COOLIDGE GIVES HIS VIEWS ON ELECTRIC POWER

SUPERIOR, Wis., Aug. 18.—(AP) The federal trade commission, in its investigation of electrical power utilities, has brought out evidence of no situation which in President Coolidge's opinion warrants federal action. The field touched by the inquiry is one which the chief executive believes should be left to the individual states to deal with.

Coolidge nevertheless is keeping an open mind on the subject and will require time to study carefully the final report of the commission on its investigation to determine whether he will make any recommendations to the next congress regarding legislation affecting power concerns.

In the meantime he feels that since the only relation which the federal government has had with the concerns involved has been to grant in certain cases permits for damming navigable streams, the Washington government has little to do with the situation revealed by the investigation.

The federal government, he thinks, might find grounds for action in the matter if the power concerns in question engaged in extensive interstate trade, but in effect, he does not.

The chief executive does not think that his recommendations to the next congress regarding disposal of Muscle Shoals and Eoulet dam will be different from those contained in previous messages. He is awaiting the report of the board of experts appointed to look into the engineering aspects of the Boulder dam project before making up his mind finally regarding that problem.

PROMISE ITALY PROMPT INQUIRY SPALATO RIOTS

BELGRADE, Jugoslavia, Aug. 18.—(AP)—Italy was promised an immediate inquiry into an attack on the Italian consul at Spalato in a reply to the Italian minister's protest by Acting Foreign Minister Skumenkovitch. Repatriation and strict punishment of those held to be responsible were also promised.

Newspaper articles from Spalato and Sebenico say that rioters clashed with gendarmes and police in both those cities in violent anti-Italian demonstrations. Gendarmes used bayonets at Spalato to prevent the storming of a dining and a number of demonstrators were injured.

Details of the incidents at Sebenico on Thursday night show that the affair was more serious than was first supposed. About 2000 demonstrators who began to collect in the public square late that night attacked police cars and shops with stones and then made for the harbor where they smashed the windows of an Italian boat and destroyed the shops of Italian sympathizers.

The mob then tried to enter the Italian consul's house. Penetrated in their first attempt they sought to enter by a rear window, but were beaten back by the gendarmes who fired 20 demonstrators with their rifles. In a subsequent fight, both sides suffered casualties and 70 demonstrators were arrested. Reinforcements of two companies of gendarmes have now arrived in Sebenico.

COON FIRE CONTROLLED MARSHFIELD, Ore., Aug. 18.—(AP)—A brush fire at Hamor, a suburb of North Bend, was under control today. The Coos Bay fire patrol met the upper hand after wind died down late yesterday. The fire fighters built three miles of trail to control the sweep of the blaze, which covered from 500 to 600 acres.

BOY SCOUTS TO HAVE JAMBOREE HERE AUG. 31ST

Plans for the first annual Boy Scout jamboree which will be held at the city grounds, Friday night, August 31, were completed at an important meeting of the Crater Lake council at the local scout headquarters last evening.

All troops of Jackson and Josephine counties will be represented at the event which will probably be the biggest and most successful project ever sponsored by the council. There are 20 troops in the two counties with a large membership.

Members of the committee in charge of the show are: Chairman, Carmen E. Mell, Don Newbury, R. L. Corwell and William Lee Bricker, scout executive. Besides the Medford officials, Grants Pass men who are cooperating with the group include W. J. Mischler, Jack Kerr, deputy scout commissioner, and James Martin, head of troop organization work at Grants Pass. These men were all present at the meeting last night.

Some of the outstanding program features will be: Exhibits of model airplanes; model badge work by various troops; display of handicraft; contests and novelty races; grand march by troops in opening parade; wall scaling; signal contests; camp fire scene for all scouts; and many other surprise events which will be announced later.

Music during the evening will be furnished by the Medford Elks band, the junior boys' drum and bugle corps and the Crater Lake Boy Scout band which was present at the recent legion convention.

The jamboree is being widely advertised throughout the two counties which will participate in the show.

JOHN COOLIDGE ENJOYS GOLF AND COLLEGE DANCES

MADISON, Wis., Aug. 18.—(AP) Dinner dances and golf—the normal diet of the popular politician, are occupying the time of John Coolidge, son of the president, who is visiting President and Mrs. Woodrow Wilson at the University of Wisconsin. John says he is making the visit as a private citizen and has shunned newspapermen and photographers at every turn.

He came here Friday morning, motored over the city with a friendly host, attended a formal dinner at the home of the Franks last evening.

The golf was fair. If the president's son is a good golfer, news cameramen threw him off his game, or else the thrill of playing with two state tournament golfers, who shot under par for the course, made him overplay his game.
