

# U.S. IS BEATEN IN HALF MILE BY G. BRITAIN

### Lloyd Hahn Outclassed By Douglas Lowe, Who Sets a New Olympic Record—United States, However, Still Leads in Total Points.

STADIUM, AMSTERDAM, July 31.—(AP)—American hopes for decisive Olympic conquest received another blow today in the decisive defeat of Lloyd Hahn in the classic 800-meter championship, although the wearers of the red, white and blue shield were able to hold their own by winning two of the four finals on the day's program.

The 800-meter crown went back to England, to the tune of flying feet of Douglas Lowe, defending champion, with Hahn no better than fifth and two other Americans last, but Eddie Hamm, the great Georgia Tech broad jumper, won his specialty for Uncle Sam, replacing as champion the American negro, Dehart Hubbard, who was eliminated in the second trials. In both of these events Olympic records fell.

In the other two finals, United States women gained an even break. A fast-stepping Chicago lass, Elizabeth Robinson of Illinois Women's A. C., ran away with the 100-meter championship in the fast time of 12 1-5 seconds, and Lillian Copeland of the Pasadena, Cal., Athletic and Country club, placed second to Halina Kono-packa of Poland in the discus throw.

Hamm's Olympic record-breaking broad jump was 25 feet 4 1/2 inches, or 7.73 meters. This was five inches better than S. P. Cator of Haiti, who was second. Al Bates of United States was third with 24 feet 4 1/2 inches.

### Born Is Beaten.

Charley Born, considered America's best bet, was eliminated in the sixth and last 200-meter semi-final heat which brought together an all-star field. It was won by the German, Helmuth Koenig, and Percy Williams of Canada, the new 100-meter champion closed fast to beat out and eliminate Born.

Maceuley Smith, former Yale runner, performed a feat which has hitherto appeared impossible by running away from the great Finn, Paavo Nurmi, and also Edvin Wide of Sweden, in the third and last 1000-meter trial. Smith won by a great spurt on the last lap. The time was 15 minutes 4 seconds.

AMSTERDAM, July 31.—(AP)—In spite of many defeats the United States continued increasing its team total, showing an aggregate of 21 points for the eight men's final contested thus far. The other totals were: Great Britain 25, Sweden 21, Germany 18, and Finland 17.

Five record performances—three world and two Olympic—marked this third day's Olympic competition. Hamm in the broad jump and Lowe in the 800 meters accounted for Olympic standards, but it took an American girl, Elizabeth Robinson, to set a world's mark in regaining some of the sprint laurels the men had lost. She beat two Canadians and a German while the Polish girl who won the discus throw also turned in the best performance ever recorded by a woman.

G. C. Weighman-Smith, South African hurdler, broke the world's 110-meter record in a semi-final heat, after two Americans, Leighton Dye and Stephen Anderson had equalled the old mark in two previous semi-finals. The South African stepped the barriers in 14.3-7 seconds, beating the mark set in 1929 by Earl Thomson. John Collier of the United States was second.

# MEDFORD MAYOR HAD LONG TALK WITH MR. HOOVER

### ROTARY KIDDIES GIVE DADS FINE SNAPPY PROGRAM

While during the visit of himself and party here Sunday evening and until late Monday forenoon Herbert Hoover, the republican presidential candidate, because of his genial and democratic attitude, made friends with all with whom he came in contact, it is probable that Mayor O. O. Alenderfer had the longest and most personal non-political talk with Mr. Hoover, although the mayor will say nothing about it.

It seems that after the dinner at the Big Rock lodge Sunday night the mayor was seated by himself at some distance away from the Hoover group, probably thinking of the good old swimmin' hole days at his boyhood home in Ohio, when Mr. Hoover came over and sat down with him, starting the conversation which lasted for 20 minutes to a half hour.

From a standpoint of the mayor the presidential candidate asked the Medford mayor how he liked public life and the latter replied that, as he has announced a number of times in the past six months that he was through with it this year at the end of his present term. Then, according to this friend, while further discussing this subject it came out that Mr. Alenderfer had an uncle or other relative, an Illinois congressman, whom Mr. Hoover well knew. This caused the mayor and presidential candidate to become firmly launched in their talk.

### Carl Ring Qualifies.

OLYMPIC STADIUM, AMSTERDAM, July 31.—(AP)—With American athletes hoping for more success than in yesterday's events, when they lost out in all three finals, the third day's track and field program of the Olympic games got under way today with preliminary heats in the 110 meters high hurdles.

Carl Ring of the New York A. C., the first American to start, came through his first test easily, winning the second heat in 14 seconds flat and beating J. H. Viljoen, all-around track and field star from South Africa. Raoul Sempe, French timber tapper from Bordeaux, won the first heat in the same time. The Argentine, Viljoen, finished second, but was disqualified for knocking over three hurdles, and the race was given to Jandera of Czechoslovakia.

### U. S. Wrestlers Lead.

AMSTERDAM, Holland, July 31.—(AP)—Six Americans reached the final round in the Olympic catch-as-catch-can wrestling competition today in the lightweight division, 145 pounds—division with the Stars and Stripes lack a color-bearer. In this division, Clarence Berryman of Oklahoma, was thrown in four minutes in the quarter-finals this morning by Kapp of Estonia.

Aside from this setback the Americans advanced without interruption. In the finals to be held tonight, the six Americans will be pitted against two Finns, two Swedes and two Swedes.

