The primary object of the flight of the Graf Zeppelin to America, he said, has been to give a demonstration that modern rigid airships can be operated across the north Atlantic and on other oceanic passages with safety and reliability.

COOS BAY BRIDGE REQUEST DENIED

Notice that the war department has denied the application of the Coos county court for a bridge across Coos Bay between Marshfield and East Side was contained in a letter received from Col. G. R. Lukes, division United States engineer in Portland, by the county court today.

Coos county once voted \$200,000 to construct the bridge, but communities on the bay were never unanimous in favoring what is known as the "Dark avenue site."

BOY WITH MANIA TO KILL PUZZLES NEBRASKA POLICE

ALLIANCE, Neb., Oct. 25.—(AP)—A 12-year-old boy with a mania to "kill something," who kidnaped a 2-month-old baby and, when caught, was hunting for an axe to behead the infant, presented a problem to county officials today. The baby was kidnaped from the automobile of Mr. and Mrs. Melvin Colerick, the parents, who parked the car while they visited relatives. In the weeds of a nearby vacant lot the boy had concealed the child. The baby's cries attracted a neighbor's attention. The boy was discovered by Sheriff Jones as he was searching for an axe. The boy told the sheriff he intended to kill the baby, but refused to give a motive other than a desire to "kill something."

Mrs. Colerick's purse, which was missing from the car, was found near the baby, whose clothes had been removed. The infant suffered slightly from exposure, but was otherwise unharmed. The boy, whose name was withheld, is in second grade in school, behind most children of his age. He was allowed to return to his home until County Attorney Romig decides what had best be done with him. The boy's parents have lived here several weeks.

LITTLE CHANGE IN PRICE QUOTATIONS PORTLAND TODAY

PORTLAND, Ore., Oct. 26.—(AP)—Trading was brisk on local fruit and vegetable markets here this morning but price changes were few and unimportant. Apples and pears were in plentiful supply at steady prices and movement was a little heavier than earlier in the week. Grapes were also plentiful at easy prices but quotations were not notably lower. Dry onions, potatoes and other kinds of sacked roots were likewise steady with movement fairly heavy. No price changes were quoted in either butter or eggs and both markets appeared steady on the street today. Country dressed meats were steady and unchanged. Heavy weight stock was slow to move but demand for real choice stuff was active. Nothing of especial interest had developed in poultry prices despite the publication of reports that the turkey crop this year would be at least 4 percent larger than in 1927. Judging from growers' reports, turkey crops in the western states will be substantially larger than a year ago with Montana's increase approaching 9 percent, Idaho's 26 percent, Utah 22 percent, Nevada 25 percent, Arizona, 15 percent, Colorado 26 percent, Washington 25 percent, California 25 percent, and Oregon 39 percent more.

BRIDE-TO-BE DIES BY OWN HAND AS WEDDING NEARS

PHILADELPHIA, Oct. 25.—(AP)—Clasping the bridal gown she was to wear at the altar a few hours later, Miss Tola Swain, 25, a saleswoman, shot herself through the head in the bedroom of her home. A maid who came to dress her for the wedding found her lying amidst the clothing, dead. Beside her lay a .22 calibre pistol and this brief note: "I have nothing to live for; please forgive me."

Police today were looking for the man she was to have married—Paul C. Beard, of Pittsburgh. He did not arrive for the wedding, which was to have taken place at 8 o'clock last night. A search of the marriage license records for this month failed to reveal that the pair had obtained a license. Relatives and friends of Miss Swain who were here from other cities for the ceremony were unable to furnish a motive for her act. Her sister, Mrs. R. S. Calogno, of Garden City, N. Y., said Miss Swain had appeared happy and had spent some time yesterday in looking over her wedding gifts.

"There were no difficulties between her and Mr. Beard that I know of," Mrs. Calogno said. Miss Swain came here ten years ago from Wichita, Kan. She was employed by an engraving concern.

MONEY STRESS BELIEVED CAUSE DOUBLE TRAGEDY

PORTLAND, Ore., Oct. 26.—With a bullet fired through the temple of each, the bodies of a man and woman were found today in a touring car. Addresses found indicated the victims were Mr. and Mrs. E. K. Norberg, of San Francisco. Positions of the bodies caused police to believe the man shot the woman and turned the gun on himself. A letter showed possibility that the deed resulted from lack of funds. On the back of a picture on which was printed the name Dorothea Norberg, was written a note. It read: "Mother's only darling baby girl. Only God knows how I love you and daddy. Lovingly, Mumsy." The card was in a leather handbag which was found on the woman's lap. The car in which the bodies were found was parked on an out-of-the-way street in the Kings Height district, overlooking the city. The man was about 33 years of age and the woman about 40. The car bore the California license plate, "1-946-210." On the windshield was a visitor's permit made out to E. K. Norberg, San Francisco, September 19, 1928. The handbag was stamped inside in gold, "Norberg Auto Repair Shop, 165 Eddie street, San Francisco."

PEOPLE OF TALENT VICINITY ENDORSE THOMAS

The following statement, handed us by people in the vicinity of Talent, is an indication of the effect of the bitter and expensive campaign now being carried on by the so-called Better Government League against Judge Thomas:

We, the undersigned residents of the vicinity of Talent, have not lost our respect and esteem of Judge Thomas, and in spite of the petty ambiguous campaign that has been carried on against him, we are more than ever glad to support a man who conducts his court in the interest of the people and who is not dominated by any particular clique or group of lawyers. We hereby protest the action of a certain group of lawyers for making a political issue out of the Circuit Judge race.

It sounded like apple-sauce to me

IT JUST didn't make sense . . . I mean, that I could get a sure-enough Victrola, with Orthophonic-type Sound-box and four good-looking record-albums AND an all-electric, six-tube Radiola 18, with built-in speaker—both instruments in an attractive cabinet for something like \$285. complete with tubes. But I decided to look into it and, believe it or not, it was all true. You bet I did buy it. It's great!

MELLON NOT ILL DESPITE REPORT CURRENT TODAY

WASHINGTON, Oct. 26.—(AP)—A wild rumor which apparently gained circulation throughout the nation this afternoon had Secretary Mellon seriously ill, but investigation at his office found him working at his desk as usual. Nobody could check the origin of the rumor which brought long distance telephone calls to the secretary's office and numerous inquiries to newspaper offices. The secretary attended the cabinet meeting as usual at noon then
