

WILLIS C. HAWLEY VISITOR IN CITY URGES ALL VOTE

Congressman Willis C. Hawley, seeking re-election, who has represented this district for many years, and is now chairman of the powerful ways and means committee of the house, arrived this afternoon, for a day's stay in the city visiting old friends and making new ones. Congressman Hawley spent yesterday in Ashland and will be here until noon tomorrow.

WISCONSIN HELD IN G. O. P. COLUMN DIRECTOR THINKS

MILWAUKEE, Wis., Oct. 31.—(AP)—Stephen J. McMahon, director of the Hoover-Curtis campaign in Wisconsin, predicted today that the state will remain Republican by an overwhelming majority.

"Wisconsin must now be taken out of the doubtful column and put in the Hoover column there to remain," said Mr. McMahon in a statement. "This state is normally Republican and by an overwhelming majority will remain Republican."

This conclusion, he said, was based on a careful check of three sets of independent reports from local leaders of volunteer Hoover-Curtis clubs reaching into every precinct in the state.

"Within the last three weeks there has developed a great swing to Hoover in Wisconsin, the tremendous momentum of which is increasing day by day, and this will continue with increased force right up to election day," he said.

SO WEAK SHE COULDN'T WALK

Helped by Lydia E. Pinkham's Vegetable Compound

Gretna, La.—"After my first child was born I took Lydia E. Pinkham's Vegetable Compound for a run-down condition. I could not walk across my room at times, I was so weak. A friend induced me to take the Vegetable Compound. Since that time I have also taken Lydia E. Pinkham's Herb Medicine and the Pills for Constipation. I have used Lydia E. Pinkham's Sanative Wash. I am a housekeeper and I am still tall. The Vegetable Compound as a tonic is able me to do my work."—Mrs. E. P. VIERMAN, 829 Hancock Street, Gretna, La.

and the Pills for Constipation. I have used Lydia E. Pinkham's Sanative Wash. I am a housekeeper and I am still tall. The Vegetable Compound as a tonic is able me to do my work."—Mrs. E. P. VIERMAN, 829 Hancock Street, Gretna, La.

CHICAGO BANDITS TAKE JEWELS AND KIDNAP WOMEN

CHICAGO, Oct. 31.—(AP) Jewelry valued at more than \$40,000 was seized by armed men in three robberies last night, and three women were kidnaped for several hours in one of the holdups.

A masked man entered the home of Iseal Warshawsky in Wilmette, North Shore suburb, and took gems valued at more than \$25,000. Mr. and Mrs. Warshawsky were made to lie face downward. The robber ransacked the house. Mrs. Warshawsky is a daughter of Morris F. Miller, twentieth ward Republican leader now under indictment on conspiracy charges growing out of disorders on primary day.

On the far South Side four men stole \$14,000 worth of gems. The robbers commandeered Mrs. Geary's car and took the jewelry from Mrs. Levee and Mrs. William J. Leahy. The two women, with Mrs. Levee's sister, Mrs. Anna Petee of Buffalo, N. Y., were taken for a ride while the men searched them.

Two men robbed Mr. and Mrs. Levin D. Webb in the hall of their home, and took jewelry valued at \$2500.

'NBS' PRICE TO USE DEFENSE AND HOPE FOR BREAKS

BERKELEY, Cal., Oct. 31.—(AP) Two more days of practice still remain for the University of California varsity grid squad, before they clash with the University of Oregon here Saturday in a conference engagement.

The Bears went through a hard scrimmage yesterday in which offense was the keynote. The first and second halves alternated in supporting the third string, but were not very successful in slipping off gains. It is likely that Coach "Nibs" Price will depend on a strong defense and a few "breaks" to give the Bears victory Saturday.

Russ Avery, first string end who has been out for several weeks with a chipped bone in his foot, was in a uniform yesterday but did not participate in the scrimmage. It is unlikely that he will play Saturday.

Los Angeles, Oct. 31.—(AP)—Football statisticians thumbed over their old records here today in an effort to discover in history what the chances of Southern California might be in Saturday's crucial contest with the Stanford Red Shirts and found some consolation.

After discovering that Stanford never has scored more or less than 13 points against a Jones team, and that the Trojans under Jones have failed to score two touchdowns in but three games, one of them a nothing-nothing tie with California barely a week ago, and another a 13-7 defeat by Stanford in 1925, Los Angeles buzzed with the rumor that Marshall Durfield, reserve quarterback, had developed a drop-kicking complex.

Deep kicking assumed major proportions because two touchdowns and a field goal would be enough with a team which scored only two touchdowns. After all, history might repeat itself, and argue Trojan followers, the team favored on Wednesday is not assured of victory on Saturday—hence the consolation.

