

FRUIT PACKING, EDEN PRECINCT, READY TO START

By Mary O. Carey.
EDEN PRECINCT, July 20.—Fruit packing in Eden Precinct will start at least a week earlier this season than it did last year. The two big packing houses in Phoenix are now ready for the packing.

Mr. Hurst of Phoenix purchased a fine milk cow from Mrs. C. Carey this week, giving \$120 for the animal. Mr. Hurst intends to keep about three good cows and a flock of hens this winter and spend the time at home, instead of working away from home.

The many gardeners are complaining of the poor market for home grown produce, most of which is being crowded out by California stuff, which is being shipped in. And still, our cities object to a farmer sending away for anything he may need. It's a poor tale that does not work both ways.

Mrs. Bell Hunt, who has been spending a couple of weeks with Mrs. S. P. Barnhart since the 10th of July, left Sunday for Elkhart, Ind., to visit with her daughter for a while.

Mr. and Mrs. Ed Hamlin were calling on Mr. and Mrs. George Jackson last Monday evening.

Mr. and Mrs. George Parker received a visit from some of their Ashland friends last Sunday evening. The parties are in charge of the packing department at the fruit association in Ashland.

Mrs. Fred Furry gave a dinner party to a number of friends last Monday at her home in Phoenix.

Miss Sybil Beane of Phoenix was in Talent Wednesday evening.

Mrs. T. V. Williams of Phoenix is enjoying a visit from her father, who is spending his vacation at their home.

Most of the Fern valley apricot growers claim to be sold out of the fruit and to be turning away many would-be buyers. The price has been 6c straight through.

Ripe tomatoes from local growers in and around Talent are coming in to the stores and are of fine quality. The price is about 12c now.

Mrs. Walter Diabore of Sacramento who is visiting her father, Mr. Clitzer of Ross Lane, was a dinner guest at the home of Mr. and Mrs. C. Carey Wednesday evening.

Mr. and Mrs. Pipes of West Phoenix were over to the plant nursery to get cabbage plants. They have about five acres of tomatoes and small truck garden in, and say it is doing fine. The tomato crop is for the Ashland Canning company.

Mrs. Walter Allen, wife of our Phoenix garage man, returned from a couple of weeks' stay in Portland, where she has been attending camp meeting.

Mr. and Mrs. E. M. Sheets of East Eden were in Phoenix Tuesday evening attending the gathering of the women's club, meeting and assisting with the evening's program.

A. M. Wright, the king of peach growers in the Phoenix district, was a business visitor in Medford last Tuesday morning.

John Mast has recently purchased a Crosley radio, and a number of his friends were there to listen in on the play "A Cup of Coffee," by Miss Helen Norris, which was broadcast over KMED.

Mrs. Edith Cochran of Talent has her new restaurant and ice cream parlor very nicely fitted up and is fast getting into routine work. Her place is already being widely known for good service.

PORTLAND, Ore., July 20.—(AP)—Portland police today were enlisted in a search for an unidentified man who passed a check, raised from \$12 to \$121, at McMinville yesterday. The man, driving a light coupe bearing Colorado license plates, was accompanied by a woman and a bulldog. Sheriff McQueen of McMinville advised local authorities.

GRASS FIRE ON JACK MORRILL'S RANCH PUT OUT

SAMS VALLEY, July 20.—A damaging fire was narrowly averted Sunday by some boys en route to the river discovering the fire in the grass surrounding the Morrill swimming tank. The boys sent for help, and by their added efforts soon had the fire under control.

H. D. Reed arrived on the scene and treated the boys to congratulations as a reward for their work in preventing the probable loss of hundreds of dollars.

The harvesting of the Rose pears will commence in most of the pear orchards by August 1st. From all reports the crop is up to the average in size and quantity.

Friends of Miss Margaret Roadside are lately in receipt of announcements of her recent marriage to Eimer Beagle of Ashland.

Miss Roadside taught several terms of school in our district, where she won many warm friends who wish her every joy and happiness along her matrimonial voyage.

The George Gulovson farm was sold this week to Mr. Grantham of Medford for a consideration of around \$11,000, and involved the sale of one of the best farms in the valley. The farm consisted of 108 acres, mostly in alfalfa, and was supporting a herd of good Jersey cows, horses, turkeys and chickens, all of which go with the crop to the new owners.

The Grantham family will take possession immediately and the Gulovson family will move to Medford where they have a desirable little home on the east side. Mr. Gulovson has been an industrious farmer and the well wishes of friends go with the family to their new location.

Fish lovers are glad to see a fish peddler making weekly trips through our valley.

O. T. Wilson and J. L. Noolan of Table Rock, who are operating a threshing outfit in the Talent district, report some fine yields of grain from that section.

Among those who have lately returned from a short pleasure trip at Diamond lake are Albert and Miss Elsie Strain, Miss Donna M. Donohue, Bill Barrow and Miss Gertrude Gulovson. Miss Gulovson was at the lake at the time the young ranger was drowned, and reports the incident put a damper on the pleasure of all who witnessed the tragedy.

Bill Barrow arrived from Coquille Thursday evening and is a house guest at the Straus home, for nowhere he has visited other sections of the valley.

Ed Loveland lately purchased a new Reo ton truck and will immediately be on service between here and Crescent City, making stops at different towns along the way. This trucking service will be an aid to our community as well as to Mr. Loveland's grocery business.

Mr. and Mrs. Ray Stevens, who are guests for the summer at the home of Mrs. J. W. Jones, made a quick trip to British Columbia with California friends, returning Wednesday evening.

Dick and Bill Straus left Thursday morning for a few days' outing in Crescent City vicinity.

Miss Jewel and Master Grantham of Medford spent several days last week visiting the Gulovson family and getting acquainted with their new home.

The Sander Lockwood and grandsons of California arrived here last week to spend the summer at the home of their son Fred.

Mr. and Mrs. Will Moore and Mr. and Mrs. Hiram Moore, son Eugene and family of Evans valley and Mrs. Pete Georgeson of Klamath Falls were relatives who visited over the week end with Mr. and Mrs. J. A. Cook.

Friends of Miss Wilma Fitzgerald and George Silver were pleased to read a recent account of their marriage license. Both young people have lived for some time in our district, where Miss Wilma was a student in high school and where George has owned a little home for several years which, only lack the acquisition of a little cook, and where the happy couple will make their home.

Several entertaining parties have been given lately at the Morrill swimming tank and the on Monday night was evidence of a party of wild affair. From reports from some of our young boys who were returning from a swim in Rogue river, the nights they believed were far from being in keeping with our prohibition laws. Such conditions are thoroughly disgusting, especially when we know the parties are given under the direction of the justice of the peace of one of our nearby towns, whose business it is to impose fines for just such conduct. Decent people of this community do not appreciate such happenings along the borders of one of our publicly traveled roads.
