## FAIR WEATHER IS PREDICTION FOR TRIP OF SCRIBES

After having enjoyed delightfully fair weather for weeks past, it was tough luck for Medford to have rainy weather come last night, and cloudy and threatening weather today, when the city was host to the Oregon Editorial association with many newspaper people here from all sections of the state, en route for the association's doings at Crater Lake tomorrow and Sunday.

only .03 of an inch, but, while was raining and threatening here and in the valley yesterday, stormy conditions prevailed at Crater Lake and Diamond Lake, with much rain and snow, cold temperature and general disagreeable conditions. However, fair weather is forecasted for tonight and tomorrow, with rising temperature tomorrow, and the same conditions will probably prevail in the Crater Lake Diamond Lake region. It was 39 cold at Diamond Lake yesterday afternoon and evening that a number of Medford visitors there came home last night. The maximum temperature yesterday was 73 degrees and this morning's minimum was 54.

Regular dances, Eagle Point, Sat. 100

WALLOWA—Home Independent company taken over by West Coast Telephone company.
