PLANTATION MAN FROM HONOLULU VALLEY VISITOR

George Renton of Honolulu, manager of the Ewa sugar plantation, the third largest in the Hawaiian islands, spent two days sightseeing in the Rogue River valley this week and left here today for San Francisco accompanied by Mrs. Renton, Miss M. McAuley, special nurse for Mr. Renton during a recent severe illness, and their chauffeur, Roy ...rl, of San Francisco. The Rentons are on a vacation tour.

A. G. Budge, son of William Budge, and formerly of Medford, is one of the directors of the Ewa, which consists of 8000 acres under cultivation. "Budge is a capable fellow with a wonderful personality and it was through real work that he acheived his present high position," Mr. Renton said in discussing the local man.

The Ewa is located just 18 miles outside of Honolulu and there are 20000 men on the payroll, including 7100 Filipinos, 300 Japanese and the remainder white and Japanese. Most of the Americans are technically trained university graduates who are employed to study the pest question.

"Expert entomologists from all over the world come to us to see just how this system of combatting sugar cane borers and other insects by importing good bugs to destroy the bad ones actually works," Mr. Renton said in an interview this morning.

One hundred million gallons of water are used for irrigation purposes in 24 hours during the hot summer months. Only 65,000 millions of water are used during 24 hours in the city of San Francisco, Mr. Renton stated. An idea of the expense connected with the upkeep of the huge plantation is the fact that fertilizer for one year amounts to $250,000.

All of the employes are furnished with green houses with gay red roofs, and each family competes with its neighbors in fixing up the yards so that the result is an extremely attractive layout, the visitor declared.

For 19 years Mr. Renton has been on the Ewa plantation and during that time it has become an up-to-date place. A special hospital is maintained on the grounds. There are 900 children—white, brown and yellow—in the school, and in addition to the regular school there is a kindergarten. Three Salvation Army workers stay on the plantation in order to teach the natives higher standards of living.

A separate club has been organized for each nationality represented on the plantation, the Americans having approximately 70 members in their group. Most of that number are specially trained managers and entomologists.

Although the visitor from Honolulu has made many trips to the United States, this is the first time that he has come over at this time of year. "I have never seen pears and apples growing until this month, and you surely have the ones around here," he said.

The party motored to Crater Lake Monday and all of them were enthusiastic about its beauty.

GRAYSON CHOSEN NATIONAL LEADER SPANISH WAR MEN

HAVANA, Oct. 9.—(AP)—William L. Grayson of Atlanta, Ga., was today unanimously elected national commander of the United Spanish War veterans.

Previous to the election the veterans heard Admiral Hugh Wiley, U. S. N., advocate the principle that the navy of the United States should be equal in strength to that of any other nation.

"A navy second to none is no infringement on the rights of other nations. It is not enough to show ourselves to be right, unless we also be strong."

Greetings were brought to the convention from national headquarters of the G. A. R. by Mrs. Sarah J. Erwin, of Buffalo, N. Y., who spoke as a representative of General Rees, national commander of the civil war organization.

FANATIC MOSLEMS MURDER 200,000 CHINA PROVINCE

NEW YORK, Oct. 9.—(AP) Dr. S. Parkes Cadman, chairman of the China famine relief organization in New York City, received information today of the massacre of about 200,000 persons by fanatic Moslems in Kansu province, China.

Dr. Cadman received a letter from Leighton P. Rand, China Inland mission, at Lanchowfu, Kansuh, China, depicting the horrors of the situation which he says have been intensified by an insurrection of the Moslems, who form a third of the population of the province.

"Though starting in the appearance here and there of unorganized robber bands, it has spread like wildfire," the letter said, "and has now become just such a Mohammedan rebellion as has on several previous occasions in the past century laid waste the province and decimated its population."

"From reports already in from the interior districts," the letter to Dr. Cadman continued, "the known massacred exceed two hundred thousand. A stream of reports is coming in to the committee telling of villages pillaged and burned and those inhabitants who escaped with their lives being without food or clothing."

ARMAMENT PARITY DESIRE OF ITALY IN NAVAL ACCORD

LONDON, Oct. 9.—(AP) The Italian reply to the Franco-British naval accord was delivered to the foreign office today. The contents of the note, as announced in Rome yesterday, express a desire for Italian parity with any other European continental power in naval armaments and favors global tonnage limitation in preference to limitation by categories.

The demand for parity with any other continental power has stirred particular interest, official circles saying that it would work toward a situation that would give Italy a preponderating force in the Mediterranean. France, the most powerful of the continental nations, needs to detail a considerable part of her fleet to guard routes to her colonies whereas Italy's fleet would be concentrated in the Mediterranean.

