Wall Street Report

NEW YORK, Aug. 27.—(AP)—Marking up of the call money rate from 7 to 7½ per cent, coincident with the calling of about $40,000,000 in bank loans, temporarily checked the resumption of the upward price movement in today's stock market. Waves of selling swept through the market and carried more than a score of the popular issues down 2 to 4 points below Saturday's final quotations, but buying support was quickly supplied and new leaders brought forward by pool operators.

The closing was irregular. Steel and rubber shares made the best showing when the advance got into full stride again late in the day, Vanadium rising 5 and U. S. Rubber 2½ points.

The electrical issues went ahead sympathetically, General Electric jumping 5 points, and food shares improved, National Biscuit reaching 177. Further lifting of the call money rate to 8 per cent caused renewed professional selling before the close. Total sales approximated 3,600,000 shares.

There Is No Law Against Being a D—— Fool

STRAIGHT AND TO THE POINT

Figure out the reason yourself. Another of those orchards we have advised you to purchase, has moved to a local man who works for his living, and it is rumored he is backed in his investments by a local capitalist. The purchaser has his bread buttered for life. It might just as well have been you.

Why Let Your Chances Pass You By?

An orchard or a cow ranch today is the safest investment in the history of Oregon. Where the two are combined in one, it means the ultimate. Our services are at your disposal to procure the best and to get it at the lowest price. That is why our long experience in the valley makes you the beneficiary. Why not be sensible?
