ALL-DAY SERVICE AT REESE CREEK WELL ATTENDED

REESE CREEK, June 28.—The all-day meeting last Sunday was quite well attended. There were 88 for Sunday school. The children's day program was immediately after the Sunday school. It was as follows: Song, "Sunbeam"—Cermelita Dennis and Beulah Waddell; recitation, "My Mission"—Mrs. Maynard; the Children's Day greetings — James Engberg; song, "Scatter Kind Words by the Way"—Mrs. Davidson and Mrs. Pullen; Bible reading by Edison Crandall, Matt. 19:13-15: "Then were there brought unto Him little children, that He should put His hands on them, and pray; and the disciples rebuked them. But Jesus said, 'Suffer little children and forbid them not to come unto me, for of such is the kingdom of heaven.' And He laid His hands on them, and departed thence." "The Floral Cross," an exercise by the Busy Bee class; "The World's Bible"—Maurice Jack; "God Is Love," an exercise by the Little Workers class; "The Best You Have"—Frank Breakes; reading by Mrs. Cingade; "Rainbow Children," an exercise by the Sunshine class; song by Carmelita Dennis and Beulah Waddell; "The Strayed Lamb"—Charles Cummons; song, "The Sweet Story of Old," by the Sunshine class. During the noon hour the table was set out under the trees, and all partook of the good things to eat. After the social hour at noon, all gathered in the schoolhouse for a song service Richardson of Central Point led by Rev. John Stille. Mrs. Strohmeier and Miss Dortis Richardson of Central Point gave three selections. Rev. D. D. Randall preached a short sermon, taking for his text, "God hath spoken once, twice have I heard this; that power belongeth unto God," Psalms 62-11. People are looking for power, they will sacrifice most anything for power, educational power, and so on, but the greatest thing is the power of God, spiritual power. The word of God is true. Know the book. There is power in the blood. There is no soul so black, so low in sin but there is power in the blood to cleanse and make whiter than snow. There is power in prayer, "For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strongholds." II. Cor. 10:4.

Little Pauline Robertson had quite a painful foot last Saturday, but it is better at present.

EAGLE POINT ITEMS

Mr. and Mrs. Florey and Mrs. E. Stowell, returned from Portland this week after several days spent in the city conferring with doctors. The Florey's car was crowded from the roadway while making a detour and turned over. The car was but slightly damaged and the occupants all escaped injury of any serious nature.

Mrs. Morgan returned to her home in Eagle Point Monday after spending a week at the Health Unit convention in Portland and some time visiting with her son in that vicinity. Mrs. Morgan reports a very enjoyable, profitable meeting.

The Noted Dead

PHOENIX BUYS CHEMICAL FOR FIRE FIGHTING

My Mrs. Mary O. Carey

EDEN VALLEY, June 28.—The town of Phoenix recently purchased a new fire truck. It has two big chemical tanks and 900 feet of four-inch hose, with ladders attached to the side, with axe and necessary tools. The boys have had a number of practices in the evenings about town. Everyone seems very enthusiastic about the investment. The chemicals make it possible for the firemen to put out a fire in the country or beyond the water mains. Harry Reames is fire chief and is almost always in the city, so if fire should break out the city folks feel they have the right man in the right place.

C. W. Holdridge has about finished picking his crop of cherries. The crop was a light one for that orchard. The rainy weather kept the blossoms from pollenizing. He has had a ready sale for the fine fruit.

Jack Allen this week bought his wife a new Buick car and she is going to drive it to Portland, where she will attend the Apostolic Faith camp meeting for three weeks. Mrs. Allen is a good driver and will make the trip with a great deal of pleasure.

Mr. Dopp of Phoenix is in Medford, where he has the contract for the new bungalow for Mrs. Neil Franklin. The house is being built on one of the lots on South King street.

Several of the North Talent residents have had a streak of bad luck with their rabbits lately. First dogs got into three of the different hutches and killed as high as 10 does in a hutch. Now rats are catching the litters of young in the Withrow yards.

Harry Morrison of Nort Talent will start his threshing machine next Tuesday on the big ranch he has rented east of Talent. This is at least three weeks earlier than last year. Mr. Morrison has about all of the work in this vicinity and he is running his big binder almost day and night now in order to keep up with his engagements.

Kenneth Barneburg left last week for Portland, where he will spend a month sightseeing and visiting with friends and relatives. He writes home he is having a great time.

J. H. Jack of Portland, who is representing a tractor company of that city, has been out in the garden belt demonstrating the machine. He was at the Earl Briscoe place one evening last week and many witnessed for the first time a motor garden cultivator at work.

