

2830 CARS PEARS SHIPPED TO DATE, 5000 NEXT YEAR

With the shipment of 49 cars of pears last night from local fruit houses, fruit shipments for the season from Medford now have a total of 2830 cars and the 3000 mark is expected to be reached in a short time at the present rate of daily shipments. Approximately the same number of cars which left yesterday is expected to be sent out tonight.

PORTLAND, Ore., Sept. 14.—(AP) Approximately four thousand carloads of pears will be shipped from the Medford district this season, E. L. King, superintendent of the Southern Pacific lines, said here today. King said 2500 cars have already been moved from the Rogue River country, most of them going to the Atlantic seaboard. The output increases annually and about five thousand carloads are expected to be shipped next year.

PHIL PERKINS TO MEET JONES IN NATIONAL FINALS

BRAEBURN COUNTRY CLUB, NEWTON, Mass., Sept. 14.—(AP) Phil Perkins, British amateur golf champion, won the right to play lobby Jones for his American title in tomorrow's national championship final by defeating George Voigt of New York, 5 up and 4 to go, here today in a 36-hole semi-final match. Jones entered the final round of the national championship by defeating Philip Finlay, young Harvard sophomore, 13 up, 12 to play, here today in their 36-hole semi-final.

Hobby swept the youthful Finlay out of the tournament on his sensational march to the finals by almost as decisive a margin as he eliminated John Beck, Englishman, yesterday. Beck was put out, 14 and 13.

The champion was 9 up on Finlay at the end of the morning 18 and had to go only six more in the afternoon to settle the issue.

NOW IS TIME FOR ALL GOOD CITIZENS TO AID DRY CAUSE

NEW YORK, Sept. 14.—(AP) A statement signed by representatives of five Baptist organizations today urged "all men and women" to vote in the coming election "for only those men for the presidency and vice presidency and other high offices who have unequivocally and openly committed themselves to prohibition laws of our country."

"We regret," said the statement, "that the democratic presidential nominee has repudiated the party declaration on prohibition and has declared his purpose to use his influence and the prestige of his high office, if elected, to bring about the modification of the prohibition laws, which we believe would result in the nullification of the Eighteenth amendment."

"In our opinion this question has become a great moral issue and has been wholly removed from the realm of partisan politics by the direct challenge of the democratic nominee to the citizenship of the nation. No loyal citizen can view without alarm the advocacy of the willful nullification of the basic law of our nation, for we recognize that such a nullification would lead to moral chaos and political disruption."

NEW YORK, Sept. 14.—(AP) E. A. Purdy, investment banker of Minneapolis and member of the Democratic national advisory committee, said today that Governor Smith had "an even chance" in the Dakotas, better than an even chance in Minnesota and was a sure winner in Wisconsin.

Mr. Purdy, a caller at national headquarters recently made a business trip through the ninth federal reserve district.

"It looks like a revolt among the farmers out there that nothing will stop" his total supporters. "Our job is to crystallize that revolt for Smith."

GOLD BEACH, Ore., Sept. 14.—(AP)—All lodges in Gold Beach, Wedderburn and at Lowery's, up the river from the mouth of Rogue river, were filled to capacity with hunters and fishermen from all sections of the country. Hundreds are now scouring the Curry county forests for game. John Adams, former Curry county game warden, and his four sons, brought in five deer on the first day the season opened.

MANN'S THE BEST GOODS FOR THE PRICE, NO MATTER WHAT THE PRICE MANN'S
