

### AL SMITH KEEPS CAMPAIGN PLANS ALL TO HIMSELF

ALBANY, N. Y., July 18.—(AP)—Governor Smith is keeping his plans for the immediate future to himself. He has not disclosed his program for the next few weeks, and so far as is known, he does not contemplate leaving Albany for any extended period before his official notification, probably about mid-August.

A date for notification ceremony and that of Senator Robinson will be fixed this week, after John J. Rankin, the new chairman of the national committee, has had opportunity to consult with his boss.

Rankin, after a week end at his summer home, planned to take on various phases of campaign arrangements in New York today with party leaders. Among them to be disposed of is selection of the members of the general advisory committee, headed by Senator Gerry of Rhode Island, the women committee of which Mrs. Nellie Taylor Ross of Wyoming is chairman, and the finance committee which will function under the direction of Herbert Lehman of New York. A decision also must be reached regarding regional headquarters.

Governor Smith is devoting much time here to transaction of state business. On his calendar today was a series of hearings on the appeal of a group of men in the death house at Sing-Sing for clemency.

### EMPTY CHAIR IS TRIBUTE PAID TO LOST EXPLORER

LOS ANGELES, July 18.—(AP)—An empty chair at a unique dinner served in Los Angeles last night carried out a wish expressed by Amundsen during the last visit here of the famous explorer, now lost in the Arctic.

On two sides of the table set for three sat Johnny Murphy, Los Angeles attorney, and Haakon H. Hammer, former companion explorer of Amundsen.

A chair draped with the Norwegian colors signified Amundsen's place of honor at the table. During his last visit to the Pacific coast the explorer told his two friends to hold a dinner commemorating his birthday, "regardless of what I am." He was born in Borge, Smaalenne, Norway, July 16, 1872.

Hammer, in a toast to Amundsen tonight, declared he believed the explorer was alive and would come safely through his last adventure upon which he was embarked when he joined in the search for the Noble party.

### VICTORIA AUTO FERRY STRANDED

SEATTLE, July 18.—(AP)—Carrying 144 passengers and 28 automobiles the ferry boat, City of Victoria, of the Edmonds-Victoria Ferry company, ran aground at Lagoon Point, Whistler island, just north of Seattle, in a heavy fog today, said a wireless message to the harbor radio.

The vessel was reported apparently undamaged. The message said that an effort would be made to refloat the ship at next high tide at 2 p. m.

The coast guard cutter Siskiwit and the tug Douglas, went to her assistance.

CHOCOLATE CREAM PIE DEVASTATES HENRY FORD PLANT

BOSTON, Mass., July 18.—(AP)—Chocolate cream pie today was believed to be responsible for more than 200 cases of food poisoning in Greater Boston.

Approximately 75 persons were in hospitals in Somerville, Boston and Medford, as many more had been treated and released, while an undetermined number of others, believed to be several scores, were under treatment at their homes.

The victims were principally employees of industrial plants who had partaken of box lunches yesterday.

Those who had shared the lunches, so great was the toll in Somerville where 150 men and women were affected, many of them collapsing at their machines, that work had to be suspended for the day while those who were well helped to rush the stricken to hospitals and physicians' offices.

Other large concerns where the malady occurred included the Revere sugar refinery and the S. M. Howe company, both in Charlestown. Victims also included several persons who had partaken of luncheon meals in a downtown restaurant of the Waldorf Lunch System, Inc. in this city.

The Waldorf company supplied lunch boxes to all of the plants affected. The boxes contained ham, cheese and hotolona sandwiches, chocolate cream pie and milk.

Apart from samples retained for investigating authorities, the company directed its store managers to destroy every remaining pie.

Physicians treating the victims described the cases as similar in symptoms to ptomaine poisoning. Victims suffered severe cramps and became nauseated, but as far as could be learned none was in danger.