KLAMATH FALLS, Ore., Oct. 9.—(AP)—John Ferris, Portland, was killed on The Dalles-California highway near Crescent early today when he fell asleep while driving north toward Bend. He was accompanied by Robert Pargan, but whether the latter was injured was not reported here.

Struck down by an automobile driven by Mrs. W. L. Scott, George Staton, aged 59, was killed last night on The Dalles-California highway north of Klamath Falls. The man was walking down the road on his way to this city when struck by the machine. He died en route to the hospital.

FINES ASSESSED BY JUDGES FOR ILLEGAL HUNTING

For killing a fawn deer in the Greenspring mountain district last Sunday, Clyde Adams, local truck driver, was fined $100 when he entered a plea of guilty in Judge Taylor's court today. Three hunters were fined $50 each in the Ashland justice court yesterday for the possession of a doe, and three other hunters, arrested in the Evans creek section last week, will have trials in the local court next Friday on charges of hunting at night. The arrests were all made by Deputy Game Warden Roy Parr of Ashland.

O. B. Lambers, Jack Lambers and W. Wilton, all of Ashland, were fined $50 each for killing a doe in the Greenspring district, where they were arrested Sunday. Jack Stalworth, R. E. Hainer and E. Garfield, all of Medford, will have a trial next Friday before Judge Taylor for hunting after dark, between 7:30 and 9 o'clock. They entered pleas of not guilty when they were brought into court last week.

The fawn, according to Game Warden Parr, was quite young, and up to a short time ago was believed to have still been a spotted fawn. The game department is determined to wage a vigorous campaign against fawn killing and fines in the future will not be so light, according to present plans.

LEVINE AIRPLANE TO HOP AT DAWN FOR ROME FLIGHT

ROOSEVELT FIELD, N. Y., Oct. 9.—(AP)—Charles A. Levine's veteran monoplane Columbia was ready today for a second takeoff at dawn tomorrow on its second crossing of the Atlantic—this time to Rome.

Plans for the flight were announced by Roger Q. Williams, veteran flier, who said he would pilot the plane with Pietro Bonelli as navigator and Levine as a possible passenger.

Williams and Bonelli had been working for the last year with Cesare Sabelli on a projected flight to Rome in Sabelli's Sesqui plane, Roma. Various delays held up the flight, however, and Williams said he and Bonelli had definitely severed connections with the venture.

Levine gained the distinction of being the first trans-Atlantic airplane passenger in his flight to Germany with Clarence D. Chamberlin.

Friends recalled that he said some time ago that he was eager to make another Atlantic crossing in the Columbia and that he planned to make on soon.

Bonelli declared weather conditions at sea to be exceptionally good at this time. Should the Columbia run into thick weather half way across, he said, they would try to locate the German dirigible County Zeppelin, which probably will be en route to this country at that time, and escort her to Lakehurst, N. J.

KENTON BANKER DENIED HEARING SUPREME COURT

SALEM, Ore., Oct. 9.—(AP)—The supreme court today denied a rehearing to J. V. Burke, who was convicted of misapplication of funds of the bank of Kenton and sentenced to serve a term in the state penitentiary and pay a heavy fine. The denial was by an opinion written by Justice Brown. The opinion, affirming the conviction in the lower court for Multnomah county was handed down in July.

Other opinions today were:

Amanda Hedrickson vs. City of Astoria, appellant; appeal from Clatsop county; action to recover damage. Opinion by Justice Bean. Judge J. A. Eakin affirmed.

George Grammer vs. Wiggins-Meyer Steamship company, appellant, et al; appeal from Multnomah county, for damage for personal injuries. Opinion by Justice Brown. Judge Robert G. Marrow affirmed.

Nick Topolos vs. O. H. Skotheim and J. C. Palmgi, appellants, appeal from Multnomah county; suit for rescission of exchange of properties on ground of fraud. Justice McBride. Judge Robert Tucker affirmed.

Minerva Knight vs. City of La Grande, appellant; suit for damages for personal injuries. Opinion by Justice Rossman. Judge J. W. Knowles affirmed.

ACCOUNTANTS SAY ALDERSON BOOKS ARE IN MUDDLE

PORTLAND, Ore., Oct. 9.—(AP)—Accounts of W. C. Alderson, county school superintendent, who shot himself to death yesterday over his daughter's grave, were being checked today to trace funds paid to Multnomah county by Washington and Clackamas counties.

Money for tuition of Washington and Clackamas county ... Portland schools was paid over to Alderson, who was responsible for turning it over to the Portland school district.

Accountants said that Alderson's books were muddled and that they had not yet been able to account for all the amounts due.

Miss Edith Alderson, sister of the superintendent, found in a cedar chest in the Alderson home late yesterday a note which read:

"I hope that the public verdict will be this: 'In his 10 years of service he has given more than he has taken.' The man who killed my daughter killed me also."

