

WALKER CLAIMS
MAILS USED TO
SOW BIGOTRY

Gotham Mayor Outspoken
in Attack on Intolerance
—Charges Mailing Privileges Outlet for Slander Matter.

By D. Harold Oliver
(Associated Press Staff Writer)
ALBANY, N. Y., Sept. 8.—(AP)—Another friend and political ally of Governor Smith—Mayor Walker of New York—is concerned over the democratic presidential nominee to make his religion a serious campaign issue, and has expressed his views regarding them in no uncertain terms.

Governor Smith himself is keeping mum on the subject as well as on all others with which he intends to deal in his six speech drive in the midwest, far west and northern border states the latter half of the month.

Some of his political lieutenants and even his running mate, Senator Robinson of Arkansas, however, have seen fit to take the so-called whispering campaign out into the open in an effort to halt what they deem unfair and lawless methods. They have been vigorous in their denunciation of such attacks on the democratic standard bearer and Mayor Walker, who expects to take the stump soon himself on behalf of the governor, was just as outspoken, if not more so, in a discussion of the subject late yesterday with newspapermen.

Coming out of a long conference with Governor Smith, at which the general political situation was taken up, the New York City executive who, like Smith, is a Roman Catholic, charged that "fanatical bigots" were succeeding in getting through the mails "slanderous and disgusting" printed matter reflecting on the religious affiliation of the nominee.

Declaring he could not understand how the mailing privileges could be open to such material, added:

"It is a sad commentary on the federal government to permit some of the printed matter I have received at my home in New York, dealing with Governor Smith's religion, to get in the mails.

"There is either a letdown in the post office department or they are tolerating it. Anyone familiar with the editorial branch of the post office department knows how astute it is, and also how alert the department of justice is in running down this stuff. There apparently is no attempt to stop the broadcasting of these slanderous statements."

BRUSH FIRE RAZES
FAMOUS RESORT

COLUSA, Cal., Sept. 8.—(AP)—A brush fire, which yesterday destroyed Cook's Springs famous Colusa health resort, with a loss of \$100,000, was still burning out of control at an early hour this morning along a front of 20 miles. More than 100 fire fighters are in the field and others are being sought in the endeavor to curb the sweep of the flames which are endangering several ranches.

The fire, which started several days ago, at one time threatened to sweep the entire foothill section of the county and had been fought strenuously by a large body of men who finally pronounced it under control. Patrols were then left to watch the smoldering flames, while the bulk of the fighters went home for much needed rest.

PORTLAND, Ore., Sept. 8.—(AP) Cal. C. Wells, deputy United States marshal stationed at Medford, brought in nine prisoners from his district tonight, to be held in the county jail here pending action by the federal grand jury.

Two lads, James Cahill, 16, and Richard Young, are charged with auto theft; seven others face liquor charges. They are: Lee Spears, J. W. Baurer, J. R. McCannery, F. L. Montona, one of Klamath Falls, and H. C. Hart, Bill Maloney and W. A. Congo. Bond in the liquor cases has been set at \$2500.

HIS ANGER MADE
HIM AN ARSONIST

VANCOUVER, Wash., Sept. 8.—(AP)—Because he had trouble in repairing a leaky roof on his house here, on July 19, Leo Hagerst threw a lighted lamp against the chimney and permitted the house to burn, he told officers. The house, not yet paid for, was partly insured. Hagerst yesterday was arraigned in justice court and pleaded guilty to a charge of arson.

POLA NEGRI IS
BADLY INJURED;
FALLS OFF HORSE

PARIS, France, Sept. 8.—(AP) Pola Negri, film star, is at the American hospital here, seriously ill as the result of being thrown from her horse while she was riding in the Bois de Boulogne. The accident occurred about 6:30 p. m. Friday.

Friends of Pola said that at one time last night her life was despaired of. Prince Serge Mdivani, husband of the actress, issued a brief statement at the hospital which said:

"The Princess Mdivani was taken to the American hospital after a fall from her horse yesterday afternoon. Her case is in the hands of Dr. Martel of the hospital staff from whom all information respecting her condition must be asked. This is in accordance with the princess' own wishes."

Dr. Martel could not be reached in Paris this afternoon as he had gone to visit a patient at Chantilly. His office refused to give any information respecting Pola Negri.

It was learned that a serious operation was found necessary and that it was performed at the hospital during the night.

The star's mount was ambling through the Bois quietly enough at a passing automobile frightened the animal. It shied so suddenly that the actress was thrown violently from the saddle. She landed hard and suffered bad injuries.

It was learned that for seven hours after the accident the actress lived in a sort of coma, recovering consciousness while the doctors were considering the advisability of an operation. While she awaited their decision she conversed with her husband, Prince Mdivani, who was at her bedside.