Fred Furry and Ed Hamlin were vaccinating their cattle Wednesday and drove them to the Dead Indian range Thursday of this week.

Mrs. S. P. Barneburg and her friend, Mrs. Hunt, spent last Saturday visiting Mrs. Lindsay out on the Dead Indian road. Mrs. Hunt returned to the home of her daughter in Ashland when they came back.

Jas. O. Naylor of Ashland now has the Rawley medical route south of Phoenix that formerly was covered by A. H. Dougherty of Medford. We will miss Mr. Dougherty's genial calls.

Mrs. Ella Dodge and her daughter, Mrs. E. G. Dow of Medford, left last Tuesday for their old home at Cabot, Vt. They will visit Mrs. Dow's birthplace, Greenville, and will visit in Iowa and many of the eastern cities.

Fran Evans of North Talent purchased a binder this week and intends to do his own and some outside binding.

The fine raspberries grown by Lloyd Colver are yielding a heavy crop and are all going fast. There is no better market than the one on the Pacific highway.

Bert High and wife and daughter, Helen, and Mr. Blankenship and Miss Blankenship went to Crater Lake last Wednesday evening to spend the night.

R. E. Dale visited with his daughter, Sadie, at the home of Mr. and Mrs. Will High of Talent last Tuesday night.

BROWNSBORO BITS

Several members of our Sunday school attended the all-day service at Reese Creek last Sunday. As so many were away the Brownsboro Sunday school was closed, but will be held as usual next Sunday afternoon at 2 o'clock.

Miss Eunice Turnbow will spend the summer at the home of Mrs. Lee Bradshaw.

Mrs. Lottie Bressie of Oakland is visiting at the home of W. Gibson.

George Hansen was a business visitor in Medford last Saturday. He has been taking orders for his loganberries which are now ready for picking.

R. Tucker and Harry Amming spent the week end fishing at Diamond Lake. They were very successful, bringing home the limit.

LA GRANDE.—Highways in Umatilla county being oiled.

SAMS V. GRANGE PLANS FOURTH OF JULY MEETING

SAMS VALLEY, June 28.—The Sams Valley Grange is sponsoring a big Fourth of July picnic to be held on Rogue river just back of the Mealon ranch. The committee is working hard to make the picnic a success and extend a cordial invitation to all farmers and friends to bring their baskets and help enjoy the day.

Mr. and Mrs. Richard B. Ober and son Rice of Long Beach, Calif. spent the week end as guests of the W. W. Edington family. Mrs. Ober is a niece of Mr. Edington and the party were on their way to Portland and Seattle, having sold out business interests in California.

Mr. and Mrs. Otis Hedge who have spent a week with Mrs. Hedge's sister-in-law, Mrs. John Bigham left Sunday for their home in San Francisco.

On recent word of the serious illness of his mother, John Hall left Friday for Marion, where his mother had previously gone for the benefit of her health. On later word John's sister Ruth followed him and from the last report Mrs. Hall was no better.

Geo. McDonough and Adam Emig are the first farmers to commence the harvesting of grain in this community.

Arthur and Frank Straus, James McDonough and John Wilson, teh boys who enjoyed a several days outing at Diamond Lake returned Tuesday evening with plenty of fish and reports of a jolly good time.

Mr. Boles and son of the Talent district were in our district Sunday looking up the Nealon-Wilson threshing outfit. He reports that much of the grain in his district is now ready to thresh. O. T. Wilson and J. L. Nealon expect to start their machine out immediately after the Fourth of July.

Sunday visitors at W. W. Edington's were Mr. and Mrs. James Kneeland of Table Rock and Mr. and Mrs. Ben Edington and son Virgil of Kirk. The Edington's are residing at Kirk while Virgil and his father are employed in the government timber.

Mrs. Bertha Wyatt and family are moving this week to Medford where she is to run a restaurant connected with a rooming house.

Cleve Wilson and three sons Jack, Bill and Jim of Williams visited friends and relatives here Tuesday.

Owing to the former manager of the Farm Bureau leaving no notification at the office of the Grange order for salt considerable inconvenience has been expegienced by the new manager. However, an attempt is being made to correct the error and it is hoped the grangers will get satisfactory results. Our new manager, Mr. Parker, is a former Granger of eastern Washington and a conscientious friend of the farmer.

Mrs. Frank Fitzgerald and daughters Misses Frances and Wilma are spending several days as house guests of Medford relatives this week.