## READY FOR STATE MEET

(Continued from Page One)

A fine entertainment program followed, featuring the Medford drum corps, Bill Stettler in banjo numbers, Bert Bates on the piano, and a special skit in which Post Commander Bromley played a leading role without even a rehearsal. The latter number came about as a result of the wonderful membership record made by 600 post, which has now reached a total of 700. It seems that Commander Bromley was challenged some time ago to shave off his moustache if the post roster reached 700. This he gladly agreed to do, and when the mark was reached and passed last night, the members conspired to make the event a public affair and had the stage all set. With the assistance of two of the Legion's most capable barbers the deed was done—and how! Bromley thanked the post for the free shave and the fine spirit of cooperation which has made Medford the third largest post in the state with an increase of 224 members, or nearly 100 per cent, in the last year. He also paid tribute to the Legion Auxiliary unit of Medford post, which is now the largest in the state of Oregon and has broken all previous membership records with a present total of 265 members. This announcement was greeted with cheers and the members showed their appreciation by partaking most heartily of the fine watermelon feed put on by the auxiliary after the meeting.

### Legion to Operate All Dances.

There will be plenty of dances for the pleasure of those who attend the big Legion convention, thanks to the efforts of the Legion convention commission. All dances will be operated by the Legion, the profits being used to defray the expense of the convention. Local halls and local orchestras will be used extensively, thus assuring that the money spent for these items will remain in Medford.

The big opening dance will be staged Wednesday night at Hilarity hall and each succeeding night there will be at least two big Legion affairs. On Friday there will be three dances and also on Saturday, if the patronage warrants this addition.

### ROTARY KIDDIES GIVE DADS FINE SNAPPY PROGRAM

Rotarian kiddies introduced by proud papas entertained with a clever program at today's luncheon meeting held at the Hotel Medford, with Bert Bates, managing editor of the Roseburg News Review named as the protégé of Helma Fluhrer.

An imitation of a country theatre piano player of the good old days before Vitaphone and Movietone, executed with melodramatic expression, both as to feet and face, was given by the versatile newspaper man.

With a clumsy bandage around her head and dressed in coveralls, Miss Luella Corn, daughter of E. C. Corn, chairman of the program committee, sang about the advantages of being laid up with the mumps. Another number by the little miss was a song concerning the trials of having a mother who insists on clean faces.

Five-year-old Bobby Bromley, son of Mr. and Mrs. Horace Bromley, spoke a piece without being prompted once by his daddy. Miss Barbara Holt, nine-year-old daughter of Mr. and Mrs. William Holt, played a piano solo. Other youngsters who were guests today included the two children of Mr. and Mrs. Howard Scheffel, Coral and Jack. Members of the club told the names and ages of their children in response to roll call.

Special guests at the luncheon were Carl Moser, state adjutant of the American Legion, of Portland, Ore.; Victor McKenzie, national committee man, of Salem, Ore., who was born in the Rogue River valley; Jack Crafton, Woody Stevens and Bert Bates, Roseburg; Ned Harlan and Jim Hopper, Ashland; Ted Baker, Paul McDonald and G. O. Shearer, Medford. Dr. Ralph Stearns was introduced as a baby Rotarian.

### Announcements concerning the three-day Legion convention were included by General Chairman McDevitt. Tomorrow night, Wednesday, at Hunt's Craterian theatre, in connection with the usual vaudeville program the local post will present several stunts with Bert Bates as master of ceremonies.

## TUNNEY RETURNS

(Continued from Page One)

\$1,000,000. He is the second heavy-weight champion to retire undefeated. The other, Jim Jeffries, came out of retirement on July 4, 1918 and lost to Jack Johnson at Reno, in a vain effort to win the crown back.

### Card of Thanks.

We wish to thank our many friends for their goodness and thoughtfulness in the death of our beloved daughter Martha; also for the many beautiful flowers.

Mr. and Mrs. Will Luman.

There are very few Scotch trans-Atlantic liners. The Scotch do not like to come across.

### RELICS OF ROGUE RIVER INDIANS ON DISPLAY IN CITY

A display of arrowheads and Indian stone weapons rarely seen in Medford was put on exhibition today at Lamport's sporting goods store through the courtesy of J. E. Welch of Ashland, who spent several years in making the collection of 2000 pieces complete. The display was put on at this time mainly to interest visitors in the city over the three-day American Legion convention.

Arrow heads, spear heads, pestles, rubbing stones, stone hammers, lucky stone, stone axes and stone charms are included in the collection which represents specimens of such stone and flint work from the Modoc, Rogue River, Pitte, Clatsop, Umatilla, Umpqua and Cassian tribes in Oregon, and the Pitt River, Sioux, Pawnee, Cherokee, Tuscaloosa, Comanche and Osage tribes in various sections of the nation.

The display also includes an old .44 pistol picked up on an old Indian battlefield in Klamath county along with several bullets.

### AMERICAN YACHT IN OCEAN RACE IS NOW MISSING

SANTANDER, Spain, July 31.—(AP)—The United States cruiser Detroit today was searching off the coast of Spain for the yacht Azara, overdue in the race for the King Alfonso cup. The "Azara," sponsored by the Detroit yacht club, sailed from New York on July 7.

The King himself has grown anxious. He ordered all government boats available at Asturian ports to be instructed to make a search for her. The King asked continually for the latest reports from the radio station at Cabo Mayor.

Radio calls were broadcast continually but no answer came from the Azara. Ships along the route that the yacht should have followed reported they had seen no trace of her.

Unfavorable weather today was preventing small craft from setting out in search of the missing vessel. The Spanish destroyer Proserpina returned to port after an unsuccessful search.

### Declare Bond Dividend

SALFEM, Ore., July 31.—(AP)—The state banking department will on August 10 declare the first dividend to depositors in the Ashley State Bank of Portland, which was closed April 2 last. The dividend will be 25 per cent in the commercial department, or \$53,240.78, and 60 per cent in the commercial department or \$141,108.12.
