# CAPITOL WOMAN ORGANIZES HUNT FOR A HUSBAND

WASHINGTON, Aug. 31.—(AP)—Somewhere between Washington and Los Angeles there's a man around the dangerous age of forty who had better watch out because, if he's the right man, Miss Helen Davis 32, is going to find him and marry him.

And what is worst, she intends to be accompanied on her forthcoming matrimonial hunt by four other young women who know exactly what they want in the husband line.

Now, Miss Davis connected her scheme without any thought of it getting into the headlines. It was just because she was lonely for "the right kind of a man" and believed other girls to be in the same fix that caused her to offer this advertisement in the want ad columns of the Washington papers.

"Wanted—Four women who have not found their ideal mate to drive to Los Angeles in a sedan, stopping enroute. They must each have \$200. Address box 162."

Does Miss Davis seem forward and bold? Then listen to what she says about that.

"You know," she confided to a reporter who saw her ad and sensed a story, "it has always seemed to me that the women who get the best men are a little bold. The nice, timid little women usually get the worst of it in marriage. Anyway, I decided that I would be a go-getter and get the right kind of a man than have the wrong kind get me."

Miss Davis is no longer what you might call a flapper. But the picture of her that the Washington Post prints on the first page this morning reveals a decidedly attractive woman and gives strength to her assertion that she has had "plenty of chances."

"Oh, I've had plenty of chances," she said, "but not the right kind. I am looking for my ideal. Now there was Col. . . . He had money and he was willing to share it with me. But he drank too much and that was too much for me."

But before this story ends, it might be well to give the interviewing reporter's description of Miss Davis. He says:

"She is 32 years old and, even if she does say it herself, is attractive. She has brown eyes, long brown hair, is five feet five inches tall, and weighs about 120 pounds." She spent two years in college and is capable of earning \$250 a month.

As to the man she is looking for: He must be at least 40 and can be as old as 60. He must be a brunette, fairly well educated and fond of traveling. Last but very important, he must put up \$5,000 for the education of her eighteen-year old brother. She said she "wouldn't hold a million dollars against a man" but that money was not the first consideration.

"If he is the right man, I would be glad to step out and earn \$250 a month myself," was her comment on that.

Details as to Miss Davis' address, her occupation, or cetera are not given because, the reporter said, he wanted to protect her against undesirable men.

# JOSEPHINE COUNTY FAIR SEPT. 5 TO 8

Josephine county's thirteenth annual fair, starting September 5 and continuing until the 8th, will offer the widest range of new entertainment features ever attempted here on their new grounds. Daily programs for the four days will include horse racing, with 40 of the best running animals of the west entered, whippet racing, Roman and chariot races, trick riders, fancy ropers and night and day racing.

An unusual feature will be the horse and whippet racing at night on a new illuminated track. Josephine county is the second place on the coast to illuminate the race track, Puyallup, Wash., having the other. Complete race programs will be held nightly at the race track.

This new race track, just completed this season, is one of the finest in the state. The track is a half mile in length and is visible for its entire length from the grandstand, which has a seating capacity of 1500.

For miners, Sourdough gulch will offer the unusual Josephine county miners have cooperated in the construction of an old-time mining camp in a gulch which runs through the grounds. There they have erected all of the old and modern mining equipment, going back to the days of the arrastra. A giant will be in operation and other features of mining in the county will be shown. In conjunction with a mineral exhibit and daily rock drilling contests, Sourdough gulch will be one of the greatest attractions of the fair.

There will be two midways at the fair. The Harris shows will play here and the Crogan Cavemen will have a large number of concessions. There will be no lack of entertainment of this nature.

People parties will find the Josephine fair grounds a beautiful place to spend the day, as the grounds have a frontage of a half a mile on the Rogue river and many acres have been reserved for picnics.

When you re-roof your home insist on 100% vertical grain shingles. Woods Lumber Co. 161

# TELLEGEN BLAMES 200 MINERS EVADE PRESS LAuded BY BANKRUPTCY UPON DEATH IN BLAST; FARM EDITORS AS MOVIE COMEDIES BUT SIX PERISH FARMERS' FRIEND

SEATTLE, Wash., Aug. 31.—(AP)—Acting in "slapstick" film comedies is blamed by Lou Tellegen, stage star of pre-war days, for his financial downfall. A voluntary petition in bankruptcy in behalf of Tellegen and his wife, Isabel Dilworth Tellegen, was filed in Los Angeles yesterday.

Recounting the troubles which a five-year motion picture contract had brought to him, Tellegen said here last night that he had been unable to resist the offer of "the biggest money in my lifetime" when it had been offered by an unnamed producer.

Tellegen, who once played leading man for Sarah Bernhardt, declared he had told the producer that such a film contract would kill his name on the stage.

