

Local and Personal

Citizens of Medford are reminded by Fire Chief Roy Elliott to refrain from burning trash, rubbish or grass at this time of the year, due to the present extremely dry condition. Moreover, if rubbish fires are begun, the persons responsible for the same may be held to the city police court, as no fire permits are issued during hot summer months. Several blazes during the past week are attributed to carelessly set rubbish piles.

Dr. F. C. Thayer, practice limited to eye, ear, nose and throat, Medford Bldg., 149.

Inasmuch that tomorrow night's meeting of the local American Legion post is of more than usual importance, a large attendance is urged, as a complete report of the state American Legion convention here the first of this month will be given by Paul McDonald, general chairman of the convention. Moving pictures of the convention will also be given and will be shown through the courtesy of Horace L. Bromley.

An opportunity for your boy or girl to learn violin, cello, flute, clarinet, saxophone, cornet, trombone, drums, guitar, piano, mandolin or any orchestra instrument. Simply have them register, we loan the instrument and teach them free. No investment until they learn. Give them an opportunity to be in an orchestra. Full particulars at the Palmer Music House, 151.

A peculiar accident caused a round hole of fairly good size in the north side window of Carl T. Pennington's real estate office, 64 North Fir street several nights ago when a small block of wood was flipped onto the glass by a passing automobile, the wheels of which caught it just right to send it from the street with enough force to break the window. The piece of wood is on exhibit at the real estate office.

The Junior drum and bugle corps will initiate 22 new members next Tuesday night. Clayton Isaacs expects more applications during this week as he wishes to have 12 more drums and 10 more bugles. Boys 9, 10 and 11 in one group and 12 to 16 in another, 151.

The remodeling of the old quarters of the Reddy Jewelry store for the Jarmin and Woods drug store is progressing rapidly and is expected to be completed in ample time for the opening which is to take place in another month. The front of the building is being radically changed and according to present indications, will have an attractive appearance.

Gene Austin, one of the most popular of Victor artists, has made a new record, "If I Can't Have You." Ask for it at Palmer Music House, 149.

With three of the big Mack trucks used to haul cement and gravel to the dam site broken down, the concrete work seems somewhat delayed during the last couple of days and the contractors plan to work a Sunday. It is not, however, the policy of the shift to make up for lost time. The concrete is now more than 10 feet above the ditch level according to the entire span.—Ashland Tidings.

Mrs. Clara Furman, who has resided in Medford for the past 11 years, left last evening for Rockford, Ill., to visit friends and relatives for several weeks, after which she will visit other relatives in Wisconsin and Indiana. Rockford is Mrs. Furman's old home, she having lived there for forty years before coming to southern Oregon.

"Just Like a Melody Out of the Sky," Gene Austin new Victor record, on sale at Palmer. "We Sell Happiness," 149.

Don't hunting in Parker mountain on the Ashland-Klamath Falls highway will be poor this year, according to Deputy Game Warden Roy Parr, who stated yesterday that over 4,000 sheep are grazing in the Parker mountain district. This large number of sheep, he indicated, will make the deer more scarce and chances of shooting a sheep more easy. The mountain as a rule affords good hunting grounds and each season is the destination of a good sized number of local hunters.

George Gibson has sold his home on Loster Lane to Joe McNight. The deal was made through the office of French & Atwood.

CHRISTY CIRCUS ATTORNEY DENIES ANIMALS ABUSED

Showing before large crowds at the afternoon and evening performances, the Christie Brothers circus closed a successful engagement last night and left early this morning for its next stop at Red Bluff, Cal. The performances included trained wild animals acts of unusual merit and high grade circus acts in the other rings of the big show, which this year made its first trip on the Pacific coast.

D. T. Bartlett, attorney for the circus, last night took pains to explain how well the animals of the show are given proper attention, following criticism directed at the show by a local resident in connection with the condition of a number of horses, which the writer, the author of a communication in this edition, claimed were poorly treated. Mr. Bartlett pointed out that the show has a special car for sick horses and special men to care for them. They are not worked, but given all the rest possible, which sometimes, he said, is not much due to short jumps, causing the horses to be moved many times.

"We prize our animals highly," he said, "and do you think that we mistreat them, which would mean dollars and cents out of our pockets. Out of the large number of horses we have, it is only logical that some of them on this long trip become sick and it is the same with our men, three of whom are now in bed nursing injuries and recovering from sickness."
