

PEACH AND PEAR PRICES VARY ON PORTLAND MART

PORTLAND, Ore., Sept. 1.—(AP) Business was good on local wholesale markets this morning, all classes of commodities moving heavily. Produce houses will be closed Monday in observance of Labor day.

Peaches were in heavy supply and sold at a wide range of prices depending on size and variety. About Elbertas for canning purposes went at 65¢ to 70¢ per box although small size offerings brought less and large, well colored stocks went a trifle higher. J. H. Hale table peaches went mostly at \$1.00 to \$1.10 per box.

Pears likewise showed a wide range in price, ranging from \$1.50 for faced and filled offerings of Bartlets and early D'Anjous up to \$2.25 for extra fancy packed and wrapped offerings.

Potatoes were perhaps a little easier although no decided change in the feeling of the market was noticeable. Supplies were liberal, locals going at \$1.25. Yakima gems around \$1.50 and Idaho cobbles in the neighborhood of \$1.35 per sack.

A car of Yellow Globe onions from the Yakima district relieved the shortage somewhat and went to the trade at \$2.00 to \$2.25 per sack. A few Oregon Danvers were offered here and there at about the same figure. Buyers are offering \$1.50 and sacks in the Lake Labish and Sherwood districts. It is reported, but growers are loathe to sell at that price.

Eggs and egg values were steady at previous quotations but a firm tone prevailed in both markets. Receipts of eggs in the early hours were light and hardly sufficient to satisfy immediate demand.

Country dressed meats and poultry were firm with supplies of top quality veal far below demand. Hogs were firm and all classes moved out well. The poultry market was active and indications were that little stock would be carried over Labor Day.