Two Somerville hospitals nearby the Ford plant temporarily received overseas base hospital, as far as the victims were brought in they were placed in cots which filled the corridors and even the hospital corridors, while others were burdening on collapse.

### COOLIDGE'S VETO OF McNARY BILL AGAIN CENSURED

LOS MOINES, Iowa, July 18.—(AP)—Condemnation of President Coolidge's veto of the McNary-Hawton bill, and the republican farm relief plans today were entrusted with the approval of the agricultural plank of the democratic party at the results of a meeting of the corn belt committee.

Members of the committee, made up of midwestern farm leaders, assembled yesterday to discuss the political situation as it affected the farmer in the forthcoming election.

"Organized agriculture speaking through the corn belt committee, hereby expresses its determination to carry on the fight for the principle of the McNary-Hawton bill, which is the only plan that has been suggested to make the protective tariff effective on those agricultural products of which we produce a surplus, without government subsidy, which we have consistently opposed," said the resolution.

The Houston agricultural plank was introduced on the second day, which includes a definite endorsement of the principles for which organized agriculture has long been fighting. The republican stand on the farm question was pictured as "a renewal, in less definite form, of the pledges adopted in 1924 at Cleveland."

"With every ounce of our strength we oppose the Hoover-Coolidge policy of the industrialization of America at the expense of agriculture," said another resolution.

### BORAH PRESENTS HIS SOLUTION FARM PROBLEM

CALDWELL, Ida, July 18.—(AP)—Tariff regulation and orderly marketing of surplus crops through a federal marketing board financed by a revolving fund were recommended by Senator William E. Borah today as a means of farm relief.

Speaking before several thousand farmers in the annual celebration at the construction of a co-operative cemetery here, the Idaho senator said, "The time has come to revise the duties on agricultural products."

"Last year we imported some \$2,500,000,000 worth of food products which the American farmer is prepared to produce. He is thus brought in competition with many countries whose labor cost is about one-third or one-fourth of the labor cost in this country. That is one way we can help agriculture, that is, to give the market at home to home agriculture."

Forest Fires Near Coast.

MAINSFIELD, Ore., July 18.—(AP)—A fire smoldering in a log pile for several hours flared up a spark today to set 100 small fires in a dangerous zone just west of Marshfield. Firemen prevented spread of the fire to the Marshfield Mill company mill. Two shacks were burned.

**"Lion and Mouse" at Craterian Tomorrow**

Magic of Vitaphone stars audiences to wild enthusiasm in "The Lion and the Mouse" with May McAvoy and Lionel Barrymore, which comes to Hart's Craterian theatre tomorrow for a run of several days. The Charles Klein play from which the film is adapted is one of the phenomenal stage successes of the past generation. In the all-star cast are Alec Francis, William Colburn, Emmett Corrigan and Jack Ackroyd.

Vitaphone furnishes the magnificent orchestra accompaniment which interprets the moods of the piece, and at the high lights the characters speak with thrilling reality. "The Lion and the Mouse" is a melodrama, and it is being heralded everywhere as the glorious forerunner of many more presentations of the same calibre.

**G. O. P. NEGRO LEADER IN SOUTH SUSPENDED**

WASHINGTON, July 18.—(AP)—Perry W. Howard, negro national committee man from Mississippi, under indictment on charges of conspiring to violate the law prohibiting the sale of federal stock, was suspended today as a special assistant attorney general.

James W. Hughes, deputy U. S. marshal for northern district of Mississippi, indicted with Howard, also was suspended.

The department of justice notified Howard he was "heretofore suspended from any and every office as attorney in this department and continuing until further notice."

Howard, Hukried and ten others were indicted by a grand jury specifically charged with having received \$1500 for a position on the U. S. war-hat staff. Howard, who is here, is awaiting the arrival of the indictment when counsel said he would furnish bond for appearance in Mississippi.

"Phillips Milk of Magnesia"

Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the soiling waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent and fifty-cent bottles, any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.