Hall Retires
PORTLAND, Ore., Oct. 31.—(AP)—Senator Charles Hall of Marshfield today announced his retirement as chairman of the board of directors of the West Coast Telephone company as of October 1. Headquarters of the company are at Everett, Wash.

Gardener's Horse Is Old Fashioned Tries Runaway

Recalling days when horseless carriages were but dreams, when buckboards and rubber-tired buggies were the order of the day, a good old fashioned one "hoop" wagon today supplied entertainment for pedestrians along Ninth, Fir and Jackson streets, as an old wagon clattered down the street behind a frightened old horse, which, despite its appearance, still possessed a remarkably good amount of speed and skill in dodging automobiles, which crowded its fellow horseflesh from the roads years ago.

City Traffic Officer George Prescott gave chase in Henry Ford's latest model, following the speeding old spring wagon down Fir street to Jackson, where it had been caught by a youth of a motorcycle. The boy brought the distant relative of Zev or Man-o-War to the police station, and the old horse was hauled away peacefully.

FLOYD D. YOUNG IN CITRUS BELT FROST WAR NOW

LOS ANGELES, Oct. 31.—(AP)—Mounted "policemen" who will speed their motorcycles through the orchard-growing sections of southern California at night, seeking frost, not criminals, will unite this year with the telephone and radio to battle the citrus belt's worst enemy.

Plans for the drive against the frost danger were announced today by Floyd D. Young, government meteorologist in charge of the frost forecast service for southern California at Pomona.

Taking every precaution against an early advance of frost, Young said that a nightly radio broadcast service would be established beginning with November to advise growers of probable low temperatures.

All central telephone exchanges would be provided with frost forecasts, he said, thus enabling ranchers to obtain temperatures each night from operators.

Supplementing this service between three and four hundred mounted men will patrol citrus districts each night to scout possible unexpected advances of frost.

Intimation of damaging temperatures will cause the "go-men" to notify all ranchers in the area.

FORTY AND EIGHT DINNER DANCE IS PLAN FOR FRIDAY

Medford Vulture No. 165, of the "40 & 8" Society, will hold a dinner and dancing party at St. Mark's Guild hall Friday night, November 2.

The annual election of officers is also slated to take place during the evening. All "voyagers" have been requested to bring their ladies and to appear in their official "40 & 8" smocks. Dinner will be served at 7 p. m.

Mail Tribune ads are read by 20,000 people every day.

DIAMOND LAKE IS OBJECT OF ROAD DISTRICT HEARING

PORTLAND, Ore., Oct. 31.—(AP)—The highway commission late yesterday announced that a hearing would be held at Roseburg at a date to be announced later, on a petition for creation of a super-district to be known as the Diamond Lake-North Umpqua highway district. The district would be formed to levy taxes for a road to Diamond Lake up the North Umpqua river. Boundaries of the proposed district will be among questions to be threshed out at the Roseburg hearing.

TOURISTS CONTINUE CRATER LAKE TRIPS DESPITE SEASON END

Notwithstanding the fact that the Crater Lake season closed some weeks ago and hence there are no accommodations there for visitors, tourists and other visitors from various parts of the United States, but mostly, of course, from the Pacific Northwest, are still visiting the lake, making the round trip the same day.

Every day or so one or more guests depart from local hotels on a jaunt to the lake, and L. C. Garlock continues to advise owners of out of state cars whenever they inquire if the lake can be visited now to make the trip. He sent a Wisconsin tourist up to the lake yesterday, and another man from the east today, whose name and address he did not take down, but who returned to call and tell on his return late this afternoon of the conditions at the national park.

GILL TORTURES SELF

1 a. m. One theory under investigation was that Miss Knaak, not knowing of his injury, had gone to the police station Monday evening to await his arrival after his official rounds. The station is closed at night, but Miss Knaak was presumed to have had a key, as did many other persons.

The janitor found Miss Knaak standing up, her face and body blackened by the fire. Her forearms were burned to the bone, her hair was burned from her head, and the heat had seared the flesh of her forehead through to the skull. She was leaning against a pipe by the furnace when the janitor saw her, and the sight sent him running upstairs, screaming for help.

LOS ANGELES, Oct. 31.—(AP)—Claire Windsor, screen and vaudeville actress, has obtained a final divorce decree.

For Representative of 8th Representative District

John H. Carkin and William M. Briggs

The people of Jackson County are fortunate in having two such men as John H. Carkin of Medford, and William M. Briggs of Ashland, to represent them in the State Legislature.

Both men are experienced legislators, Mr. Carkin having served four terms, was Speaker of the House of Representatives during the 1927 session and Mr. Briggs has served one term.

Both men have sponsored and passed important legislation. Both have kept constantly in touch with their constituents and have worked consistently in their interests.

Why take chances in voting for two totally inexperienced men when such able legislators as Mr. Carkin and Br. Briggs are available and willing to serve you?
