

FINAL RITES FOR DR. R. J. CONROY ARE HELD TODAY

The last sad rites over Dr. Robert J. Conroy were performed this forenoon, the formal funeral services being held at 9 a. m. in the Catholic church, with requiem high mass sung by Rev. Fr. Francis W. Black, pastor, who delivered an eloquent tribute on the departed well known Medford physician; and also at the grave in the cemetery at Ashland where the services were in charge of the Elks' lodge of Medford, the lodge officers performing the B. P. O. E. burial rites.

The church was crowded with friends, and many were unable to gain entrance. There was an unusual profusion of beautiful floral tributes. Members of the Jackson County Medical association, of which Dr. Conroy was a charter member, attended the services in a body, and a delegation of ten physicians from Portland, where Dr. Conroy was well known, arrived by motor in the city in time to attend the funeral.

The honorary pall bearers were C. E. Gates, Dr. J. C. Hayes, Julius Wolfe, Ed Brown, Charles Strang and A. E. Reames.

The active pall bearers were members of the American Legion post of Medford.

The Legionnaire pall bearers were: George Gates, Dr. A. E. Kreske, L. B. Walthers, Dr. B. L. Lageson, H. S. Deuel and Virgil Strang.

DISTRICT MEET OF K. OF P. SATURDAY

Talkman Lodge No. 31, Knights of Pythias, held a very interesting meeting in their hall last night with seven past chancellors present.

A letter was read from Knight E. E. Wymberly of Alpha Lodge No. 47 of Roseburg announcing the Knights of Pythias convention of District No. 5 at Roseburg, Saturday, September 22, which promises to be the snappiest convention yet, ending promptly at 11 p. m., so that those wishing to return the same night may do so.

It was announced that all local Knights wishing to attend the Roseburg meeting see Chancellor Commander Claren Jaqua or Knight Carl Flechner concerning transportation.

Next Monday will be social night in the form of a stag party to which all knights and their friends are invited.

RECORD PRICE ON SECKEL SHIPMENT

A record price for a car of southern Oregon seckel pears was reported yesterday by C. C. Lemmon of the local Sgobel and Day fruit marketing branch. The pears came from the Del Rio orchards near Gold Hill and will net over \$3000 from a gross of \$4047.

Mr. Lemmon yesterday received the following wire from the New York office: "Pacific 17935, magnificent car fruit excited admiration everybody. Extras sold \$7.25 to \$12. Averaged \$8.50; fancies, \$6 to \$10; averaged \$6.75. Jumbies, \$5.75. Car grossed \$4047. Extend our congratulations to Del Rio raising handsomest seckel pears we ever saw—color magnificent, pack, grade perfect."

LINDY PAID \$8 PER FOR STUNTS

LOS ANGELES, Cal., Sept. 18.—(AP)—Colonel Charles A. Lindbergh prepared to hop off today on an eastward flight to an unannounced destination at least \$10 richer than when he came to Los Angeles last week.

The flying colonel was paid \$8 for each of the five days he appeared at the national air races as leader of the army's crack flying unit, "The Three Musketeers." It was learned. The races ended on Sunday.

Not content with divulging some facts about the colonel's salary, reporters cast an eye about and discovered that the colonel will attend an afternoon tea now and then. He was reported to have had tea with Mary Pickford yesterday during a visit to Hollywood.

NEW YORK, Sept. 18.—(AP)—An apple of gold is to be awarded the most perfect show girl. Pulchritude, personality, showmanship, style and general deportment all will count. Simon & Schuster, publishers, are conducting the contest. The committee on selection is John Erskine, Florenz Ziegfeld and J. P. McEvoy.

RESOLUTIONS BY GOLD HILL FOLK HITS COPCO PLAN

A meeting was held Monday evening, September 17, in Gold Hill in the council room for the purpose of revealing the sentiment of the people on the injunction served against the city of Gold Hill in connection with the power site project which is being developed in the interests of lighting and power uses for the city of Gold Hill by the Beaver Portland Cement company. A resolution opposing the legal action and policy of the California Oregon Power company was adopted by a vote of 52 to 1.