"I knew the public would say, 'We thought this man Tellegen was a dramatic actor and he is not even a second-rate clown,'" the former stage star said.

Last month in New York his prediction came true, Tellegen said he called in his creditors, all of them his friends, and told them of his insolvency. He declared he had promised to repay them some day.

The bankruptcy petition listed the liabilities of the Tellegens at \$29,991 and assets at \$2,200.

**The Weather.**  
Oregon—Fair tonight and Saturday, but fog near the coast tonight. Warm with low humidity in the interior. Gentle north to west winds.

SEATTLE, Aug. 31.—(AP)—The steamer Redwood of the Pacific American Fisheries, bound from southeastern Alaska to Bellingham, Wash., grounded on a reef in Queen Charlotte sound, off the coast of British Columbia, early today. The vessel, which was returning with a few passengers and a heavy cargo of canned salmon, was reported in no immediate danger.

FRIDIE, R. C., Aug. 31.—(AP)—Two hundred miners escaped death in an explosion which asphyxiated six men in the number one east mine. Coal Creek collieries here yesterday. The explosion occurred as the men were going off shift and the majority of the crew was a few minutes ahead of the blow-out which filled the entire mine with deadly gas and tons of coal dust.

The six who were caught by the fumes apparently attempted to escape when the explosion occurred, but the poisonous dust overcame them as they fled. Several members of rescue crews, which worked throughout the afternoon and collapsed from exhaustion and from the effects of the gas which still pervaded the mine.

The bodies of the victims were recovered but the exact location of the explosion could not be determined, as the debris and dust blocked their search. It was presumed that a blowout of methane gas at a working face on number 14 stoppage caused the tragedy.

A horse, a dumb victim of the blowout, was found suffocated 2,000 feet from the supposed location of the explosion.

**Avant Ye Rascal!**  
NEW YORK, Aug. 31.—(AP)—Some press agent is to be punished if police captain Edward Lennon has his way. Police were summoned to a "terrible riot" in a theatre. They found a small audience listening to "Elmer Gantry." There was complete absence of turmoil.

A man had risen from his seat and denounced the play as blasphemous—for pay.

SAN FRANCISCO, Aug. 31.—(AP)—Mrs. Lavina Spivale was granted an interlocutory divorce decree today from Ray D. Spivale, society man and poloist, on her charge that he did not like her life and stared away many nights.

By Frank I. Weller  
(Associated Press Farm Editor.)  
BATON ROUGE, La., Aug. 31.—(AP)—Surrounded by prize winning posters, pamphlets and other publications composed to exert wide farm appeal, the American Association of Agricultural College Editors halted in the closing hours of their annual convention today to pay tribute to the nation's newspapers.

"If we were called upon to choose between the public press and all the other aids to agricultural extension," said J. B. Hasselmann, the association's president, "we would select the newspapers without a moment's hesitation. They are our greatest ally and the most powerful force in advancing current farm information."

Editors from the thirty states represented at the convention recalled outstanding benefits farmers had proclaimed from the publication of informative farm news in their local papers. Charles E. Gopen, chief of the press service, U. S. department of agriculture declared the interests and cooperation of the press had elevated the type and influence of information prepared for the farmers by state and federal agencies.

"Newspapers have shown you," he explained, "that our subject matter can be written in concise and direct form, brief enough to insure wide publication and still comprehensive enough to effect the desired results. The farmer owed to his newspaper the fact that he is getting today a liberal education in agricultural economics and research without leaving his doorstep."

President Hasselmann, claiming better distribution of farm news than he ever has obtained under other programs, outlined his practice of turning over to the Associated Press in Michigan all the news his agricultural specialists develop.

Bristow Adams of Cornell paid

his cooperation with the Associated Press in New York had resulted in some of his best work on agricultural problems and expressed the belief that the newspaper never will be superseded as an aid to farm extension work. Editors from Oregon, Kansas, Illinois and Virginia made similar observations.

INDIANAPOLIS, Aug. 31.—(AP)—Eugene P. Carver, Jr., of Boston, Mass., today was elected national commander in chief of the Veterans of Foreign Wars at their 25th encampment here. He won over Patrick W. Kelley, of Portland, department of Oregon, the only other candidate. Carver was senior vice-commander in chief.

Mrs. Hattie Hanke, of Revere, Mass., was elected president of the women's auxiliary. She was unopposed.

# Always look for this Branding...

**YOU** can now identify Swift's Premium Hams and Bacon not only by the brand "Swift Premium" but also by the distinctive branding of the name "Swift" in dots on the side. This branding resembles the rich brown color of the broiled ham and bacon.

When it is being sliced by the dealer  
After it is sliced and on display  
When it is delivered to your home.

This distinct branding is just one more feature that has made Swift's Premium outstanding.  
Insist on this identification mark.
