# BELIEF AMERICA WILL TAKE HAND IN RHINE TANGLE

GENEVA, Sept. 17.—(AP)—The belief prevailed today that the United States would undoubtedly be asked to participate in the deliberations of the commission of experts that will work for a complete and definite settlement of the reparations problem. After a series of conversations, Great Britain, France, Germany, Italy, Belgium and Japan reached an agreement to name the commission and an accord in principle for special official negotiations looking to evacuation of the Rhineland.

In some circles the opinion was held that discussion of reparations would lead to a discussion of war debts in general.

Disclaimers were issues, however, that Europe had any wish to drag the United States into the reparations question. Nevertheless, the general opinion in political circles appeared to be that nothing sound, complete or final could be achieved without the collaboration of America, either through governmental representatives or financiers who would reflect Washington's views.

When delegates of 50 nations to the assembly of the League of Nations heard of the accord, the opinion was voiced that statesmen have begun to write the last chapter on liquidation of the consequences of the great war. Not only representatives of European governments but those from lands beyond the seas as well saw in the preliminary agreement a solid basis for effective collaboration between governments and peoples for a general solution.

# BALLOONIST DIES ON HIGH FLIGHT

MADRID, Sept. 17.—(AP)—Major Benito Molas, noted Spanish balloonist, who participated in the 1927 Gordon Bennett cup race at Detroit, was found dead last night in the bag of his balloon while on a flight to establish a new altitude record.

The major was using the same balloon, the property of the Aero club of Madrid, which he took to the United States for the Gordon Bennett race.

The balloon was found near the village of Caravaca in the province of Murcia. It was believed that the major died when his airline failed him while at a great altitude.

His companions in the flight corps at Alcaceres left for Caravaca today to bring back his body.