The present water supply for the city is inadequate and it was hoped by many citizens of Gold Hill that the project in question should have been completed by the coming spring. The resolution follows:

"We the citizens and taxpayers of the city of Gold Hill, Ore., in public meeting assembled at Gold Hill, Ore., this 17th day of September, 1928, being desirous of expressing to the people of the state of Oregon and all those interested against the operations and encroachments of the power trust in its efforts to sequester and control the power sites of the country, and particularly on and along Rogue river and in the vicinity of Gold Hill, do hereby

Resolve that we hereby condemn the action taken by the California Oregon Power company, in commencing a suit in the United States district court of Oregon against the city of Gold Hill to prevent it and its citizens from constructing a dam in Rogue river for the purpose of enhancing its water rights in Rogue river and securing water and power for the use of its citizens and residents.

"We emphatically denounce and hereby declare untrue the statement of the California Oregon Power company, in its complaint in said suit, that the construction of the dam by the city of Gold Hill will deprive the California Oregon Power company of any right in or along Rogue river of any material value to that company.

"We emphatically condemn and declare untrue any claim of the California Oregon Power company to any water right in Rogue river with which the dam of the city of Gold Hill will interfere, as being valuable to the power company for electric purposes.

"We emphatically declare that the action of the California Oregon Power company is taken solely for the purpose of hampering and impeding the city of Gold Hill in its efforts to secure for its citizens and residents adequate water supply and electricity at reasonable rates.

"We also emphatically declare that the action of the power company is taken for the purpose of forcing the citizens and residents of the city of Gold Hill to purchase electricity and power from the California Oregon Power company.

"We call upon all good citizens of the state of Oregon and of the United States to aid and assist us by legislation and their united influence to free ourselves from the influence and control of the California Oregon Power company and all like companies known as the power trust.

"We declare our readiness and willingness to assist and co-operate with any municipality which seeks the same or similar relief herein announced."

Dated at Gold Hill, Ore., this 17th day of September, 1928.

H. E. ADAMS, Secretary.

Attest: R. E. COOK, Chairman.

VARSITY PLAYERS AT HOT SPRINGS

John Robinson and his Varsity Vagabonds, well known dance orchestra, will play next Thursday night at the Hot Springs pavilion and will appear next Friday evening at Walker's hall in this city. Composed of seven students from the University of Oregon, the orchestra, during the last summer played extensively through eastern Oregon and southern Washington, their music making a hit wherever they played. The orchestra is now on a short tour through southern Oregon and will fill only a limited number of engagements. Clarence Hartman of Portland, well known arranger and composer of that city, and "Dinty" Moore, former local resident, are among the members of the musical organization.

ATHENS, Greece, Sept. 18.—(AP)—Greek bachelors are to be taxed to stimulate marriage and increase revenue.

LAUDS PRESS FOR RECORD SEASON AT CRATER LAKE

"The year 1928 has far exceeded any previous season and it is the opinion that from now on Crater Lake National park is so well established in California and throughout the east that an increased travel is assured for each year to come," said R. W. Price of the Crater Lake lodge, in reviewing the success of the summer period which ends with the closing of the hotel next Friday.

"Three factors which popularized the park were the wonderful highways to the park, the publicity of the Oregon newspapers within our own state, and the national publicity given us by the Southern Pacific company throughout California and the east. It has been proven to us this year that those are the three factors that absolutely put us across. The travel from California has increased about one-third here at the lodge, and our eastern business that was brought to us on the trains and halted over our transportation line has increased over 50 per cent."

Mr. Price stated in further discussing the resort. Sixteen per cent of the entire receipts for the season were derived from the people coming from the east over Oregon transportation lines. These reservations were sold by different railroad companies and by all of the most important travel bureaus throughout the east and California.

