The Blue Ledge district is 40 miles southwest of this city, and the mine itself rich in copper, was acquired by the Guggenheims from the estate of Charles H. Powell of Boston, Mass. The mine was operated twenty years ago, but operations were suspended because of the lack of transportation facilities.

Howard Wires, brother of the owner, who arrived in Medford recently from Dodge City, Kansas, to make his home here, will operate the new business. L. J. Epp, Jr., superintendent of construction. Another structure going up in the same block this month is Carol J. Parker's potato chip factory.

ROY W. MARTIN, E. D. MOORE and W. A. COOK, fellow workers of Holmstrom in the Palm buildings on North First street testified they had viewed the rejection card in April, 1928, and that it was signed by W. W. Palm, by Elmer Fehl and that Fehl had told them Palm had rejected the compensation act. A written rejection rejection card which the plaintiff contends was posted on the construction work was introduced as an exhibit.

Another fire scene, also in state limited land territory and which was also reported to the district fire warden's office and was sent out to fight at about 7 o'clock this morning on the former Chas. Brown ranch on the Cutler Lake highway, when a terminal was burning grass away near the buildings and the fire got away from him. The flames spread rapidly through the brush, weeds and grass before the fire was gotten under control. There was no structural damage.

Of absorbing interest to the Rogue River valley pear growers is the fact that news has been received here that the California Pear Growers Association has adopted the final prices for canners. Hattie, and that the canners now are buying liberally in that state, which is divided into two districts. No. 1 district taking in the Sacramento river territory and No. 2 district comprising the remainder of the state.

POISON OAK IF you use Anti-Prexol according to directions and are not entirely satisfied with results, your druggist will refund your money. That is our guarantee. Complete satisfaction.

YOUR MONEY RETURNED WITHOUT ARGUMENT The unusual success of Anti-Prexol in the treatment of skin irritations is due to the fact that it is an stimulant of inflammation. Poison oak and poison ivy are acute skin inflammations caused by contact with the poisonous oak or poison ivy vine. Eruptions appear in small blisters, accompanied by a swelling, redness and itching and burning. The first application of Anti-Prexol has usually brought almost instant relief, allaying the pain and reducing the inflammation.
