Due to increasing traffic at that intersection, the city traffic department is considering the proposition of prohibiting reverse turns at the intersection of South Central avenue and Eighth Street. Traffic is made heavy at this point by the proximity of the theatres and a hotel, all of which contribute heavily to the number of cars driving on the two streets.

Ray Automatic OIL BURNER

first: Your recognition of the fact that oil is the modern fuel for heating homes.

second: Your selection of the one oil burner which, because of its proved performance in the past will give you the greatest comfort with the least effort.

Are You Aware?

That the RAY Automatic Oil-Burner consumes the heavier, cheaper grades of fuel oil—is automatically controlled to the end that, although your absence from home may be prolonged, its operation will not be affected in any way—that it starts itself—feeds itself—and regulates itself according to the temperature you desire?

That even the temperature possible under the circumstances prevents winter ills, and gives greater comfort and well-being?

That this controlled heat produces greater fuel economy than is possible with coal or other fuels—and the many aggravating cares and extra work which go with an ordinary heating plant are entirely done away with?

In other words the RAY Automatic Oil Burner adds to the happiness of a home—and happiness has no price.

*Approved as STANDARD by the Underwriters' Laboratories

You know, of course.

That oil is the cleanest bulk fuel obtainable.

—and that no shortage of fuel can ever take place.

—that progressive home owners, everywhere, are adopting this new economical method of home heating that is safe, clean, dependable.

—that its use eliminates soot and ashes with their resultant dirt and does away with all labor and care.