Tourist parties from such agencies as the Raymond, Whitcomb, Gillespie, Kinports and Beard have visited the park. Work on the new cafeteria and housekeeping cabins in the camp ground is progressing satisfactorily and will undoubtedly increase business during another year, Mr. Price reported. The long talked of veranda in front of the hotel has been started as an additional improvement.

FALLING PISTOL WOUNDS CLERK

ROSEBURG, Ore., Sept. 18.—(AP) Leslie Kellow, 29, local Standard Oil company employe, recently of Grants Pass, was seriously wounded this morning when he was accidentally shot through the right side when a revolver dropped from the holster carried by H. C. Anton, special school district officer from Portland.

When the accident occurred Kellow was engaged in servicing the car in which Anton, together with W. L. Priest and Ben Bogart, Burns Agency operatives from Portland, were returning from a hunting trip. Anton leaned over to examine a loose muffler pipe when the revolver dropped from the holster and struck on the bumper and was discharged. The bullet struck Kellow over the right breast.

The full extent of his injury was not learned as he was suffering from shock to such an extent that physicians postponed an examination until this afternoon. It was believed, however, that he would recover.

STOLEN DENNISON COUPE IS WRECK

Authorities today were attempting to locate Lee Lewis, who is accused of stealing a Buick auto from John Dennison and wrecking it near Eugene, placing Fred Taylor, a traveling companion, in the hospital. Lewis disappeared shortly after the wreck and has not been found.

The car was taken from Dennison's garage Sunday night and had been traded in for a new automobile by C. L. Strang of this city. Taylor will probably be charged with complicity in the theft.

JOHN JOHNSON AND SCOTT DAVIS WILL GO ROUND GLOBE

Boyhood ambitions will be realized by John W. Johnson and Scott Davis when they sail November 1 from San Francisco on a trip around the world, on which they plan to spend nearly a year in visiting the principal countries of the earth.

When they were boys together, and ever since they have planned on the globe encircling tour, which will be taken in leisurely fashion, as they have perfected their own itineraries and will not be connected with a travel tour agency. They will take with them a moving picture outfit, with a color attachment, which will be used in filming scenes of the old world and which they will probably show to local residents on their return.

Leaving San Francisco November 1, they will visit Honolulu, Japan, the Philippine Islands, China, India, Egypt, Spain, France, Italy, Switzerland, Belgium, Germany, the British Isles, Sweden, Norway and possibly other countries. They will make Paris their headquarters for two months.

Mr. Johnson the first of this year disposed of his jewelry store to the Brophy brothers and Mr. Davis has been named as assistant cashier. The two will return the middle of next summer and will be met in New York by Mrs. Scott and daughter, Ansl, according to present plans.

PORTLAND PLANTS TO GET CHEAPER ELECTRIC POWER

PORTLAND, Ore., Sept. 18.—(AP) Portland industrial electric power rates are to be slashed 10 to 30 per cent immediately.

The cut was announced today by Franklin T. Griffith, president of the Portland Electric Power company, and Guy W. Talbot, president of the Northwestern. It followed an investigation launched last month by a special committee of the chamber of commerce.

The committee sought conferences with local power chiefs to determine reasons for Portland's disparity in electric rates with other coast cities. After comparatively brief negotiations, the power companies agreed to slash electric charges 10 to 30 per cent to meet the competition of other west coast communities.

"The power rate reductions announced today are merely a gesture and the purpose back of them is to stave off the investigation that my firm is making in behalf of the city," said Kenneth G. Harlan, the power expert who is representing the city in proceedings now before the public service commission to reduce the rates of the Portland Electric and Northwestern Electric Power companies.

LURE OF ALASKA TOLD TO ROTARIANS AT NOON LUNCHEON

William Lyman, oldest member of the Medford Rotary club, gave an entertaining descriptive talk about the recent trip which he and Mrs. Lyman made to Alaska at today's Rotary luncheon at the Hotel Medford.

