

FASTER TIME TO PORTLAND AFTER COMING SUNDAY

Under a new time table, effective on the Southern Pacific Sunday, September 2nd, Rogue River valley people will be enabled to have dinner in Portland, attend a theatrical performance and still reach Medford at 11:20 a. m. Under schedule effective on date named above, No. 13 leaves Portland at 10:45 p. m. Since taking off No. 53, which left Portland at 1 a. m., there has been considerable complaint that No. 13 left too early. The new schedule will remedy that condition, and it is hoped will be more satisfactory to the people of southern Oregon.

No. 11, the Shasta, will leave Portland at 8 a. m. and reach Medford at 6:42 p. m., 13 minutes earlier than at present. This should be carefully noted by those desiring to go south. No. 12, the Shasta northbound, will under the new schedule leave San Francisco at 8:20 p. m. instead of 7 p. m., as at present and reach Medford at 11:57 a. m. the following day. No. 14 will leave San Francisco at 2:40 p. m. and reach Medford at 6:42 p. m., or seven minutes later than at present.

Lacquer Exhibit At Hail Paint Co.

Of particular interest to our women readers is the announcement by Hail Paint company, appearing in this issue, that Mrs. M. Rustad of the Bass-Huotter Paint company "Home Beautiful Department" is going to be at their store on August 29th and 30th.

Women everywhere today are greatly interested in bringing color into their homes, not just through the purchasing of new colorful

HOOVER VISITS WEST BRANCH BIRTHPLACE

Mrs. Jennie Scellers welcomes Herbert Hoover to the West Branch, Iowa, house, where the republican presidential nominee was born. Mrs. Scellers now occupies the place. With Mr. Hoover was Mrs. Hoover, at Hoover's left, the two sons, and Mrs. Mollie Curran, center, who was Hoover's boyhood school teacher.

articles, but also by the redecorating of pieces which they now have.

Mrs. Rustad's work is to show how to bring color into every room in their home through the use of brush lacquer. She will conduct classes in the proper application of lacquer, the selection of color combinations and the decorating of furniture.

Hail Paint company tells us that Mrs. Rustad's demonstrations are always crowded with women who want definite information on the use of color. This is your opportunity to have a color expert help solve your problems.

SAN FRANCISCO, Aug. 28.—(AP)—The Examiner says the county grand jury last night voted an indictment against Irving W. Robinson, of the Colonial Loan and Discount company here, for embezzlement, charging he had taken a total of \$450,000 from customers on stock loan projects.

PORTLAND, Ore., Aug. 28.—(AP)—Falling 25 feet to the concrete surface of the new Hull Run Dam, J. P. Dunbar, 30, was dead today when fellow workmen reached his side. The man was alone at the time of the accident. He is believed to have slipped, while working near the edge.

BUDGET DEFICIT PROSPECT SPURS CAL TO RETRENCH

SUPERIOR, Wis., Aug. 28.—(AP)—Concerned by estimates compiled by the bureau of the budget, forecasting a treasury deficit of \$34,000,000 at the end of the current fiscal year, President Coolidge intends as soon as he gets back to Washington to take vigorous measures to cut down expenses.

He will appeal to this end to the heads of all departments and government bureaus, and thereby hopes to reduce materially the estimated deficit.

Likelihood of a deficit at the end of the present year probably will effect budget estimates now being compiled for the fiscal year 1930.

During his stay at the summer White House over the week end Major General Charles P. Summerall, chief of staff, reported very satisfactory conditions in the army to President Coolidge. Enlistments, he said, were abundant and provided a good class of recruits. Plentiful and enthusiastic attendance at summer training camps was also reported.

General Summerall pleaded with the chief executive, however, for a strengthening of the aviation defense at the Panama canal. President Coolidge thinks it would be feasible to do this, under the five year aviation program authorized by congress in 1926.

Secretary of State Kellogg has advised President Coolidge that Latin American diplomatic representatives in Washington have signified the intention of their countries to adhere to the anti-war treaty signed yesterday in Paris.

Secretary Roy West of the interior department, after an overnight stay at the summer White House, said today that in his annual report to the president which he is now preparing he will recommend construction of a dam on the Colorado river provided only that a feasible plan for its construction can be devised.

After conferring with President Coolidge, Secretary West said: "Things are going fine," as far as the campaign of Herbert Hoover are concerned. The latter, he thought, was making headway every day, while Governor Smith at present "at the crest of the wave," would rapidly, in his opinion, lose popularity with the electors. Illinois, he said, would be carried by Hoover by a very large majority.

NEED PICKERS AND CANNERY WORKERS

A shortage of labor has developed in Medford and Jackson county, according to Chris Cottlieb, who is in charge of the local branch of the United States free employment service. He said today that over 100 fruit pickers are needed, in addition to over 50 women to work in the Hagley cannery at Ashland.

The shortage, he said, is due somewhat to the fact that transient labor is beginning to leave the valley, in order that the children of transient families may be taken back to their homes in order to attend school.

PORTLAND, Ore., Aug. 28.—(AP)—Known for more than 50 years as the most expert grappler on the Willamette river, Hugh Brady, 73, was near death at his home here today. He was made official city grappler in 1906.

MIDNIGHT SPEECH BY AL CHEERS

New Jersey Gives Smith Big Send-Off As He Ends Four-Day Visit—Newark Stages Demonstration—Back in His Home Town.

By D. Harold Oliver
(Associated Press Staff Writer.)

NEW YORK, Aug. 28.—(AP) With a brief speech of thanks to the people of New Jersey who hailed him up, cheerfully during his four day visit there, Governor Smith has fired the first shot in his fight for the presidency since he was formally proclaimed the democratic standard bearer.

