

TRADING LIVELY AND PRICES FIRM PORTLAND MARTS

PORTLAND, Ore., Aug. 31.—(AP)—Trading was active on local wholesale produce markets today and the tone of the markets was generally firm on all classes of commodities.

Peaches were in generous supply and moved freely at 60 to 70c per box for canning varieties of Elberta and Muira. J. H. Hale table peaches went mostly at \$1.00 to \$1.15, depending on size and color.

First Concord grapes of the season were being offered today and brought 5 cents per pound wholesale. Other varieties of grapes were in plentiful supply and moved readily at steady prices. Juice grapes met with especially good demand.

Early black cranberries were offered this morning at \$7 per one-third barrel box. The berries are coming from Long Beach, Wash., and are declared of unusually good quality.

Lettuce supplies today were mostly of rather poor quality, being rather soft and leafy. Local dry lettuce sold mostly at \$11.25 per crate.

Cabbage was in light supply and the price was firm at 3 cents per pound.

Celery from various districts was plentiful and went to the trade at 60c to \$1 per dozen, depending on size. Celery hearts sold at \$1.50 per dozen.

SANDINISTAS DIE IN CLASH WITH MARINE PATROL

MANAGUA, Nicaragua, Aug. 31.—(AP)—Two Sandinistas were killed, one wounded and five captured when the patrol of 12 marines led by Captain George F. Stockes routed a band of 40 rebels near Managua Tuesday. There were no casualties among the marines.

Details of the engagement have been obtained by marine headquarters here with great difficulty. Since there is no other means of communication, Captain Stockes conveyed the news to airplanes flying low over his encampment, by means of messages printed on a large panel spread upon the ground.

Miguel Angel Ortiz, who led the rebel band, attempted to ambush the marines. The attack took place at 8 p. m. and despite facing a superior force armed with machine guns, Stockes' men routed the assailants and pursued them throughout the night.

Several of the marines' pack animals were killed, but this loss was offset by the capture of a greater number of the enemy's mules.

MEXICO BANDITS SLAY AND ROB IN MANY RAIDS

MEXICO CITY, Aug. 31.—(AP)—Special dispatches to Excelsior say that all but one of a group of soldiers guarding a train in the state of Morelos, were massacred by bandits, who held up and robbed a passenger train between the towns of Chantla and Puente de Exela last night.

Reports of disorders also were received from other parts of Mexico. Dispatches to El Universal from Vera Cruz state that bandits operating near the town of Medellin, have killed four persons and wounded a number of others during the past two days. Ranchers and other residents of the region are fleeing from the country into towns where federal garrisons are stationed.

The dispatches say that gangs are roaming the country pillaging the ranches. At one ranch they killed the owner and a servant and at another killed one employee, a cattle man was hanged at a third ranch.

The bandits began intense operations a few days ago and in one day looted five ranches, and federal troops have been ordered in pursuit.

One bandit was killed yesterday when a group of 20 attacked a ranch near Atzacapotaleo, not far from Mexico City. The ranchman resisted the bandits and after a brief battle, drove them off. Federal troops were sent in pursuit of the men and the military forces of the region were strengthened.

STOVE EXPLOSION TROLLER COSTLY

NEWPORT, Ore., Aug. 31.—(AP)—The salmon troller "Bear" owned by Henry Taysa and John Jangas of Astoria, narrowly escaped destruction at 4 a. m. today when a gasoline cook stove in the cabin exploded, setting the vessel on fire. Loss to the ship and fishing gear was estimated at \$1000, with no insurance. All personal effects of the men were lost.

Jangas and Taysa were aboard at the time of the explosion. Taysa suffered a broken nose and cheek bone and his face was cut by flying glass. Jangas escaped with slight injuries to the head. They were able to swim to a wharf.

The boat was moored near the cold storage docks. Two other trollers alongside escaped by cutting the mooring lines. The fire was later extinguished by the city fire department.

NOTORIOUS LADY OF-GOTHAM NIGHT CLUBS SNUBBED

LOS ANGELES, Cal., Aug. 31.—(AP)—When Texas Gullman of New York night club came arrived in Los Angeles one civic club gave the little girl a great big hand—but it was given in a back hand slap that snubbed the principal item out of the welcoming program. A thousand-plate dinner at the breakfast club pavilion was the principal feature of the round of festivities announced when Texas Gullman, heavily laden with pearls, platinum and diamonds, disembarked from a train here yesterday. But the hand had hardly stopped playing for the parade of welcome when the breakfast club served notice on the reception committee that permission to use the pavilion had been withdrawn "because of lack of official approval and because of unfavorable comment."

Mayor George Cryer of Los Angeles had refused to take part in the welcoming of the "queen of the night clubs" to Los Angeles and also declined an invitation to attend the dinner. Members of the reception committee and officials of the film studio where Texas Gullman will be starred in a talking motion picture said Mayor James Rolph Jr. of San Francisco accepted and was southward bound to attend the dinner and attempts were made to head him off when it was cancelled.

To the Independent Poultry and Egg Producer.

We all know that it is very difficult to make the poultry business pay.

We all know that in organization there is strength.

The Poultry Producers' Co-operative Association in Medford stabilizes the egg market and does all that is done to put the business on a paying basis to the producer.

By marketing independently of the association, you certainly work right against the association and your own best interests. You make it impossible for the association to get best results and at the same time you get the benefit of all the association's efforts.

Stop and think a little and you will know you are wrong. You should be in the Association for your own benefit, and we want you in.
