MOSCOW, Aug. 2.—(AP) Conflicting views as to the probable survival of Roald Amundsen and of the six men carried away by the balloon part of the dirigible expedition were given here today when Prof. Vise and the aviator Babushkin, arrived to report on the rescue work of the ice breaker Malinin.

Babushkin said he believed that Amundsen and the five men with him in the French airplane piloted by Rene Guillaud, perished. His theory was that the plane fell into the open ocean during a storm and sank.

Underinsured Is Not Insured

Of course, a small amount of insurance is better than no insurance, but a dwelling insured for only half its value cannot be replaced with the claim money in case of destruction by fire.

Has your insurance coverage been increased in proportion to the increase in the value of your property? If not, let us go over the matter with you and provide full protection on the most advantageous basis.

ONE, TWO THREE—AND GO!

And be ready to jump quick! Just for today we can offer a pear orchard which has fair crop maturing and on eighteen acres there stand as fine a lot of Bartlett trees as grow anywhere, in full bearing. Crop included, we can make you a bargain price on this holding, which will paralyze you if you have a nervous system.

A GENTLE SLOPE AND BUT LITTLE FROST AT ANY TIME. And the very best of pear soil. Water under Medford ditch system, with "Flood Water Right" paid up, reducing annual cost. This is one of our famous tracts, but death intervened and owners are strangers to the possibilities of our pear orchards. Quick action is absolutely necessary.
