

ROBT. KYLE HOME TO BE SHOWN AS MEDFORD MODEL

The five-room Spanish stucco home of Robert Kyle nearing completion at the corner of Rose avenue and Fourth street will be shown to the public as Medford's model house with a two-day exhibition early in November.

The exterior is a chocolate brown with just enough orange trim to relieve the dullness. H. E. Robinson is the decorator who planned the novel fireplace, attractive interior walls and numerous unique features throughout.

Wooded floors in the living room and dining room are laid for cabin fashion and the ceiling of these two are banded and cox.

Walls of the two bedrooms are a blend of green, cream and lake red plaster which results in a pleasing effect.

Three shades of light green are used throughout the kitchen which is a combination of built-ins and beauty. Even the table and benches in the breakfast nook are the type which may be folded into the wall when not in use.

One bedroom is finished in blue and cream and the other has a background of pale orchid with large blocks of mixed colors outlined by a tracing of dull orange on each side.

The light fixtures in the halls and two front rooms are made of hammered iron. A force draft system of heating has been installed by the Peoples' Electric store.

Rose in two shades is used in the bathroom, the tile floor being rose and cream and the walls pale rose with deeper color bordering the mirrors and door.

CHURCHES REPORT RESULT OF CALL

From every one of the Medford churches in the Six Weeks Loyalty Campaign there comes a good report of the results of Roll Call Sunday on the 21st, and the Men's night, feature at the evening services of the different churches.

Next Sunday will be Family day, the idea being to have whole families attend the morning services and sit together, as far as possible.

BANQUET ROOM TO BE OPENED BY DUTCH OVEN

An attractive place where dinner dances, banquets, after-theatre parties and club affairs may be held will be completed within the next month or two, according to present plans of C. L. Selby and Mrs. Helen Schoenbach, owners of the "Dutch Oven" in the Children's building on the banks of Bear creek.

The new establishment will be an extension of the Dutch Oven and will occupy a 40x60-foot space in the basement of the same building. Hardwood maple floors, individual booths, modeled on the plan of a modern dining car on an eastern railroad, are included in the unique arrangement designed by Mr. Selby.

Red and green favorite colors of the Dutch will be used in decorating the room, thus carrying out the color scheme of the popular restaurant above.

Work is now under way on a sanitary and up-to-date kitchen in the basement of the building. As soon as this is completed practically all of the cooking for both the present and the new business will be done there.

Daily Meteorological Report. Saturday, Oct. 27. Medford and vicinity: Cloudy tonight and Sunday, with occasional rains. Moderate temperature.

Friendly Thoughts By John A. Perl

The bird's carolling is the dawn's cheery "good morning" to the world. A happy heart when work is begun brings smiling peace when the day's work is done.

Those who adopt high standards of practice and then conscientiously live up to them secure the respectful good will of a community.
