12,000 Swedes that marched through Poland and Russia with Charles the Twelfth.

The Chase National Bank and the Equitable Trust Company have arranged a \$50,000,000 loan to Cuba, to build 700 miles of modern roads, complete the capital building in Havana and do other things.

A loan to Cuba, our near neighbor and good friend, is a good loan and safe.

If we made more loans close by, and fewer loans far away, the country would be better off a few years hence.

Wall Street went to bed Saturday night after the dulllest week end in a year, and the saddest week in a long time.

A long Sunday morning sleep should knit up the raveled sleeve of Margin Counts and start this week more cheerfully.

NOBILE RESCUED, DIRECTS AND HUNT

ITALIA COMMANDER TAKEN TO BASE SHIP BY PLANE OTHERS ARE LEFT BEHIND

Nobile Explains Why Crew Insisted on His Leaving First—Hopes to Make an Air Flight and Rescue His Missing Companions and Also Amundsen.

Nobile's Statement. (By General Umberto Nobile.) BASE SHIP CITTA DI MILANO, Spitzbergen, June 25.—(AP)—Nobile yesterday morning, Lieutenant Lundborg landed near our tent. I told him he ought to take off Cecconi on his first flight, then Dehounek, then Troiano, then me, then Vigliani and Biagi.

ROMA, June 25.—(AP) Nobile, commander of the dirigible Italia and one of the five men still stranded off Northeast land, has been rescued.

KING'S LAY, Spitzbergen, June 25.—(AP)—General Umberto Nobile today was aboard the base ship Citta di Milano at Virgo Bay, recovering from injuries received when the dirigible Italia crashed on the polar ice on May 25. He suffered a fractured shin and a contusion to his back.

General Noble, "lost" in the Arctic regions, on an ice floe, slowly melting, would have resigned himself to death a few years ago. Now he gets his second installment of food supplies through the air. And an Italian, Major Maddalena, who brings the food, flies low and takes moving pictures of Noble and his crew, including Noble's small dog, very playful on the ice.

The next achievement, it is hoped, will be Noble's rescue. Captain Thornberg, Swedish flier, will land a plane on Noble's ice floe to take him and his companions to safety.

A loan to Cuba, our near neighbor and good friend, is a good loan and safe.

COOLIDGE AT VACATION CHURCH

Views of President Calvin Coolidge as he attended the little Congregational church at Bruc, Wis., near the summer White House, for the first time since he and Mrs. Coolidge arrived for his vacation. Top photo shows, left to right, the Rev. John Taylor, 69-year-old blind pastor, who preached the sermon; President Coolidge, and Dr. R. Ernst Bayes, visiting pastor from Superior, Wis. Photo below shows the president entering the church for the service.

OREGON BOURBONS ASK MILLER TO RELEASE THEM

(By M. E. Barker, Associated Press Staff Writer) HOUSTON, Texas, June 25.—(AP)—Dan J. Fry of Salem, was elected chairman of the Oregon delegation to the democratic national convention at a conference of the delegates here this afternoon. Unanimous election followed announcement by John J. Manning, Portland, that he was not a candidate for the chairmanship and never had been.

Eight of ten delegates drafted and signed a telegram to Milton A. Miller of Portland, Oregon's primary choice for vice-president, requesting him to release them from obligation to cast their ballots for him in order to permit the Oregon delegates to line up for the candidacy selected as choice of the presidential nominee and of party leaders.

Joseph K. Carson of Portland, who had promised Miller to present his name to the convention, and Ashby C. Dickson of Portland, who promised to second the nomination, refused to sign the telegram asking Miller to withdraw, and instead planned to send him one saying they were standing by their promise and asking further instructions from him.

PORTLAND, Ore., June 25.—(AP)—United States Senator Charles McNary arrived here today with Mrs. McNary from Washington and left for their farm near Salem, where they will spend the summer. He said the republican party acted wisely and well when it nominated Herbert Hoover for president and Charles Curtis for vice president. He said that for farmers would find in Hoover a sympathetic friend.

Discussing federal aid extended to activities in Oregon, Senator McNary stated that the appropriations would total more than \$15,000,000 for the next fiscal year, beginning July 1.

REED TAKES DRY STAND FOR FIGHT

Missouri Senator Springs a Surprise at Houston by Declaring Prohibition Law Will and Should Stand—Dry Forces Take Courage—Reed Declares Honesty in Govt. Is Chief Issue.

