SKAGGS SAFEWAY STORES

Distribution Without Waste

Waste is a Thief!

It has been said that waste in distribution annually costs the people of the United States more than it costs to run the government. Those responsible for this statement undoubtedly had in mind "ordinary" methods of distribution. With Safeway it is different. This organization is dedicated to its motto "Distribution Without Waste" and most of our profits are made from what is wasted by old methods of distribution. This accounts for the greater values you always find at Safeway.

Some Values That Reflect No Waste

Pea Soup
Campbells. An extra offer to introduce this excellent variety. Buy two cans at 10c each and we will sell you the
Third can for **5c**

DAMAGE SUIT OF NASH HOTEL MAN NOW UNDER WAY

William House, a clerk, and Mrs. Zell, a maid, at the Nash hotel, testified this afternoon in the suit of William L. Miller, lessee of the pioneer hostelry, against J. H. Goswick and wife, for revocation of costs due to a decline in business experienced by the Nash after the Goswicks had opened the Grand hotel, formerly the Barnum apartments.

House testified that he had seen the register cards at the Grand hotel, and noted the names of six former customers of the Nash thereon. Miller, in his complaint, alleged that customers of the Nash were induced to move by the Goswicks.

House was subjected to a lively cross-examination by Attorney Gus Newbury. House admitted that local hotels experienced a decline in business after the city work and Copco construction work at Prospect last summer ceased.

Mrs. Zell corroborated the testimony of House.

W. L. Miller testified to the purchase of the Nash lease, and the negotiations before and after.

Hearing of the suit of William L. Miller, landlord of the Nash hotel, against the former operators, John Goswick and wife, for $1450 damages, cancellation of a note for $1450 held by the First National bank of this city, and costs of action, was begun today in the circuit before Judge A. R. Walker of McMinnville.

Miller alleges that he purchased the Nash hotel upon the representation of Goswick that his health was poor and he desired to sell the lease, furnishings and business, in order to be free to move to a dryer climate. The Nash business, Miller says, was worth $15,000, with a fair profit in return. A deal was completed whereby Miller purchased the lease for $10,450, paying 6000 down, leaving a balance of $1450 secured by a note held by the First National bank, and payable in monthly installments.

The plaintiff asserts that shortly after his purchase the Goswicks secured the Barnum apartments on Front street, changed the name, and that the business of the Nash, by reason of this competition, depreciated.

I. M. Gainor, a realtor, who took part in the sale negotiations, was the first witness.

The case is being heard in equity by Judge Walker.

REALTORS PROTEST PUBLIC OFFICIALS IN THEIR CRAFT

Thirteen members of the local Realty Board, despite the fact that this is Friday, the 13th, went on record at today's luncheon meeting as unanimously favoring a resolution that real real estate broker licenses should not be issued to men holding public office and receiving salaries therefrom.

This matter has caused a great deal of interest among the real estate dealers, who brought the question up for consideration not long ago at a meeting. A committee consisting of E. C. Corn, Ed White and Jonas Wold was appointed to present the proposition to the county court for action.

Several members of the board expressed willingness to give 5 per cent of their commissions on deals for a period of 60 days to an advertising fund to be used in conducting a campaign to put the merits of the Rogue River valley before the people of Oregon and neighboring states. Next Friday's meeting, July 20, will be devoted to further discussion of the proposed plan.

11-YEAR BOY IS WINNER LOCAL RIFLE CONTEST

Cullynn Ponary, age eleven years, residing with his parents on the Old Stage road won high honors at the shoot held at the rifle range yesterday under the auspices of the Medford Furniture and Hardware company and Ed H. Lamport, sports goods dealer. Ponary made a score of 94 out of a possible 100, and won the grand medal. He also made high score on the shoot.

Angus Todd won first in the senior section with a score of 88, and Norris (Junior) Porter second with a score of 87. Young Porter practiced a week before the meet. Billie Colvig won second in the junior division with a score of 91.

Seventy-two boys took part in the meet, using Remington .22 rifles and Peters cartridges.

Guy Peret, expert shot, after the meet gave exhibitions of fancy shooting.

30 MILES OF RIM ROAD OPEN; ALSO DIAMOND L. ROAD

CRATER LAKE PARK, July 13.—(Special.) Crater Lake's entire road system is now open except a two-mile stretch of the Rim road at the Watchman. The east, west and south entrance roads are in good condition and thirty-three miles of the Rim road is open, including the junction with the Diamond Lake road. Travel is thus also open to and from Diamond Lake. The last snowbound section of the Rim road will be broken through by July 15th, after which the entire park road system will be open to travel.

The park opened unusually early and is off to a record breaking season, there having been a total of 25,823 visitors by the evening of July 11th, as compared with 16,739 the same date last year. Visitors have come from all points of the compass, 36 states having been represented and such distant foreign countries as China, South Africa, Germany, and Australia. The Klamath entrance leads all other entrances, but the Medford entrance is slowly cutting down the lead in a neck and neck race.

The approach roads from Bend, Klamath Falls, and Medford are all in beautiful condition, fast, safe and dustless.

Thanks to some unusual rain that fell during the last days of June and the first days of July, there have been no forest fires and the park wild flowers and vegetation are unusually lush. The weather is cool and the air sparkling clear, a blessed relief from the summer heat of the lowlands.

IMPORTANT MEETING BOY SCOUT COUNCIL CALLED FOR TONIGHT

Members of the Crater Lake Boy Scout council will hold an important meeting tonight at the headquarters, beginning at 7:30 o'clock.

Reports of practically all outstanding committees will be given and complete plans for summer activities are to be discussed. Action will be taken on the adoption of the standard constitution and by-laws for the organization.