She is said to have complained of internal pains. Her doctors have said her injuries are confined exclusively to the body and that there is no wound on the head nor bones broken.

THE WEeping ONE
GETS NOMINATION
OPTIMISM REIGNS

LA GRANDE, Ore., Sept. 8.—(AP) Walter M. Pierce, former governor nominated in the primary election for congressman from the second district, was given the short term nomination by the democratic congressional committee meeting here yesterday. The selection was a unanimous. Provision was made to file the nomination and Pierce's acceptance with the secretary of state. Pierce is now in southeastern Oregon and was unable to attend the meeting.

The delegates expressed the opinion that Smith sentiment is growing in Oregon. They were optimistic over Pierce's chances for election.

W. C. Culbertson, chairman of the state committee, was the principal speaker, expressing the belief that Smith's religion and his stand on prohibition would not endanger his chances in the November election.

Dr. W. T. Fly of Hot Lake, was elected chairman of the committee, and presided at the session. An informal banquet was held in the evening.

FILM FOLK THINK
DOUG, JR., WEDDED

HOLLYWOOD, Calif., Sept. 8.—(AP)—Joan Crawford, film actress and Douglas Fairbanks, Jr., son of the famous screen star, today announced their engagement, but it only set the film colony buzzing on whether the two were married or not.

Cornered by newspapermen, while she was on location yesterday, Miss Crawford admitted the engagement, after some persuasion. Her fiancé readily confirmed the announcement when he was told Miss Crawford had made it public.

Friends of the couple believe they are married, however, because of jewelry Miss Crawford was wearing and which they say is inscribed with the phrase "to my beloved wife, from Dodo."

Both denied the rumor, but said they were soon to be married.

LEAGUE TINKERS
WITH EVACUATION
OF RHINE PUZZLE

GENEVA, Sept. 8.—(AP)—German circles aver that some progress has been made in Pourparlers as the evacuation of the Rhineland. It is thought, however, that an accord in principle is the best which can be hoped for at Geneva. French circles are reticent merely pointing out that any real negotiations must come later and elsewhere than Geneva.

BERLIN, Sept. 8.—(AP)—Newspapers of practically all shades of political opinion, except the communistic, today expressed approval of Chancellor Hermann Mueller's speech to the League of Nations assembly in which he said disarmament must come or the league would fail.

Even the nationalist papers agreed that this socialist chancellor used straightforward and fearless words, but criticize him for not putting his Rhineland evacuation views stronger. All papers agreed that Herr Mueller spoke straighter from the shoulder than is customary at Geneva.

TRIAL OF BUTCHER
BOY HALTED BY
LAWYERS ILLNESS

LOS ANGELES, Sept. 8.—(AP)—Illness of Leo "Pat" Kelley's chief counsel today delayed a ruling in the Butcher Boy's murder trial on defense charges that prosecution investigators had intimidated witnesses called to testify for the accused killer of Mrs. Myrtle L. McJules.

When Judge Fletcher M. Bowron was informed that Attorney S. S. Hahn would not be able to appear at today's half day session, the court ruled that decision on Hahn's motion to cite the prosecution for contempt would be rendered next Tuesday.

A lengthy conference was held prior to the court's ruling with attorneys for the prosecution and defense and several witnesses in the case in attendance. What transpired behind the portals of Judge Bowron's private chambers was not revealed.

Following the court decision the trial of the young meat cutter returned to its usual routine. Dr. Joseph Catton, San Francisco alienist, taking the stand for the defense. His testimony, halted yesterday by adjournment, regarded Kelley's mental condition.

POLAR EXPEDITION
SHIP BACK HOME

CHRISTMAS COVE, Me., Sept. 8.—(AP)—Delayed nearly 24 hours by a broken boom caused by strong winds and a thick coast fog, the Arctic schooner Howdoin arrived here today bearing Lieutenant Commander Donald B. MacMillan and the Rawson-Field medium expedition.

Escorted by a coast guard patrol boat and a Portsmouth steamer bearing welcome, the Howdoin received the greeting shriek of whistles while a group of friends on shore waved handkerchiefs to the party returning after 15 months of Arctic observation and exploration.

FRUIT RATE CUT
ARGUED OCT. 15

SALEM, Ore., Sept. 8.—(AP) The application of the Oregon public service commission for a reduced rate on deciduous fruits for eastward shipment will be argued before a representative of the interstate commerce commission in Portland on October 15, according to information received by the commission today. The reduction sought by the Oregon commission would place the Oregon grower on a parity with his California competitor as far as freight rates are concerned, it is claimed by the Oregon officials.
