

### ROTARIANS ARE SHOWN VIEWS OF LOCAL AIR FIELD

An enthusiastic and informal meeting of Rotarians today noon included a musical program consisting of club songs and two violin solos by Carl Moulden, who sings over KMED, and accompanied at the piano by Sterling Rothermel, Rialto theatre organist.

Moving pictures of Medford's airport showing landing and flights of big planes which have visited here during the year were shown by Horace Bromley. The committee in charge today had planned to have pictures of the recent Indian marathon race.

The airplane pictures were used to stress the importance of Medford as a popular landing place for big planes. It was pointed out that the large number of ships which have come here during the last few months indicates the big increase in air traffic, and the necessity of an adequate airport in this city.

Other scenes of interest included slides of the 1928 county fair. It was announced that plans are under way to make the fair this fall bigger and better than ever before.

Ashland Rotarians present at the luncheon included Jim Hopper and H. G. Mills. A new member introduced today was Sterling Rothermel, who was presented with the framed code of ethics.

A letter from Emil Mohr mailed from Hotel Pennsylvania, New York City, June 21, stating that he had recently attended a big Rotary meeting at the Waldorf Astoria hotel and expected to be present at several more across the pond before long, was read by Secretary Ed Shockley.

The next meeting of Rotarians, July 3, will be in charge of the new board of directors—Jack Carle, Charles Clay, Ed Shockley, Frank Newman, Al Hayden, Bill Bolger and Horace Bromley.

### BABY CLINICS HELD IN RURAL DISTRICTS

Three members of the Medford Health unit, Mrs. Lydia King, Miss Augusta Glover and Dr. L. D. Inskeep, returned this week from Portland, where they attended three conventions, the National Tuberculosis association, City and County Health Officers of Oregon, State Nurses' association and the western branch of American Public Health association.

Yesterday they held a baby and pre-school clinic at Gold Hill, with Miss Florence York, home demonstration agent, assisting with problems relating to diet. Of the 15 children few were found to be seriously defective in any way.

Health clinics for the remainder of the week include one at Talent on Thursday, June 28, and another in the Table Rock district Friday.

Showers predicted. Unsettled tonight and Wednesday; probably showers in the north portion; mild temperature; northwesterly winds.

### JUDGE THOMAS IS AFFIRMED BY SUPREME COURT

Opinions handed down today by the supreme court concerned but one Jackson county case—the First National Bank of Cottage Grove against Hazel Pennington, in which a decision by Circuit Judge C. M. Thomas was upheld. The bank was suing for the collection of a promissory note for \$250 and fees amounting to \$82.50. Judge Thomas handed down a decision awarding the defendant costs amounting to about \$13 and decided against the bank.

The defendant was represented by Attorneys O. C. Boggs and J. F. Flickel, and the bank by Attorney W. E. Phipps. The defense filed a brief in which it held that, inasmuch as the defendant had been adjudged a bankrupt in the federal court for the southern California district after the suit was filed, there was no basis for a suit to recover, and the lower court held the contention valid. An appeal was filed in the supreme court, and the lower court was sustained.

### NEW AUTO PARKING FOR HOTEL MEDFORD

A big improvement in the matter of convenience for guests is being installed by the Hotel Medford. Harry Hutton, lessee and manager is having the large vacant lot immediately adjoining the hotel on the west, and which is a part of the hotel property, converted into a big parking place for the sole use of hotel guests.

The big bill boards which for several years had extended across the front of the lot on West Main street have been rearranged at the sides of the lot, the surface of the 60 by 100 foot lot is being graded and sanded, and on the west hotel wall a big light will illuminate the lot all night. Entrance to the parking place will be from the alley back of the hotel. Hundreds of cars can be parked in the lot.

### Obituary

FELCH—Mrs. Jane C. Felch who passed away at the home of her sister Emma Wheldon of 424 King street, June 25th at the age of 84 years, had been a resident of Medford for a number of years. Besides Mrs. Wheldon, she is survived by a daughter, Mrs. Ebbie Snow of Mt. Vernon, Wash.; and two sisters, Mrs. Jessie Sherman, Superior, Wis., and Mrs. O. W. Newton of Oakville, Washington. The remains are at the Conger funeral parlors where funeral arrangements are being made.

