VOTE QUESTION DISCUSSED BY CLUB WOMEN

"Why vote?" was the subject of talks, discussions, and entertainment features at the Greater Medford club meeting held yesterday afternoon at Hotel Medford, under the chairmanship of Mrs. Rose Schefflin.

The seriousness and humor of the greatest national event were alternately stressed throughout the spirited meeting which proved to be one of the most interesting of the year so far.

Joseph P. Cowgill, local sportsman, presided at the affirmative issue of the four water and fish bills which will appear upon the ballot at the coming general election. Mrs. Rose Schefflin gave a brief talk on the importance of casting a vote, and Mrs. M. J. Norris supplemented her talk with one calling attention to the main issues of the national campaign.

Mrs. Percy Bray presented an original humorous skit entitled "How to Vote and Who to Vote For." She was followed by Mrs. Royal Behb, who contributed two delightful vocal solos.

CLUB SECRETARY VISITS MEDFORD BANQUET TONIGHT

"I'm thoroughly in love with Oregon," said Miss Emily Kneubuhl, executive secretary of the national federation of business and professional women's clubs of New York, who arrived in Medford this noon as part of her scheduled tour of the western states. Miss Kneubuhl will speak at a banquet given in

her honor by the local business and professional women's club of this city, added that she cast her secret ballot in this state last Friday, when she stopped over in Eugene.

That the average business woman has a greater opportunity for expansion here than she has in the east, is one of the observations the Eastern woman has made upon this tour.

"The Western woman has advanced beyond her sister in the east in two respects; business ownership, and running for public office. The pioneer instinct of the western woman has asserted itself to a marked degree," she said.

Miss Kneubuhl will speak tonight on the "Power of Organized Womanhood." She will leave in the morning for Grants Pass where a banquet will be held in her honor. A number of local women will escort her to the northern city.

EAGLES READY FOR SLIPPERY GULCH

Preparations are complete for the Eagles' Slippery Gulch at the Natatorium next Thursday, Friday and Saturday and the fun will begin Thursday evening at 7 o'clock. The gulch is a throw-back to "Days of '49," and will include roulette wheels, faro tables, poker, spear wheels and a country store. It will be similar to Happy Canyon at Pendleton and will also include a dance, for which the Dynges Brothers will furnish the music. Fun money will be the current exchange.

Brevities

Sid Postle, local garage mechanic, arrested yesterday for the possession of four gallons of moonshine, was this afternoon sentenced to 30 days in the county jail and fined \$200. Postle was arrested by Chief of Police McCredie, who found the moonshine in Postle's car in the business section.

An entertainment for lodge members, featuring Jack Wood and Fred Mortensen in an exhibition wrestling match, will be presented tonight at the regular meeting of the L. O. C. lodge. In addition to the exhibition match, Tommy Ryan will also work out, as well as Mortensen's two young children, who are rapidly learning the wrestling art.

Day coats and dresses tomorrow at the M. M. Department Store, Double S. & H. green stamps, 22 1/2. The Dixie club will be entertained by Mrs. C. C. Murray and Mrs. George Chode at the home of Mrs. Porter Neff, Cargill Court apartments, Saturday afternoon at 2 o'clock. More than 15 of the members are expected to attend.

Fire early Monday morning destroyed a large barn filled with hay on the Ed Barron Keene creek mountain ranch. The blaze was discovered by residents on the Fullington ranch nearby, who saw two men leaving the barn a short time before the blaze was discovered. Deputy Sheriff George Ingle has gone to make an investigation of the case. Two seasons' hay crop was stored in the barn and Mr. Barron was planning to soon start feeding cattle and sheep at the place. No insurance was carried on the structure.—Ashland Clings.

Ye Letter Box

Mrs. Grieve Corrects.
To the Editor:
There was an error made in copying my letter to the Better Government League in which it is stated that Judge Thomas had told the grand jurors that he had given Chaney until 2 o'clock on that day to plead guilty; this statement was made by the special prosecutors, who had seen in consultation with Judge Thomas, and I wish to correct the error.

Open Letter to H. L. Cornwell

To the Editor:
Some time ago when Mr. Cornwell was soliciting my support in his campaign for the county school superintendency, he told me that the leading educators of the county were endorsing and supporting his candidacy. Since these people are in a position to know one's qualifications for this important office, this naturally impressed me very much.

I have waited now for some time and have learned absolutely nothing to corroborate this statement. In fact it seems that there are questions as to his competency in both positions he has held in the short space of three years in the county, and I find that he is not even employed this year.

I desire in this letter to ask Mr. Cornwell to name the leading educators such as superintendents, principals, and Normal school people of the county who were here during the time he taught in this county, and who are endorsing and supporting his candidacy.

Are You Ready When your Children Cry for it

BABY has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is a vegetable product. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea which must be

checked without delay. Twenty-five million bottles were bought last year.

Reduce Taxes at the Ballot Box

We can agree that a reduction of the tax burdens in Jackson county is a thing to be desired. When the money taken from the people by taxation reached a certain point, progress and development is halted.

When it can be shown that a county official has conducted his office, or any department of it, in such a manner that it is self-sustaining, and that the citizens' property does not have to be levied upon to support it, that official should be retained in office. This is common sense; this is good business, and we are speaking to you as business men.

In the last three years and ten months the district attorney's office has given us prohibition law enforcement without costing the taxpayers of Jackson County one dollar. As taxpayers and business men we are advocating the re-election of Newton C. Chaney.
