## FANS ADVISED TO GET SEATS EARLY BULL'S MATCH

Despite the fact that the match is still nearly a week of advance ticket sales for next Monday night's bridge wrestling battle between Bull Montana, the movie star and wrestler, and Hassan Alimuddin, the Terrible Turk, are expected to be the best for any match attempted here, outside of the Strangler Lewis bout here two months ago.

The tickets, which are on sale at various local establishments, are selling two to one over last Monday's match and fans are urged to buy post-boards early to see what is expected to be one of the hardest fought battles of the season.

Bull Montana has established training quarters at the Jackson Hot Springs with George Ducrest, the Russian Cosack, and works out with the Cosack every night at 8 o'clock. Ducrest will also wrestle on Monday's card in a special event immediately preceding Bull's meeting with Hassan, who is working out daily at the academy.

Monday's match will be rough, with plenty of action and practically nothing will be barred with the exception of slugging with fists and hitting. The winner of the bout will take the prize purse, encircling both competitors to put in their best training efforts.

As a whole Bull has little use for Turkish, especially Hassan, whose temperamental antics at the academy last Monday night rebuffed Montana, making the latter challenge the Terrible Turk.

## ANOTHER N. YORK NIGHT C. RAIDED

NEW YORK, July 25.—(AP)—"Hollis", well known Greenwich Village night club and restaurant where the village intelligentsia has wont to sit and drink, or, as police contend, sit and drink, was raided early today and 15 men and 15 women were arrested.

The occupants were charged with disorderly conduct and held in the Charles Street station for a hearing. The promoter, Walter Anderson, 22 years old, and a waiter, John Murphy, 59, were charged with violation of the Volstead act.

Tetra-tert discussions were going on when seven headquarters detectives announced everyone was under arrest. This abrupt interruption of the intimate conversation aroused a murmuring against the invaders, which shortly turned to physical combat. The detectives, however, quickly quelled the disturbances.

Oregon canned fruit production for 1927 was 2,057,745 cases.

## HEENEY PULLS A DISAPPEARING ACT IN MORNING

Fairhaven, N. J., July 25.—(AP)—On the day of his big fight with Gene Tunney for the championship of the world, Tom Heenev, this morning became a man of mystery, vanishing completely with all his 200 pounds, from his Fairhaven training camp.

As the challenger as well as the champion must weigh in at the Yankee stadium at 2 o'clock this afternoon it was assumed the American's disappearing act meant that he had quietly left for New York along with his retinue but whether by boat, train or automobile could not be ascertained. Heenev's retinue, heard an auto last night as they departed the most likely means of conveyance employed.

Heenev did not even appear for breakfast, a rite which he has never before been known to omit. Neither did the officer who has been his personal bodyguard, and all indications were that big Tom who has expressed a dislike for giving interviews took to flight to save him that annoyance on his battle-day.

## LINDBERGH HONORED BY OLYMPIC AWARD, WITH 2 OTHER MEN

AMSTERDAM, July 26.—(AP)—Americans received two of the three Olympic diplomas awarded today by the International Olympic committee for individual meritorious conduct on the field of sport last year. One went to Colonel Charles A. Lindbergh and the other to Captain Harry Phipps of Los Angeles, who built a yacht and sailed it around the world.

The third diploma went to the French sportsman, Alain Gerbault, who circled the world in a sloop. The International Young Men's Christian association was awarded the Olympic gold medal for the organization doing most to further the Olympic idea in sports.

## BASEBALL SUNDAY IF WEATHER COOLS

A baseball game is scheduled for next Sunday between the Oregon-Mercantile and the Medford Merchants, but unless the weather moderates, Manager J. Court Hall said this morning that he would postpone the game until September 5. "I would not ask a mile to go out in the present weather and play ball," said Mr. Hall. "It is too much to ask of anybody, and I'll be damned if I do it. The mill boys are excited about the contest and want revenge for the walloping we handed them a few weeks back."

If it cools off, the game will be played. Jack Hughes will do the pitching for the Merchants, and Arthur Schenck will function in a similar capacity for the mill-men. They are kid pitchers.