Friends reported Alderson had grieved constantly over the death of his daughter, who was killed in February, 1928, by an automobile driven by a drunken man.

Workmen Buried.

PRAGUE, Czecho Slovakia, Oct. 9.—(AP)—Sixty workmen were buried under the debris of an eight-story building which collapsed today. The number of dead had not been determined.

ASTORIA, Ore.—Nehalem road job nearing completion.

Sports

FOOTBALL TEAM PREPARING FOR SALEM BATTLE

The Medford high school football team will spend the next two weeks nursing bruises and preparing a defense against the aerial attack the Salem high school is certain to launch in the game between the two schools to be staged in this city Saturday, October 20. It will be the first meeting for four years between the two teams and will be one of the big games of the year for the Rogue River valley.

The locals came out of the Chemawa and Marshfield games badly banged up. Jack and Bernie Hughes received kicks in their noses, Al Shean hurt his hip, Harold Anderson has a sore hand and other members of the squad are more or less battered.

Coach Callison will "point" his squad for the Salem contest, and the first thing on the program will be a rest and healing period, and the assimilation of new plays and signals to forestall the information gleaned by Salem scouts and the earful of data that will be given them by Chemawa players. The Salem team will line up with plenty of knowledge about Medford's style of play. The team will be gradually conditioned for the Salem battle.

The weakness of the Callison crew in aerial defense was shown in both the Chemawa and Marshfield games. Both scored touchdowns on forward passes that were due in a large measure to carelessness on the part of Medford backs. This defect will be ironed out.

The Medford team returned to this city early Sunday morning, leaving Marshfield immediately after the game.

Light work was held last evening and the errors of omission and commission in the game discussed.

BEND MAY PLAY MEDFORD SUNDAY IN REVENGE GAME

Negotiations are under way between the Bend and Medford baseball teams for a return game in that city as soon as possible, and it is expected that terms will be reached in time for next Sunday.

The double defeat handed Bend by the locals two weeks ago rankles in the bosoms of all good Bend fans, not to mention the team, and they desire the smirch wiped off their civic honor, and revenge.

The Merchants are still intact, as most of the players will winter here, and they desire a return game as much as Bend does, but it is a long and expensive trip.

Bend tackled the Portland Beavers last Sunday at Klamath Falls, and were beaten 8 to 5, a home-run capping the climax.

GONZAGA ATHLETE SUFFERS INJURY IN IDAHO GAME

SPOKANE, Oct. 9.—(AP)—Mel Ingram, one of the greatest ball carriers and strategists ever developed at Gonzaga university, has played of his last intercollegiate football game.

Ingram, a halfback, suffered three broken vertebrae when he was tackled in the game with the University of Idaho last Saturday, Dr. John H. O'Shea, Gonzaga physician, said that x-ray pictures taken yesterday show.

The injury occurred early in the first period of the game, but after being taped, Ingram insisted on resumbing the game at the second half, and played through one period before he was taken out again.

The injury is not of a permanent nature, Dr. O'Shea said. Ingram undoubtedly will be able to play baseball next spring, but may never able to play football again. He is in his senior year.

FANS INTERESTED IN HEAD EVENT ON SMOKER CARD

Boxing fans of the city and valley are awaiting with considerable interest the smoker at the Medford arena next Friday evening, with Gene O'Grady of Ashland and Hottinger of Oakland in the main event. The pair size up evenly and neither has a physical advantage over the other. Hottinger is the more experienced battler and O'Grady hits the hardest licks. The former has been fighting main events and semi-finals in the San Francisco region and comes highly recommended to Matchmaker Sailor Jack Wood.

Pat Padelford, local lightweight favorite, will meet Willing Wilson of El Paso, Texas in the semi-final and it also promises to be a hectic affair.

There are a couple of red-hot preliminaries, Wagner of this city being pitted against Joe Corbett of Klamath Falls.

A large delegation of Ashland fans will attend the bout to root for O'Grady, who will work out this evening at the local arena.

Wheat Estimate

WASHINGTON, Oct. 9.—(AP) A preliminary estimate today by the department of agriculture of the winter wheat crop places production at 579,000,000 bushels compared with 573,000,000 bushels indicated a month ago and 553,2..,000 harvested last year.

ROSEBURG, Ore.—S. P. company announces plans to erect two new buildings here and will conduct stationary steam plant and general shops.

CUBS VICTORS CHICAGO SERIES

CHICAGO, Oct. 9.—(AP) Sheriff Blake pitched a seven hit game today as the White Sox defense crumbled behind four pitchers and the Cubs won the city baseball title, taking the final and deciding game, 13 to 2. Score:

	R	H	E
Cubs	13	16	0
Sox	2	7	5
