

OREGON EDITORS LEAVE FOR LAKE AFTER BANQUET

Following their visit here yesterday and the dinner tendered them last night by the Medford chamber of Commerce, after which they enjoyed the park band concert, the Caroline Andrews concert, the wrestling match, according to choice, and some of the menfolk endeavored to take in each the members of the Oregon Editors' association began striking up for Crater Lake.

The majority of the editors and their families will reach Crater Lake today, as many were unable for various reasons to arrive in Medford yesterday, but are en route from all parts of the state to the national park.

That the newspaper folk are out for a holiday is shown by the fact that the large contingent spending yesterday in Medford already were having such a good time, and anticipating three days more of it, that at the banquet last night, when E. W. Price, general manager and vice president of the Crater Lake National Park company, who is responsible for the gathering at the lake, was introduced, he met with an ovation of applause.

The dinner was a very pleasant affair, last evening, held at the Hotel Medford, with Carl Swartz, business manager of the Medford Daily News, presiding as toastmaster, and T. C. Baker giving the address of welcome in place of John C. Mann, president of the chamber of commerce, unable to be present because of sickness in his home.

Hal Hess, another well-known Oregon editor, who is the nominee for secretary of state on the republican ticket, took occasion to thank the editors of the state for their wholehearted support of his candidacy during the campaign.

Hornes Bromley invited the newspaper folks to attend the Legion state convention here in August.

The most humor was brought out in the awarding of the golf prizes won at the tournament during the afternoon. Vernon H. Vawter, chairman of the local editors' golf tournament committee, presented prizes to the following:

Lowest net score, silver cup from Crater Lake Park company, L. B. Garrett of Linotype News, Portland.

Highest net score, golf balls from Lamport's, George Colberg, T. O. of O. publicity man.

Highest score on blind hole, won by A. B. Bowen of Mercantile company, Portland. 12 on No. 6; golf honor from Tom.

Highest gross score, book, "How to Play Golf," from Medford Book store, won by George Turnbull of the T. O. school of journalism.

The program of the sessions at Crater Lake will include papers and addresses by: R. W. Sawyer of the Bend Bulletin; Dr. Timothy Tingfong, Lew. Chinese educator; Dean Jewell, Oregon state college; Earl R. Liffin, The Dalles Chronicle; Dr. M. Lytle Spencer, president of the University of Washington; Harry Crane, the Salem Capital-Journal; Harry Ellsworth, field manager of the Oregon State Editorial association; and Karl Kunsman, advertising specialist in Eugene.

Colleen Moore at Craterian Sunday

In a picture decidedly different from anything in which she has appeared in the past, Colleen Moore, winsome star, comes to Hunt's Craterian theatre tomorrow in her latest starring picture, "Happiness Ahead."

Although this production provides her with every opportunity to display her excellent flair for comedy, Miss Moore will also be seen in moments of deep drama, in which she is said to have proven an unusually capable actress.

"Happiness Ahead" is the story of a little girl who marries a city card-sharp, believing him to be an entirely honest young business man. The manner in which she discovers the truth, and the subsequent action of the principal characters, gives "Happiness Ahead" a plot which is unique in the current. Edmund Lee plays the chief supporting role in "Happiness Ahead."

Other big features on the bill starting tomorrow are two new acts of Vitaphone vaudeville and the Montone news reel.

H. D. NORTON SAYS WILL RUN, HAS NO APOLOGY TO MAKE

According to an announcement from Salem and Grants Pass, Harry D. Norton of Grants Pass, democratic nominee for circuit judge for this district, has filed his acceptance of the nomination for the office of state judge and will oppose Judge C. M. Thomas of this city in the November election.

Attorney Norton, since his primary nomination has been decided, and a week ago the Jackson County Democratic central committee in a session in this city here adopted a resolution, urging Norton to enter the lists. The Jackson democrats will hold another meeting in a few days, to name a candidate to take the place of Hiram Meador, who withdrew after his nomination for county clerkship. They will at the same time make appointments to fill vacancies in the precinct committee list.

