Some Fruit Trees—Some Alfalfa

Diversified farming may not always pay best, but the fact remains that fruit and alfalfa make a powerful combination in this valley. Water is essential to success with both. The ideal combination is one where sufficient fruit is grown to "cover the overhead" and enough cows and pigs kept to give the monthly income. WE HAVE THAT IDEAL TRACT FOR SALE, CLOSE IN and at a reasonable price. It will prove both productive and profitable to the right man, one who knows farming. There's no maybe about it, for the man who works to win out with such a tract as this back of his efforts.
