

LABORITE RESIGNS TO GAIN PEACE

Louis Morenos Quits Cabinet in Mexico Under Fire and Further Trouble Is Not Expected—Slayer of Obregon Makes Complete Confession—Catholics Aid Probe.

MEXICO CITY, July 22.—(AP)—Resignation of Luis Morenos, secretary of labor, whose life has been in danger since the assassination of General Alvaro Obregon, today was believed to have lessened the general feeling of tension.

Agrarian leaders naming Morenos as one of the "psychological authors" of the crime had asserted that unless he withdrew from the government there would be civil warfare.

The central committee of the regional federation of labor instructed Morenos and five other labor leaders, Celestino Chica, chief of ordinance supplies, and Eduardo Medina, chief of the government printing shops, to resign. President Calles promptly accepted their withdrawal from his government.

Colonel Herold Tapete, acknowledged leader of the Obregon national party, said that there was now little likelihood of disturbances.

Either President Calles or Aaron Saenz, governor of Nueva Leon, will be named by congress provisional president of Mexico for two years, Colonel Tapete said.

CIRCLING GLOBE RECORD BROKEN BY FOUR DAYS

John Henry Mears and Capt. Collyer Go Around World in 23 Days—Sealyham Terrier Completes Journey With His Master.

NEW YORK, July 22.—(AP)—John Henry Mears, theatrical producer and writer, and Captain C. B. Collyer, flier today held the record for a cruise of the globe—23 days, 15 hours, 21 minutes and 4 seconds. They broke the old record by 4 days and 23 hours.

They stepped from an automobile at Battery Park last night at 8:21 o'clock completing a journey by boat and airplane which they began from the same place the morning of June 29.

With them, barking enthusiastically, was a little Sealyham terrier, named Yaiwind, who had sailed with them over two oceans and three continents.

The last leg of their flight, from Minneapolis, they found one of the most difficult of the entire trip, they were forced to battle fog and howling clouds for the last part of their flight, detouring by what aviators call the "scenic route" down the Susquehanna river to the Delaware river at Middletown, Pa., where they cut across New Jersey to Miller Field, Staten Island.

By his trip Mears again became co-holder of the record for circling the globe, breaking that of Linton Wells and Edward Evans, set in 1924. The Wells-Evans expedition had broken the record of 35 days, which Mears set in 1923.

NEW GOV'T IN CHINA IS OUSTED

Nationalists Have Brief Reign in Shantung—Chang's Ex-Soldiers Capture Chefoo, Pull Down Sun Flag—30 U. S. Warships in Harbor Protect Americans.

CHEFOO, Shantung, China, July 22.—(AP)—The recently hoisted sun banner of the Chinese nationalists was hauled down here today and replaced by the five-barred flag of north China. The nationalist military commander took refuge aboard a British vessel bound for Shanghai. His soldiers have been disbanded.

These developments came after severe fighting which started at midnight between the nationalists and 5000 soldiers who had served under Chang Tsun-chang, military governor of Shantung. The Chang Tsun-changites had been recently incorporated into the nationalist army, but they renounced their new allegiance and gained control of the city.

While fighting was in progress foreign warships landed patrols and one American sailor was wounded in the hand by a stray bullet.

The fighting lasted 18 hours. It ceased this evening, but the foreign quarter is in a complete state of defense and the precautions will be continued lest renewed disturbances ensue.

The victorious northern forces have closed the Bank of Communications. This institution handles the customs funds and its suspension has stopped all port movement of cargoes. The bank building is picketed by northern troops and the manager of the bank has been arrested.

"BIG GUNS" IN BATTLE OF SMITH FOR PRESIDENCY

Here are the new Democratic generals, who will battle to land Governor Alfred E. Smith, of New York, in the White House: John J. Raskob, head of the finance committee of General Motors, who is the new chairman of the Democratic national committee; Colonel Herbert H. Lehman, New York broker, chairman of the party's finance committee; James W. Gerard, of Brooklyn, N. Y., former ambassador to Germany, treasurer of the national committee; Charles A. Greathouse, of Indiana, secretary; U. S. Senator Peter G. Gerry, of Rhode Island, chairman of the advisory committee to the national committee, and the following vice chairman and vice chairwomen, as appointed by Chairman Raskob at a meeting in New York: Frank Hague, New Jersey; Governor Harry Byrd, of Virginia; Scott Ferris, Oklahoma; Mrs. Nellie Tayloe Ross, former governor of Wyoming, and Mrs. Florence Farley, Kansas.