## FIGHT RETURNS TO BEGIN TONIGHT AT 5, BIG BOUT AT 6

Reports of the Tunney-Heenev championship battle tonite will be broadcasted by the Mail-Tribune over station KMEB and by loud speakers in the city park and in front of its own office on North Fir street. The Associated Press round-by-round, blow-by-blow description of the battle will be furnished and bulletins will also be posted.

The preliminary report will start at 5 o'clock and the main event will start about 6 o'clock local time. The radio broadcast will start at the same time and continue to the finish.

By installing the loud speakers in the city park fans will be able to hear the reports in the shade. Earl Davis, radio announcer and clarion-voiced umpire, will be at the microphone, if he gets back from a trip to Stockton, Cal., in time. If he does not the silver-tongued Carl Y. Tengwald will face the contraption.

All the loud-speakers and other radio equipment used in the broadcast are furnished and installed through the courtesy of "The Music Box," 192 East Main street, Crosley radio dealers.

### Records of the Two Fighters

Gene Tunney—Champion	Born—May 28, 1898
Hometown—New York, N. Y.	Began boxing—1919

Jess Willard	1914-1915
Jack Dempsey	1915-1926
Gene Tunney	1926-??

### BATTLES READY

(Continued from Page One)

Every man, woman and child in Speculator gathered at the edge of the lake to wish Tunney success as he entered the plane. The champion, who arose at 7 o'clock, his usual hour, assured his well wishers that he was in the best physical shape of his life and was confident.

## GUARD AT REFORM SCHOOL KILLED AND YOUNG LADY SHOT

PORTLAND, Ore., July 25.—(AP)—A guard at the Oregon State Reformatory was shot and killed today when a young lady, who was visiting her father, shot him in the back of the head with a .38-caliber revolver.

Early this morning, Bob and Winston, who were injured here more than a week ago when their plane crashed into a tree while taking off from the Fairway on the Hamilton Country Club golf course, returned to the links and made a successful take-off in an aviation plane owned by the mill-owners.

Mr. Bob explained that he attempted this dangerous stunt to silence friends who have been "kidding" him about the mishap. Tunney was in a cheerful mood when he entered the plane. He said he slept soundly during the night.

SPECULATOR, N. Y., July 25.—(AP)—There'll be a hot time about noon-time in China tomorrow if those fellows accustomed to getting the situation in hand, are not disappointed by an ex-tycoon from marines came the following cable to Tunney: "We have covered all the Arizona money here and looking for more. Give him the whole works. China, China, stadium is deserted."

At the Yankee stadium, some of the fight, a score of ticket sellers yawned in their booths, while three times that many patrons loitered about with nothing to do.

In contrast to the last big heavyweight fight held at the American league ball park—this between Jack Dempsey and Jack Sharkey last summer—there were no squads of determined customers bent on getting seats if it meant waiting all day. In fact, there were no ticket seekers at all in sight and no fans, the news apparently having not yet become general that the match-in at 2 o'clock was to be held at the stadium instead of Madison square garden.

The only adult crowd in the neighborhood surrounded an excavation some distance away, where the curious watched inspectors at work. Even the usual delegation of young boys was absent, the juvenile element appearing to find its chief interest in a wild west show nearby.

There were about 200 men in front of the stadium, but they were after jobs as ushers, refreshment salesmen or program vendors, not seats.

## OREGON FARMER GIVES VIEWS ON WHAT HE NEEDS

PORTLAND, Ore., July 25.—(AP)—A. W. Harnish, Umatilla county farmer, continued on the stand most of this forenoon at the University extension course on grain raising. He declared a farmer should be able to give his children a common school and college education, should be able to keep up the rural churches, should have swimming pools and libraries the same as are in cities.

Mr. Harnish said freight rates should be based upon distance of haul and natural conditions. He believes grain rates from eastern Oregon and Washington to Portland should be much less than to Seattle, and three cents a bushel less than is now charged.

# Adolphe Menjou picks OLD GOLD

as camera records the Blindfold test

The test was conducted by responsible witnesses who asked Mr. Menjou to smoke each of the four leading brands, clearing his taste with coffee between smokes. While the camera recorded the test, only one question was asked: "Which one do you like best?"

ADOLPHE MENJOU... debonair, sophisticated Paramount star... one of the greatest living actors... appeared recently in "His Tiger Lady," "Night of Mystery" and "Serenade."

