WEED BEATEN IN FINE GAME; FANS PRAISE LOCALS

Medford defeated Weed, 10 to 6, yesterday at the fair grounds in a game that for six innings was all-right and worked with brilliant fielding and pitching. There was a good-sized crowd, but many fans were absent, not recovering from the personal loss of two defeats in a day. They missed a fine show.

In the fourth inning, Best, spring for Medford, was seen at bat by an unknown catcher of a hard-hit ball by Conlin, who ran a back and earned the point with a back-swing that made the audience yell. The next batter, Johnnie Logan, struck out after a hard run. Those two plays earned their salt by these two plays alone.

The Medford team kept getting men to third, but could not produce the hit that would let them register, as Oeschger was pitching strong, and nothing more than pie-looked flies were garnered. He was working in the sixth, and a couple of hits and an error brought in two runs. With the bases filled, he walked a man, and Johnnie Logan talked for the third run.

In the first of the seventh the Merchants woulded, but after letting them regain their composure, and while Wood got a man to think, they held him there.

The going was too tough for Oeschger, and he retired in favor of Valencia. The Merchants greeted him with five hits for five runs, including a mighty home run with two on by Conlin.

Two other high points by the locals were the fielding of Robie at short, who went out and captured a couple of Texas leaguers, and the whipping ofatcher Chesler for the first and only time this season, much to his disgust.

Cliff Best pitched good ball, walking two men and allowing but three hits until the ninth, when the visitors touched him for two hits. Markle pitched second, and while doing nothing in the field got four hits, one of them producing the first run.

The remaining was done from back of the pitchers, as Earl Davis went up, Williams creek, and nobody could find his working duds. This long-distance passing caused some annoyance to the pitchers and the batters, but on the whole, it was good.

The victory of Medford was truly to the soul of Manager Conlin, who has been trotting home at many defeats, and also bolstered up the spirits of the fans.

The Owen-Oregon team continued to Dunsmuir and put up a noble struggle to lose, 9 to 8, in 11 innings.