While impromptu and not on the issues of the day, the address was delivered amid atmosphere so unmistakably political that it was accepted as having put the nominee up to the front line trenches for the battles to come. Plans for his speaking itinerary were down for discussion at conferences here today.

Governor Smith's first speech, made shortly before midnight from a small decorated platform on the city hall steps in Newark, surrounded by a howling, torch-bearing crowd that flooded into the streets, surprised nearly everyone in his party, as he had passed the word that he intended to make no open air speeches unless forced to do so.

This evidently was a case where he was forced, for the throngs that greeted him during the late afternoon and night as he made his way by automobile up to New York from Spring Lake, N. J., where he spent the week-end, gave him an ovation as tumultuous as that of last Friday, when he was enroute to the big democratic rally at Sea Girt.

With difficulty the nominee elbowed his way through the crowd to the steps, then, with hat off and his hands on the railing in front of him, he expressed his sorrow at having to leave New Jersey and declared he had never seen a greater display of enthusiasm for a cause than that shown for him in his neighbor state.

"I left New York City at 4 p. m., Friday," he began. "I've never thought New Jersey had so great a population. At Sea Girt, the whole population of the eastern part of the United States seemed to be assembled.

"I will be sorry to leave New Jersey. I have never seen so much devotion. I may say affection, as the people of New Jersey have shown me. I have been called 'Al' more often during the four days I spent here than I have in my whole official life in New York."

Just before leaving the stand to fight his way back to his car, the governor was greeted by another tremendous shout, led by Charles P. Gillan, a Newark city commissioner who had introduced him, proposing "three cheers for the next president" of the United States.

Coming slowly on through Jersey City to the tune of freight trains, drawbridge and small boat whistles, the democratic nominee was given a touch of local enthusiasm when he reached the New York end of the vehicular tunnel.

"Hurrah for Al," shouted a group of several hundred residents of the old Fifth ward who came to welcome him back to his native city.

Turning to the nine New Jersey state police who accompanied his party on motorcycles all the way up from Spring Lake, the governor voiced his thanks to which they joined in reply:

"Pleased to have met you, Mr. President."

New York police then took over the escort job to the Hotel Biltmore, where the nominee and his family were quartered today.

SHIDLER, Okla., Aug. 28.—(AP)—Harold Bobbit, cashier of the Shidler National bank, was kidnaped by two bandits, who robbed the bank of \$2000 today. Bobbit was released later.

VANCOUVER, Wash., Aug. 28.—(AP) Jimmie Binchart, Portland aviator, and Jimmie Nolan, student flier also of Portland, were recovering today from injuries received Saturday when their plane crashed into an orchard near here. They are in a hospital here.

MERCHANTS READY FOR MARSHFIELD TILTS THIS WEEK

The Marshfield baseball club will invade Medford Saturday, with full strength and regalia. Their object in coming here is to win a couple of ball games from the Medford Merchants at the fair grounds on September 2 and 3. While Marshfield is here, three ex-Coast leaguers may get the surprise of their lives. Medford has some sluggers of their own, and Cliff Best is liable to make it a little troublesome for Marshfield to score many runs.

A mysterious pitcher, whom Manager Hall will not name, will probably drop into Medford about next Saturday on a vacation trip and may pitch one of the games. Otherwise Manager Hall will have his usual line-up. These two games will be the last played this season under Court Hall's management.

The Medford team has won 75 per cent of its games this season, and it is to be hoped that a large crowd will attend these two games, and give the boys a final cheer.

A five dollar reward will be given to the person naming the mysterious pitcher that will pitch one of Medford's games.

NO MORE PARKING BEAR CREEK BRIDGE

Parking of automobiles on Bear Creek bridge must stop, announced City Traffic Officer G. J. Preatcott today, adding that arrests will be made if motorists continue the practice. Last Saturday night cars were parked thickly on the bridge while the occupants were absent attending the opening of a new dance pavilion in the Children's building, causing traffic to be congested and giving the bridge a heavy load.

Oregon News in Brief

EUGENE, Ore., Aug. 28.—(AP)—The Eugene city council voted last night to enter into an exclusive contract with the Hohl Airways for the right to establish a school of aviation here. Other proposals included the offer of the Hohl Military Academy Aeronautical school of Portland for a two-day a week school, and Tex Runkin of Portland for a one day a week school. The Hohl contract will extend over a three year period.

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

The Creations of the Greatest

PARISIAN DESIGNERS

We announce with pleasure, a showing of Dress Creations from the world renowned Modistes of Paris. Designers whose name and styles are familiar to every reader of style magazines the world over.

Chanel — Jean Patou
Martial & Armand
Jean Latour — Agnes
Bechhoff
Germaine Lecomte

Every garment bears a label of one of the noted designers listed above, and is a correct and perfect "adapteeune" of their finest art.

"Georgette Velvet", Lustrous Satins beautiful Crepes and Georgette in combination are the fabrics.

Unusual neck and collar effects, draped and tiered and uneven skirt effects, bloused and long waist lines, with sash treatments that are only created by these inspired "designing artists" of Paris.

We cordially invite your inspection of these lines, as well as our most wonderful showing of fall wraps that is now at its best.

3244 miles on two quarts.

THIS actual experience of a California motorist is not an unusual performance for Castorlube. He says, "I watched the oil and made 3244 miles on two quarts." Castorlube has done so many remarkable things that you would think them impossible until you've tried it. For instance, we want you to expect to get 50% more mileage from Castorlube than from any oil you've ever used. You will also get more power, more gas mileage, less crankcase dilution, less carbon, less heat. The secret is the secret Castorlube process—a scientific blending of pure East Indian Castor Oil and fine mineral oil. The treated castor oil does the work. It costs no more than any other good oil, has no odor and is guaranteed not to gum. Demand the genuine. Castorlube Refining Company, San Francisco, California.