Formal recommendation that Ronald Kring, eagle scout, be considered as a candidate to accompany Commander Byrd on his proposed trip to the Antarctic in August will probably be made tonight, according to Scout Master William Lee Bricker.

The council is made up of the following men: M. N. Hogan, president; Larry Schade, commander; Lee Brown, R. G. Fowler, V. H. Vawter, F. L. Heath, H. Patton, A. Orinschenck, Rev. E. P. Lawrence, E. L. Cornwell, Col. W. H. Paine, Don Newbury, Roy Elliott, Dr. R. C. Mulholland, E. E. Carter, Wally Drew, Herbert Grey, Robert Taylor, Royal Bebb and R. H. Cadwallader.

MIKE WOMACK TAKES OVER MINE OPTION

Mike Womack, former resident, recently of California, yesterday took an option for $5000 for one year on a 40-acre Royal gold mining claim located in Section 1, Township 38, Range 3 West. The property is the southeast fourth of the northeast half of the Mac Demmer place.

The land lies on the end of the Sol Wayne vein, which has been traced to break over and sluff on the vein which fed Jackson creek where old timers took out millions of dollars worth of mineral from the placer mines, according to Mr. Womack.

Next Monday morning workmen will begin sinking a shaft at least 100 feet, then crosscut through the vein to determine the width and value of the ore deposits. This deal was made through the Reddy company, which was established this week.

BILLIARD EXPERT IS PRACTICING, BROWNS

The billiard enthusiasts of the city are eagerly watching the daily afternoon and evening three-cushion billiard exhibition games played with aspiring local players at Brown's by Gus Copulos, one of the nation's four leading cushion experts, who during the course of play, executes many difficult shots, and who is practicing for his three-cushion match next Tuesday in San Francisco with Jake Schaeffer, former world's balk line champion.

Mr. Copulos will probably leave Sunday by motor for San Francisco and will return to Medford following the match to resume with Mrs. Copulos his visit here with relatives.

Wall Street Report

By STANLEY W. PRENOSIL
Associated Press Financial Editor

NEW YORK, July 13.—(AP)—The stock market displayed a complete reversal of form today, selling off sharply at the opening on the raising of the New York federal reserve discount rate, and then rallying briskly in response to a lowering of call money rates. Trading showed a remarkable reduction in volume.

Dupont broke 5 points to 363 in the early morning trading and then rallied to 372. Wright Aeronautical dropped 4½ points to 136 and snapped back to 143¼. Radio fell 4 to 162½ and rebounded to 168 7-8. General Motors rallied from an early low of 181 5-8 to 187½ and Curtiss Aeroplane from 97¾ to 102 3-4.

Indian Refining preferred D rallied 10 points above yesterday's close, Texas & Pacific 7, National Tea 6, and Case Threshing, Allis Chalmers, General Electric, Davison Chemical, Montgomery Ward, Allied Chemical and Advance Rumley preferred sold 3 to 5 points higher.

The closing was strong. Competition to place funds over the week end caused a further reduction in the loaning rate for money to 6 per cent. Pools capitalized this development with another drive against the "shorts," during which the low-priced oils and local tractions benefited most. Indian Refining advanced 3 points and Brooklyn-Manhattan Transit nearly 5. Total sales approximated 1,900,000 shares.

Rumania Also Accepts

BUCHAREST, July 13.—(AP)—Acceptance of Secretary Kellogg's anti-war proposal was announced at a cabinet council today by the foreign minister, M. Titulescu. Acceptance is conditioned on the reservation that the obligations of Rumania toward the League of Nations shall not be interfered with.

Radio Program KMED

Mail Tribune-Virgin Station

Friday, July 13
P. M.—
8 to 9—Realty Board.
9 to 10—American Legion Frolic.

Saturday, July 14
A. M.—
10 to 11—People's Electric.
11 to 12—Beebe & Kindle Service Station.
12 to 12:30—Jim Grieve, Prospect, Ore.
P. M.—
12:30 to 1:30—Witham Music Company.
6:15—Medford Mail Tribune News and Market Reports.

An hour of snappy entertainment has been arranged on the weekly American Legion frolic program to be broadcast over KMED tonight between 9 and 10 o'clock.

Several guest artists including Mr. and Mrs. Ralph Stewart, who appeared in vocal concert at the frolic last week, will be featured.

Orchestra numbers by members of the local ex-soldiers and comedy sketches and stunts will make up a varied entertainment. According to the committee in charge, this week's performance will rival the previous ones. Earl Davis will announce, and a talk advertising the convention August 2, 3 and 4, is to be given by one of the frolickers.

The Dalles cherry crop is best ever harvested.

KLAMATH INDIAN IS QUICKLY FREED

PORTLAND, July 13.—(AP)—Five minutes after the jury had left the federal courtroom here late yesterday to determine the fate of Ted Jackson, Klamath Indian charged with assault with intent to kill, an acquittal was returned and the many tribesmen who came here to attend the trial climbed into their automobiles and left for the reservation.

Jackson was charged with beating his cousin, Jasper Jackson, during a prolonged drinking spree. The cousin died April 23, a few days after the alleged attack. Jackson took the witness stand in his defense and denied any trouble with his relative.

Air Movies Taken from "Aloha"

Air movies of Medford and the valley were taken from the Aloha yesterday by Horace Bromley, Copco cameraman, to be shown here soon by the Copco Current Events news-reel. Some good "close-ups" of Pilot Jensen and Mrs. Jensen as well as Fred Bowerman, 16 year old passenger and the dog were taken by Bromley after the flight. These films will be combined with other Copco pictures showing the history of the Medford air port since its inception.