"I've discovered a new way of mixing business and pleasure. The parts I play call for the constant smoking of a cigarette... I probably average one cigarette to every hundred feet of film. In the blindfold test I discovered one so smooth, so considerate of my tongue and throat that even the business of wholesale smoking while we're shooting scenes will be a pleasure. The cigarette I voted for proved to be Old Gold."

Adolphe Menjou

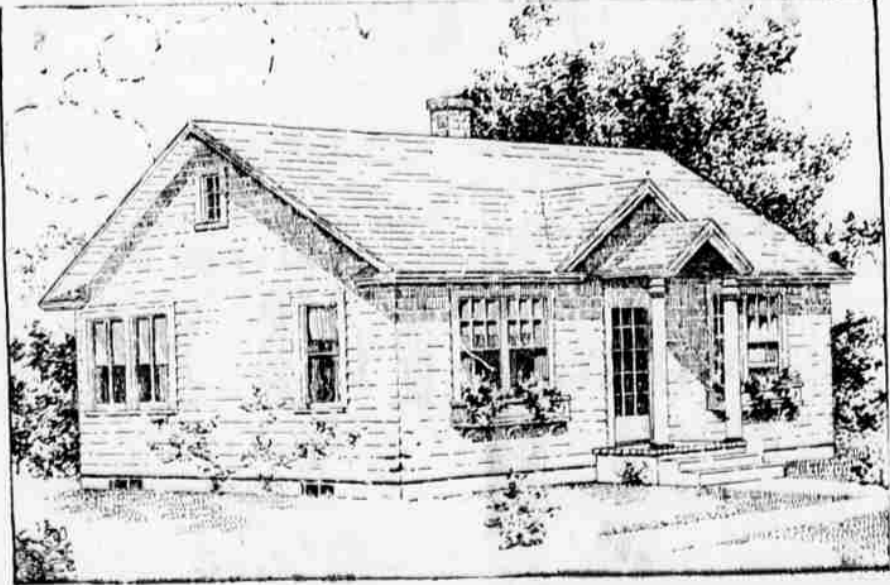

© P. Lorillard Co., Est. 1769  
Made from the heart-leaves of the tobacco plant

Why you can pick them

Three types of leaves grow on the tobacco plant... coarse top-leaves, irritating to the throat... withered ground-leaves, without taste or aroma... and the heart-leaves, rich in cool and fragrant smoking qualities. Only the heart-leaves are used in Old Golds.

SMOOTHER AND BETTER  
"NOT A COUGH IN A CARLOAD"

# DISTINCTIVE COTTAGE FOR A SMALL FAMILY

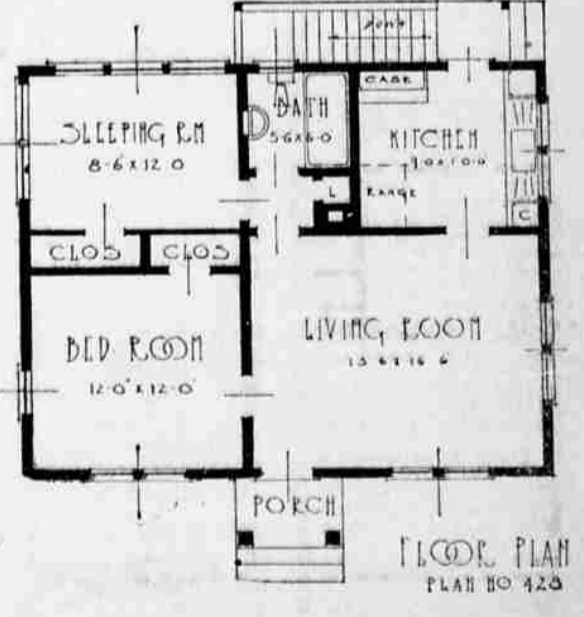

There is always a good demand for the well-planned small home of standard construction which can be built at moderate cost.

The accompanying plan, we believe, is a good example of this type, both as to exterior and interior arrangement, and is ideally adapted to the needs of the small family.

## \$720

will purchase the lumber, doors, windows, lath, plaster, brick and lime for the completion of this home. This low price also includes oak flooring for the living room.
