APPLICATION FOR HOSPITAL SITE IS MADE IN ASHLAND

ASHLAND, Ore., Oct. 30.—(Special)—An application for a site in Lithia park to be leased to a Los Angeles doctor for the erection of a large sanitarium was made to the city council and the park board. It came in the form of a tentative proposition with the details to be worked out later. However, it was stated that the project would involve the expenditure of about $200,000 for building and another $100,000 for equipment. The area sought would include the present auto park camp site, or a part of it, and the elk pasture lot at the Granite street entrance to the park. C. F. Peaks and Mr. Early of Los Angeles, representing a Los Angeles doctor who is said to be a graduate of the medical school at Heidelberg, Germany, made the preliminary proposition to the Ashland authorities. The ideal natural surroundings and the mineral waters are two of the chief attractions to the California men.

There Is Just One Way to Get the Judgeship Out of Politics—Defeat the Organized Political Lawyers Masquerading Under the "Better Government League"

The Republican County Central Committee has neither the time, nor has it the money, to buy newspaper space in which to answer all of the long, laborious and technical attacks made upon Judge Thomas by a group of Medford lawyers. These lawyers seem to have great capacity for writing fiction, and a limitless war chest. This Committee has asked Judge Thomas for information in reference to some of the most important charges. This advertisement will be followed by others.

COLD CALCULATED DISTORTION

Distortion of facts by a group of Medford lawyers masquerading under the name of "Better Government League" appeared in the Sunday morning papers under the head of "JUDGE THOMAS IS AN EXPENSIVE LUXURY".

HERE ARE THE FACTS

Hon. A. L. Leavitt, Circuit Judge of Klamath County, first came to Jackson County to try a case wherein E. E. Kelly had filed an affidavit of prejudice against Judge Thomas. He was here several times afterwards. The advertisement above mentioned failed to say that Judge Thomas was ordered by the Chief Justice of Klamath County to try the three Scandinavian Hall murder cases and he was compelled to stay there a solid month because affidavits of prejudice had been filed against Judge Leavitt. *Judge Thomas gave as much time in Klamath County as Judge Leavitt gave in Jackson County.*

Judge Evans of Portland has been sent here several times but Judge Thomas sat on the bench for a month to six weeks in Portland each year.

An affidavit of prejudice was filed against Judge Thomas in the Sweeney case by A. E. Reames. Judge L. H. McMahon was appointed to try the case. Affidavit of prejudice was also filed against him. Then Judge Kelly of Linn County spent one day here on the case, by order of the Chief Justice. Judge Kelly was followed by Judge Bagley who sat on the case one day.

Judge Thomas spent three days on the Salem bench after affidavits had been filed against Judge Kelly and against Judge Ramsey of Polk County.

The next Judge on the list is Judge Hamilton of Roseburg. He has never presided in this district since Judge Thomas was elected, although Judge Thomas has held court at Roseburg. Judge Hamilton did pass on the Rowley water case at Roseburg.

When Judge Thomas was in the hospital Judge Walter Evans of Portland arranged for Judge Fee of Pendleton to dispose of some cases here that were ready for trial.

Judge Skipworth, as every one knows, was sent here to try the Newton C. Chaney case, as it would have been manifestly improper for Judge Thomas to try this case. Judge Thomas had previously presided over Judge Skipworth's court in Benton County.

Judge Corkins came to Jackson County on one occasion—*to try the Torry-Daniels case in which A. E. Reames filed an affidavit of prejudice against Judge Thomas.* Later Judge Corkins, Judge Hewitt, Judge Parker and Judge Walker have aided during Judge Thomas' long sickness and convalescense. Many of the Circuit Judges of the state kindly offered their services to Judge Thomas during this period.

The judges are paid from the State Treasury and by the statutes are under the Chief Justice of the Supreme Court and are shifted when available to points where the dockets are crowded.

Judge Thomas has held court in many districts of the state during his term and, as stated, has given, by order of the Chief Justice, from six weeks to two months a year away from this district up to the time of his operation in the spring of 1927.