RAILROADS USE OF PRIVATE CARS IS CONDEMNED

WASHINGTON, July 22.—(AP)—The interstate commerce commission was told today by Commissioner McManamy, that abuses in the use of railroad owned private passenger cars were common and extensive. He suggested a series of new regulations to limit railroad expenditures in this field.

McManamy, in a report, advised the commission that a study of private car movements during the last three years had disclosed wasteful and unlawful movement on a large scale. He recommended that the commission hereafter forbid one railroad from moving a private car for another road, except at regular charges, thus abolishing the system by which such cars are moved free when off their home lines.

The report declared that the practice of transporting persons other than railroad employees in private passenger cars at the same rates charged passengers provided only with ordinary coach accommodations constituted an unjust discrimination and should likewise be prohibited.

A general practice of the use of railroad private cars by the wives, daughters and friends of railroad officials for the transportation of parties to and from pleasure resorts was described by McManamy. Certain railroads were cited as being particularly engaged in such practices. In a number of cases the parties carried on private cars included officers of industrial corporations and their families, indicating a use of the free transportation to influence shipments. One private car, identified as "owned by the vice-president of one of the eastern carriers," was found to have been traveling steadily for three years to all points in the United States.

Watch the chef broil chops

To seal in the juices and cook the meat evenly, each side of the chop must be exposed to the fire a few moments at a time. Hills Bros' patented, continuous process of roasting coffee a few pounds at a time roasts every coffee berry evenly and produces flavor no other method could.

PORTLAND THEATRE ROBBED OF \$1000

PORTLAND, Ore., July 22.—(AP)—When without a clue today in their search for a tall, roughly dressed man who held the manager's office of the Portland theatre and escaped with \$1000 in currency, which is being sought by the police.

The robber held up Harry Warham, house manager, Robert Blair, theatre manager and Steve E. Cheever, treasurer, and walked out of the building with the currency, leaving \$242 in silver on a table.

NEGRO RIOT IN NEW YORK CITY; 4 POLICE HURT

NEW YORK, July 22.—(AP)—A special squad of policemen was on duty today in the negro section of Harlem, to prevent recurrence of disorders, in which four policemen were injured protecting themselves from a mob of negroes, estimated at 2500.

The trouble started when Traffic Officer Charles Kubel attempted to arrest Charles Donald, accused with two other negroes of breaking into an apartment and beating a negroess.

Donald resisted arrest, and a few other negroes attacked the officer; three more patrolmen came to his aid. While the quarter defended itself against an ever-increasing attack, a riot well brought reserves from four station houses and fire apparatus from a number of stations.

ENLARGE STORAGE PLANT

Portland suffered internal injuries. Disks, chairs, oak bricks, flatirons and miscellaneous householdings were directed from windows upon the officers.

Then shots were fired from windows and house tops, and the officers drew their own weapons, but fired only in the air.

About 150 policemen and the fire apparatus were making show in quelling the disturbance, when a police emergency squad arrived with a machine gun prominently displayed. Soon the streets were cleared.

Donald was arrested on a charge of felonious assault, and another negro, Dermot Bailey, who had refused to move on when ordered, was charged with disorderly conduct.

Kubel suffered internal injuries.

STREET CARS TIED UP

PORTLAND, Ore., July 22.—(AP)—Street car service was demoralized during the rush hour between 7 and 8 a. m. today as a result of an explosion in the substation of the Portland Electric Power company at Broadway and Alder street.

Firemen with chemicals extinguished a fire following the explosion. Repairs restored car service at 8 o'clock. Meantime thousands of downtown workers had resorted to walking or to taxicabs.

Rainier growers shipped 100 tons of strawberries this year.