In the town of Ketchikan there are 14 miles of roads on which cars can travel and there are 410 high-priced automobiles in the place, Mr. Lyman said. The Rotary club at Ketchikan consists of 45 members and is the farthest north of any Rotary group in America. The Medford tourists were guests at a meeting during their stay in the town.

"I have never wanted to go to Alaska as much as I do right now. There's a lot to see and much to learn," Mr. Lyman stated. The weather in some parts of Alaska was reported to be as mild as that of Medford.

Other features of today's program were vocal solos to ukulele accompaniment by Paul Davenport of Whitman's shop, and a delightful violin number by Karl Mouldren, accompanied by Sterling Rothermel.

Howard Scheffel, chairman of a committee to develop plans for a Junior Rotary club, to be known by some appropriate name such as "Wolf Cubs," reported that he was co-operating with Clayton Isaacs in preparations to organize a group in the near future. It was announced that there will probably be two junior drum corps formed, one sponsored by the Boy Scouts and the other by the Rotary club.

Instead of the usual Tuesday luncheon next week the Rotarians voted to dispense with their meeting in view of the Chamber of Commerce forum scheduled for next Monday, September 23.

W. T. Bolger, chairman of the Jackson County Red Cross, announced that a drive for funds to aid the victims of disaster in Porto Rico, Florida and the Virgin Islands was to be started today. Before the meeting ended \$200 had been subscribed to the cause.

Guests today included the following: Ned Harlan, Ashland; Milo Nelson, San Francisco; Emil Brophy, Medford; Paul Davenport and Karl Mouldren, Medford.

Audrey's indifference
A Ford came looting up the road and Audrey laughed with glee. And cried, as she sprang from the track, "You needn't hoot at me!"

KLAMATH MODEL HOME ARRANGED BY MISS SNEDECOR

The first model home ever to be built at Klamath Falls will be formally opened to the public Friday afternoon, September 21, at 2:15 o'clock. Miss Jane Snedecor, who has assisted in interior decoration and furnishing of the house, will be present for the opening.

H. E. Roskamp of Klamath Falls, designed and built the \$3000 Spanish type home, which is located in the Hot Springs addition on the east side. Included in the six rooms is a beautiful bathroom featuring orchid fixtures and decoration; a silver bedroom, and one

combining gold tints in furniture and curtains.

The Studebaker company is furnishing two cars for the place, a roadster and a family car, which will be on exhibit in the basement garage.

Up-to-date electrical equipment for the entire home is being installed by the Copes, who will employ a demonstrator for the opening event.

All draperies and wall hangings for the house have been donated by the Snedecor art shops. Leather mohair in the material used throughout.

Mrs. George Lindley, president of the Klamath Falls library club, will furnish hostesses to greet the visitors who inspect the home Friday. Mrs. Fred Schafflock, president of the garden club of the city, will arrange flowers for the opening, which is expected to attract visitors from neighboring cities in view of the fact that it is one of the few model homes ever built in this part of the valley.

A HELPFUL STORE, PAY LESS, GET MORE!
NO "SALES"
but Low Prices Every Day of the Year
Why Don't You Hold "Sales" Like Other Stores?—We Are Frequently Asked
Our Answer Is—
We buy and sell only standard, first-quality goods. We do not handle bankrupt stocks, imperfect goods or "seconds." Hence we have no pretext for "reducing prices."
New goods are arriving at our store almost continuously. Nothing remains on our shelves long enough to become shop-worn. Hence there is no occasion for our holding "price slashing events" to get rid of such obsolete merchandise.
When new merchandise is received at this store the lowest possible price consistent with the market value of the goods is placed on it. You get the advantage of this low price EVERY DAY and not alone on special "sales" occasions. We want you to shop at your convenience. No need to rush in today to enjoy a low price. The same low price will be here tomorrow.
