FLY-TOX PRO-

TECTION NEEDED

Thirty Different Diseases Are
Transmitted by Piles.
Flies are the filthiest insect
known. They deposit germs in
three ways. By contact, vomit
spots and excreta. They taint
everything they touch. Fly-Tox
kills flies. It is safe, stainless,
fraurant, sure. Simple instructions
on each bottle (blue label) for killing ALI, household insects. Insist
on Fly-Tox. Fly-Tox is the scientific insecticide developed at Melion Institute of industrial Research
by Rex Fellowship. Fly-Tox by trings
health, comfort and cleanliness.

Final Notice!

On December 2 we issued Certificates in our Slogan Contest, having a value of 10 per cent of any one pur-chase you wish to make at our store. These certificates are good until July 1, or Sat-

urday this week. If you will deposit these with us this week we will let you make your selection at a later date. No certificates will be hon-ored if presented in the store