HAUGHAM—Arnon Haugham, age 85 years, passed away very suddenly near Phoenix, June 26th. The remains are at the Conger funeral parlors where funeral arrangements will be announced later.

### TURNING WATER OUT OF DITCHES CAUSES ALARM, GRANTS PASS

When the water was turned out of the ditches of the Grants Pass irrigation district today, it gave rise to rumors that the dam had been dynamited. Officials of the district found it necessary to turn off the water and lower the lake behind the dam so they could build up the two gates taken out by the high water of 1927. Too much water was escaping and the level could not be held in the gravity canal. The water will be turned back into the ditches some time tomorrow, it was stated. Some people, seeing the water coming through the flood gates at the dam, thought the water had undermined the dam and reports were spread to that effect. Nothing in the matter with the dam. In turning out the water, no provision had been made for the salmon and steelheads in the pool on the south side of the river, and a large number of them were stranded.—Grants Pass Courier.

### REDWOOD MARATHON MOVIES ARRIVE HERE

Pictures of the finish of the Indian marathon, which took place in Grants Pass last Thursday, were received here this afternoon by the Copco advertising department. These films include some good footage of the last few miles of the race and show the victor, Flying Cloud, as he sprinted up the main street of the city in a sensational finish. The awarding of the \$5000 cash prize in the form of a bucket of gold and silver coins and other interesting scenes at the finish line were also taken by H. L. Bromley, local cameraman for the Copco Current Events newsreel.

### LESTER ADAMS WILL PLAY GOLF FRIDAY

PORTLAND, Ore., June 26.—(Special.) Just as Caroline Andrews returns to the old home town as an opera star, I return as a golfer, and if the handicap is intriguing I shall enter the newspaper play there Friday. Really should be on the ground a few hours before to warm up, but present schedule will see me there at teeing off time.

LESTER ADAMS, Managing Editor The Telegram, Lester Adams is a former Medford newspaper man, the son of former police chief and Mrs. Charles Adams.

Mrs. Barrymore Nued LOS ANGELES, June 26.—(Special.) Mrs. Irene Barrymore, wife of Lionel Barrymore, motion picture actor, was made defendant in a suit for \$3,941,452.29 filed in federal court here today as a continuation of a mortgage foreclosure action started against her in New York in 1927.

### DR. F. G. THAYER RETURNS AFTER LONG ABSENCE

There has been much commotion under the surface of Rogue river. Had been broken and Professor Behounek, Czechoslovakian meteorologist who also had been injured.

The planes landed near Hilsen strait where they renewed their gasoline supply from stores established there and then proceeded direct to the camp by wire-

less, since it had been found on previous flights that it would be impossible to see the camp by visual directions only were used.

From the air Lieutenant Lundborg discovered a landing place on the ice plain measuring 200 yards by 200 yards and on this plain made a skiff landing close to the little red tent in which the Noble party had been living for the past month.

The lieutenant spent one hour on the ice. Noble embraced him and then took leave of his five companions with whom he had shared thirty days of privation and hardship. Meanwhile the other two Swedish machines circled over the camp. General Noble was deeply touched and wept when he had to leave his companions.

After the month on the ice the general had a long, black beard and his cheeks were hollow, while the two marooned men had succeeded in shooting several bears for provisions.

(The above dispatch contains no mention of the reported rescue of Natali Cecconi, the Itala's motor chief. No confirmation of this rescue has been received.)

ROME, June 26.—(AP) Yesterday's report that Natali Cecconi, motor chief of the dirigible Itala, had been rescued from the Nobile camp off Northeast land now appears to be unfounded.

No confirmation of the report could be obtained from Spitzbergen and it appeared that an error in transmission of a message was responsible for the erroneous information.

RESCUE DOUBTFUL (Continued from Page One.)

During the flight to the Nobile camp the Swedish aviators observed a dog team headed in its direction. The plane circled over the party and learned that the Malmgren group was not there. While circling over the Nobile camp, the fliers observed a great number of tracks also indicating

that there were bears in the neighborhood and later they learned that the marooned men had succeeded in shooting several bears for provisions.
