

## BELLVIEW PLANS TO DISPLAY HOPE CHEST AT FAIR

BELLVIEW, Sept. 6.—The Bellview Community club met Wednesday afternoon at the club rooms. Much business was discussed. Plans were completed for the display of the hope chest at the fair, also committees appointed to look after same. The committee in charge of the horticulture exhibit are progressing nicely. Work will start in their booth at the fair grounds on Monday.

Mrs. B. H. Conkle, home demonstration agent, was present and helped plan the program for the year's work. Many interesting subjects will be taken up during the coming year.

The hope chest prepared by the ladies of the community was on display during the afternoon. This means was taken by the club ladies as a way of lifting the debt from the club house and hope that enough will be received to buy dishes and chairs, which are needed. The chest was taken to the Dodge & Sons furniture store where it will be on display until Wednesday, when it will be removed to the fair grounds to be on display for the four days. Ice cream and cold drinks will also be on sale at the Bellview booth.

Mrs. Wade Wallis and Mrs. Mary Tucker were hostesses for the afternoon and served delicious home made ice cream and cake at the close of the meeting.

The next meeting of the club will be on the second Wednesday of October, with an all-day meeting. Color and color harmony will be studied at this meeting with Mrs. Conkle as instructor.

fields near Portland, where they will cut up and pick hops. They expect to be gone a month or so. Robert Gordon purchased 13 head of dairy cows from Frank Sausbury, who lives north of Ashland. The new herd was delivered at "Ashland Acres" Tuesday. This makes his herd reach the 55 mark. He wishes to add enough more to make 50 head, which his new dairy barn will accommodate. ## EAGLE POINT

Mrs. Morgan and Mrs. Davies called on Miss Mildred Carleton on last Friday to discuss the work of the health unit for the coming year.

Master Frank Guerin, who has been spending the summer with his relatives here, has left for his home and his school duties in Portland.

The committee of the Grange that has been appointed to collect material for the booth at the fair is actively at work and wishes to make the best display of any yet seen from this community. Eagle Point has a fine record to live up to in this respect; but if all will bring in the finest products of their ranch there is no reason why this fine record might not be surpassed. It is asked that exhibits shall be

brought to the office of the irrigation company.

Mrs. Shaw, who has been with her mother, Mrs. Howlett, for some time, has returned to her home in Portland.

A coyote or an outlaw dog has been taking toll of the sheep in this vicinity recently.

Our school has opened with a considerably increased enrollment, especially in the high school. With increased equipment and a revised curriculum, it is felt that this will be a good year in our school. There is no fourth year class in the high school, but this has its advantages as more intensive work and an enlarged program can be carried on in the other classes.

The people of this community are glad to endure with patience the slight inconvenience in getting to Medford these days. When they see the increased riding comfort that each course of gravel brings, they do not feel like complaining of the delays on the highway. But we will be happy when the work is completed.

Clement McDonald and wife, who have been visiting Mr. McDonald's parents in Eagle Point, have returned to their home in Idaho. Mrs. McDonald recently returned from a visit to Europe and she returns to her home in Lewiston to again take up her duties as principal of a business college.

Church Services We are proud of the work that is being done in our Sunday school. We are sure that the children can spend a very profitable hour with our teachers. The younger classes have graded lessons, adapted to meet their needs. The classes for older pupils follow the regular international lessons, which are well chosen to acquaint the pupil with the great truths of the Bible. Bring your children to Sunday school at 10 o'clock and stay with them for the preaching service at 11 o'clock. Then we believe that you will be helped by attending the prayer meeting Wednesday evening.
