

Local and Personal

At its next meeting next Wednesday, the county boundary board will take up the matter of changing the Reese Creek school district boundary, which if changed, will establish a new district. Petitioners for the change claim the distance is practically prohibitive for children of the eastern end to attend the school, which is over 12 miles away, and set forth that the re-opening of the Crater Lake school, which has been closed for several years in the east end of the district, is necessary. The boundary meeting will be held in the county court chambers.

At Rialto Today

George O'Brien in "Honor Bound"

One of the highlights of "Honor Bound," which opened at the Rialto theater this afternoon, is the excellent characterization and acting of George O'Brien in the stellar role. Cast as John Oletree, the convict in the motion picture taken from Jack Behea's compelling novel, O'Brien again gives a worthy performance. O'Brien pits himself against fate and proves himself the master of every situation.

Estelle Taylor, who shares stellar honors with O'Brien, gives an inspiring and difficult performance in the role of the woman who loved and lost through her own folly. In the dramatic climax Miss Taylor wings sympathy from the audience as the woman who repents and risks all to save the man she loves for another woman.

Bank in Florida SUES EAGLE PT. IRRIGATION DIST.

SALEM, Ore., Aug. 11.—The Florida National bank of Jacksonville, Fla., will borrow \$100,000 in the Oregon supreme court a man's damns action against a. Walker, treasurer of the Eagle Point Irrigation district of Jackson county to collect \$4000 principal on bonds that matured last January.

The Florida bank claims a prior right to "collect" because of the maturity date. In the complaint it is alleged that the district has \$12,500 on hand from which payment may be made. State Engineer Luper says that on the January maturity the district owes about \$24,000 in principal and interest.

According to Treasurer A. C. Walker, the above is a friendly suit and has three angles. Porter J. Neff is acting as attorney for the Florida bank.

The Eagle Point district owes \$25,100, according to the Treasurer. The state of Oregon asks for \$2400. The bondholders claim \$11,000 and couponholders \$11,790. The funds on hand for payment thereof are approximately \$12,000.

The county treasurer holds, that if he paid any of the three, the remaining two groups would contest the action, so he adopted the policy of letting the high court of the state decide.

The bonds matured January 1, last, at which time there were no funds on hand to pay them. Upon July 1, the returns from the taxes furnished funds sufficient to pay one group, but not all.

According to Treasurer Walker, a friendly suit will be filed soon by George A. Hunt, for the collection of a \$1000 bond that has matured.