The absence of Attorney Norton, who is well known in Jackson and Josephine counties, about formally entering the race, is attributed to the fact that he has been attending with other attorneys of this judicial district, an especially strong endorsement of Judge Thomas.

The following letter to the Jackson County Democratic Central committee was written yesterday by H. D. Norton of Grants Pass, Ore.

June 29, 1928. Jackson County Democratic Central Committee. Gentlemen: I take this method of acknowledging delivery of your recent resolution regarding my acceptance of the nomination for circuit judge of Oregon, tendered me at the recent primary election.

I desire to express my appreciation of the very kindly sentiments expressed in your resolution.

I desire also, that you should know that it has not been my desire or intention to decline the nomination. I did, however, consider it inappropriate to make any public announcement of my acceptance until the completion of the official canvass, and the issuance of a formal certificate of nomination by the secretary of state.

The certificate of nomination was mailed to me from Salem on June 24, 1928, and by me thereafter received through the mail, after which my formal acceptance of the nomination to the secretary of state on June 28th, 1928.

It is my desire to take this opportunity of expressing to the democratic voters of the First judicial district, my appreciation of the honor they have conferred upon me, and I fully appreciate the compliment accorded me by those voters who wrote in my name on the republican primary ballot.

May I be permitted at this time to state that I have no apology to offer for having recommended the candidacy of another person for the office at the republican primary. At that time there was no candidate in the field for the democratic nomination from Jackson county, and I had no knowledge that any sentiment there was crystallizing in favor of my nomination, and I have accepted the nomination for the reason that I have no inclination to create any reasonable public duty in the line of my profession, and I do not hesitate to give to the public the benefit of my experience or knowledge that may have resulted from thirty years of practice in this district.

It is my firm conviction that the judicial office should be kept as far as possible from the influence of political practices with the resulting domination of political considerations.

Should the coming election result in my selection as judge of this district, it will be my endeavor to see that I am administered and enforced in the spirit in which they are written and declared, regardless of persons or of political consequences.

Very respectfully yours, H. D. NORTON.

LOCAL BOOTBLACK IS A LUCKY FISHERMAN

"Just about every day I go fishing. Yes," it was "Peter" Toston, the bootblack speaking, and he polished the reporter's shoes he informed her that where he fishes is not for publication.

Early Friday morning Pete and George Corum went out on the Rogue river and landed seven fish. One of the salmon weighed 22 pounds and the other 25. Besides these they caught five and sized steelheads. Spinner hooks were used by the men who said that their good luck yesterday was due to the cloudy weather and rain.

SUNCREST ORCHARDS LOSES \$608 ACTION

A judgment was handed down today by Judge C. M. Thomas awarding Frank Zucca a \$608.99 and costs in his suit against the Suncrest Orchards, Inc. The action was heard by the court the first of the week, and was based upon the claim that the Suncrest Orchard in 1924 purchased 111,000 pounds of apples at 11¢ per pound from Robert Kyle, who later assigned the sale to Zucca.

HOTEL MEN AT K. C. PIRATES, DECLARES DELEGATE COOK

"Jose James left a lot of descendants in Missouri," declares Floyd Cook, who arrived at the Imperial yesterday from being a delegate to Kansas City. "The hotel men only needed a mask and a horse to make the resemblance complete, they were such holdup men. Prices for everything were sky-high. Seventy-five cents for a small bottle of White Rock mineral water is a sample. They not only charged \$10 a day for a \$2 room, but they charged for days when the room was not occupied, charging for six days when the contract was for five."

Tommy Swivel, who was there, checked out but had paid for his room, and gave me the key. It was hot in the room I shared with Fred Kiddle, so I went to occupy Swivel's room to get a good sleep. I unlocked the door and walked in, snapped on the lights and there were a man and his wife in bed. Believe me I apologized and beat it downstairs and told the management what I thought. The management then rushed by another room for me and twice during the night strange men walked in and tried to rouse me out of the room, because they had been allotted out of rooms for which they had paid and which someone else was occupying. The people of the town were fine and hospitable, but those hotel men were nothing less than robbers. And I express the opinion of all the delegates when I say that."

