SACRAMENTO SEALS VICTORS IN FIRST ROUND PLAYOFF SERIES

SACRAMENTO, Cal., Oct. 11.—(AP)—With the first game of the Pacific coast championship series tucked away in the bat bag, the San Francisco Seals today were here to play the second and third games of the series today and tomorrow.

The opening game yesterday at San Francisco was interesting because of the number of pitchers and hits featured. Sacramento led in both departments but dropped the game, 12 to 5, when the team failed to convert its 19 safeties into counters. The Seals collected 15 hits from five Senator twirlers. "Dutch" Ruether, leading pitcher of the league, held the Solons scoreless to the seventh although he had been hit in every inning. Five hits and an error in the seventh registered two tallies and a like number of hits in the eighth netted three. "Buckshot" May replaced Ruether to finish the game.

Ray Keating, runner up for the league pitching honors, started for Sacramento, but left the mound in the fourth in the midst of a Seal slug fest, and Crandall, Bachac, Kunz and Bonnelly divided the remaining five and a third innings among themselves.

Snuppy fielding kept many of the hits from becoming scores. Johnson, Senator outfielder, and Averill, Jolly and Suhr of the San Francisco squad, took the honors in that department. Elmer Jacobs will probably start on the Seal mound here today to battle with Louis Vinci, Sacramento thrower.

FRIDAY SMOKER TO BE STAGED IN FINE ARENA

Medford boxing fans this Friday night will see a 27-round smoker in what is claimed to be one of the best arenas of its size in the state, having been constructed especially for boxing and gymnasium purposes. Gene O'Grady, the Ashland knockout master, will make his first appearance there Friday night against Gene Hottinger of San Francisco in what is expected to be one of the fastest matches seen here for sometime.

The new arena will be equipped with cushioned chairs on sloping floors and will be well ventilated and lighted. It has been in course of construction for the past several months and is now receiving the finishing touches. A stage is being constructed and will be used in connection with stage presentations by Frank's Comedians, who will forsake their big tent on Sixth street because of cool weather and play here for the remainder of the winter.

The arena also has a large gymnasium space, which is slated to become popular with local business men and others who desire gymnasium work, all of which will be under a trained instructor. Shower baths are also being installed.

King Vidor Scores in Rialto Film

King Vidor has scored again in "The Crowd," now playing at the Rialto theater.

The grim horrors of war which formed the background of "The Big Parade" are lacking in "The Crowd," but there is a background of everyday struggle for very existence.

Every picturegoer can see himself in the cast, also many of his friends. The picture does not put its reliance upon the great happenings of life but weaves a story of romance and struggle from the little everyday occurrences.

Eleanor Boardman is seen at the height of her career as Mary, and James Murray proves that he is a natural actor.

Violin Idea Coming Sunday

Bobby Agnew, smiling screen star, comes to Hunt's Craterian theater next Sunday, co-featured with Jan Rubini in Franchon and Marco's "Violin Idea."

Bobby Agnew ranks foremost among the off-screen entertainers of Hollywood's notables. He dances well and has a charming voice, which coupled with his pleasing stage personality makes him a most likable entertainer.

With performers like Bobby Agnew and Jan Rubini, the "Violin Idea" is assured of the best in talent. In addition, it also features Helene Hughes and Roy Smoot Bradley and Wayne, the Aber Twins, Azneze and the Fanchon and Marco Violin Beauties.

Corrects the mistakes of old-time shaving preparations

Palmolive Shaving Cream is a scientific creation. Men by the millions are flocking to its use.

We started by asking 1000 men what they most desired in a shaving soap. Then met their exactments one by one. It is different in formula, action and effect from any other shaving preparation known. It corrects the 5 mistakes of old-time shaving preparations.

1. It multiplies itself in lather 250 times.
2. It softens the beard in one minute.
3. The lather maintains its creamy fullness for ten minutes on the face.
4. The extra strong bubbles support the hairs for cutting, where weak bubbles let them fall down.
5. The blend of palm and olive oils brings fine after-effects.

Accept today

Now to win you over to a trial, we make an offer which we believe is the most remarkable any manufacturer ever made to gain a fair trial for his product.

On SLIPPERY ROADS

This Winter, ENJOY

SAFETY and TRACTION

On the New GOODYEAR Tires

You don't pay much attention to tires until you have trouble with them. But did you ever stop to think how important it is to have your car equipped with tires that will grip the road and STOP when you apply the brakes, and grip the road and START when you apply the gas?

The new Goodyear will do both these things better than any tire we know of.

A simple way to demonstrate this is to place the palm of your hand, flat on top of the tread of the new Goodyear and press down firmly. You'll feel the tread grip and *pinch* the flesh of your hand. It grips, and actually pinches, the road in the same way.

Come in and try this yourself whether you need tires now or not. We want to explain this and the other reasons why the new Goodyear is called The World's Greatest Tire.—You'll especially need Goodyears now that rainy weather is here.