HOUSTON, Texas, June 25.—(AP) Representatives of 31 national dry organizations today drafted a plank for submission to the resolutions committee of the democratic convention calling for the nomination of candidates openly committed to the positive enforcement of the eighteenth amendment and its supporting laws.

By FRANCIS M. STEPHENSON, Associated Press Staff Writer HOUSTON, Texas, June 25.—(AP)—Heardened by the prohibition pronouncement of Senator Reed of Missouri, the anti-Smith forces were feverishly rounding up their troops today after perfecting an organization at a series of secret strategy conferences.

Earlier in the night the prohibition forces banded with a statement that the 18th amendment will stand until and unless the moral forces of the nation become convinced there is some better way of dealing with the liquor problem.

CONFERENCE, Popper, who has been quietly conferring with many factions since Friday, made the following announcement: "The elements of the necessity of saving the democratic party from nullification of the 18th amendment and from Tammany control of the federal government are in agreement upon the course of procedure to be followed in the fight."

PORTLAND, Ore., June 25.—(AP)—E. H. East and Emory Davis, war veterans, charged with trespass on the Virginia national forest, advanced the defense, through their attorney in federal court today, that they have been prospecting for quartz. Albert Abraham of Roseburg appeared in court as their attorney. When in court last year the veterans contended that the land they have occupied in the national forest was suitable for agriculture, contrary to reports of the government forest service that the land was a desert and unfit for settlement.

ALBANY, N. Y., June 25.—(AP)—Governor Smith allowed politics and the Houston democratic convention to slip into the background of his interest today while he turned his attention to the graduation of his youngest son, Walter, from high school.

HERMIT WHO PUZZLED, IS LIFE WORTH WHILE, DRINKS FATAL POTION

LA GRANDE, Ore., June 25.—(AP)—George W. Nash, who lived a secluded life in a cabin at the foot of Mount Emily, was found dead this morning by Chris Miller of La Grande, who went to his place to inquire about sawberries. An empty cup and a strychnine bottle were near by. A note saying, "It has been a great study with me for many years if this life was worth the trouble. I have decided it is not, and tonight I will quit living, June 24 or 25," was found by the discoverer.

HOUSTON, Texas, June 25.—(AP) Meeting of 31 national dry organizations today drafted a plank for submission to the resolutions committee of the democratic convention calling for the nomination of candidates openly committed to the positive enforcement of the eighteenth amendment and its supporting laws.

AGE LONG HOPE OF MAN TO END WARS IS NEAR

Drafts of Universal Peace Treaty Sent All Nations—America Ready to Sign and Secretary Kellogg Expects Europe to Sign Promptly.

WASHINGTON, June 25.—(AP) Drafts of a treaty which Secretary Kellogg is confident will "bring mankind's age-long aspirations for universal peace nearer to practical fulfillment than ever before in the history of the world" today awaited action at the capitals of foreign nations.

Growing favor for the proposal of the French foreign minister, Aristide Briand, that France and the United States join in a compact renouncing and outlawing war between each other, the drafts were delivered Saturday to the governments of Australia, Belgium, Canada, Czechoslovakia, France, Greece, Great Britain, India, the Irish Free State, Italy, Japan, New Zealand, Poland and South Africa.

Under the proposed treaty, the text of which was made public yesterday, the signatory nations would "solemnly declare . . . that they renounce it as an instrument of national policy in their relations with one another."

HOUSTON, Texas, June 25.—(AP) Convening at noon tomorrow, the democratic national convention after the making of various committees has been announced, will recess until 7 p. m. central standard time. Shortly after that hour Claude G. Bowers as temporary chairman, will deliver his keynote address.

HOUSTON, Texas, June 25.—(AP) The commanding position of Alfred E. Smith in democratic councils became so apparent as assembling delegates compared notes today that the old familiar call of the band wagon sounded in the streets of Houston, even a day ahead of the opening of the national convention.

CHICAGO, Ill., June 25.—(AP)—A family of five was found dead today in their west side apartment, where they apparently had been asphyxiated by gas escaping from a hot water heater. The dead: Joseph Noel, 45; his wife, Iowa, 40; their three children, Iowa, 15; Genevieve, 6, and Joseph, 5.

PORTLAND, Ore., June 25.—(AP)—For the third time in as many months, safe crackers entered the Richfield Oil company office at Linton early today. The safe work was, evidently frightened by an alarm, but left before they had punched their way through the inner door.