"The Oregonian." Floyd Cook returned to Medford today.

THOUSANDS SIGN FISH PROTECTION INITIATIVE BILL

This is the final day for the filing of petitions on the fish protection measures, and up to noon 428 signatures of local voters on the petitions had been collected with a half dozen more petitions to be turned in. The petitions are to conserve the waters of the Lompam, Rogue, Deschutes and McKenzie rivers "for the people of the state of Oregon" from power utility development until the industrial development justifies more power development.

The petition providing for the establishment of the cabinet form of government in this state was turned in to the clerk's office this morning and contains about 800 names.

The clerk's office is rushing the checking of the names on the fish protection measures, as they must be delivered to the secretary of state's office not later than next Monday noon.

NOVEL DISPLAY OF DODGE MOTOR

Considerable interest is being aroused locally by the novel display in the windows of Eskin Motor company, Medford Dodge Brothers distributors. This display shows, in a novel way, the seven main bearings and four bearing shafts in the standard six Dodge Brothers car, made possible by elevating the front of the car, removing the bottom of the crankcase and swinging a mirror below the motor. A spotlight illuminates the display in the evening.

The new Dodge Brothers standard six has the same motor as the Victory six, according to Clyde Eskin of Eskin Motor company.

Florence Vidor in Picture at Rialto

Once again is Florence Vidor blossoming out as a comedienne of first water. Her latest starring vehicle, "The Magnificent Flirt," is coming to the Rialto Sunday.

"The Magnificent Flirt" presents the fascinating story of an out-and-out flirt, a resident of Paris, a lover of the gayeties and frivolities that mark high life in the French capital.

She becomes interested in a count, whose nephew is by the way, in love with her daughter. The count gets a false impression of Miss Vidor, and then things start to happen. He accuses her of betrayal and reckless living, hoping to build the story up to a dramatic climax, a climax which breaks out to be a hearty laugh.

MISSING WOMAN WAS MERE RELY ON A VISIT

Mrs. Charles Cox, whose absence yesterday from her accustomed haunts and occupation caused apprehension on the part of friends, and the instituting of a search, returned yesterday afternoon, upon learning she was sought. Mrs. Cox had gone to visit with a friend, without telling anyone, causing the alarm.

15 Per Ct. of State Taxes in Oregon Paid by Utilities

SALEM, Ore., June 30.—(AP)—Fifteen per cent of all the property taxes in Oregon are paid by public utilities, says a statement by Earl Fisher, state tax commissioner. In the last two years there has been an increase of \$2,900,000 in property taxes on utilities. State records show that at the end of 1927 the property valuation of utilities in this state was over \$200,000,000, an amount nearly equal to the local assessed property valuations in Multnomah county. Fisher said that about 16 cents of every dollar paid for light bills goes for property taxes. Fisher declared that he is against a fixed tax on the gross earnings of utilities which is proposed by several Oregon legislators.

ORMANDY SAYS TOURIST TRAVEL IS INCREASING

J. A. Ormandy, general traffic manager of the Southern Pacific in the city yesterday, says that the special tourist travel over the railroad and reservations, are the highest in years, and that a substantial increase in rail travel, from the east is noted. Tour travel by desert is unusually good by rail, and that many special tours will visit Crater Lake this summer.

"We attribute the increase," said Mr. Ormandy, "to our heavy advertising last winter in national magazines, in which we stressed the joys of the Northwest as a summer playground."

Mr. Ormandy, who is accompanied by Mrs. Ormandy, left this morning on state editors' trip to Crater Lake. It is Mrs. Ormandy's first visit to the Rogue River valley, and she was most favorably impressed.

Leo C. Gram, assistant superintendent of the Southern Pacific, with headquarters in Eugene, also accompanied the editorial party.

T. Ahearn of Sacramento, assistant general manager of the Southern Pacific, was a visitor in the city yesterday.
