## OAK GROVE SCHOOL P.-T. A. HALLOWE'EN PROGRAM ENJOYED

The Halloween program sponsored by the P. T. A. at the Oak Grove school last Tuesday evening was well attended and apparently much enjoyed by the patrons of the district.

The program opened with the singing of "America" by the assembly, followed by a group of songs by the children of Mrs. Tyrell's room, (grades 1 and 2), and a second group by the children of Mrs. Fern's room, (grades 3 and 4). Ruth Hooker, of the senior high school, gave a recitation, "Casey at the Bat," and the girls of Mrs. Lich's room, (grades 5 and 6), a Halloween drill.

The closing number was a radio skit by the pupils of Mr. Tyrell's room, (grades 7 and 8). This consisted of a well arranged radio KIDS, "The Voice of a Great School" and comprised several musical numbers and a political debate which was well received.

Following the program refreshments were served in the basement.

## HUNTING CLOSURE CAUSE OF RELIEF FOR TABLE ROCK

TABLE ROCK, Ore., Nov. 2.—(Special.)—With the closing of the pheasant season in this section, farmers are relieved of the nuisance of having to watch their property to keep out the so-called sportsmen who, in many cases, are not sportsmen enough to ask permission to enter.

Although the political pot has been kept boiling for some time here there has been no serious clashes between the Hooverites and Smithians, and from present indications, the Republican ticket from president down will be the favored one with possibly a few exceptions.

Datymen in this district report some falling off in milk production during the last few days.  
Residents here awoke this morning to find that many Halloween pranks had been committed during the night, despite the rain which was thought would put a damper on the activities of the younger generation.

Mrs. John Myers, who has been spending some time at the home of her son, F. R. Myers, returned Wednesday to her home at Rogue River.  
A little more rain is needed for the successful operation of fall plowing which will begin soon in the west side of the district.

At the last meeting of the school board the budget for the next year was made out and plans made for building up additional play ground equipment, which will be constructed of steel and concrete. The budget as made out shows a substantial reduction over that of last year.

Mrs. F. I. Myers, clerk of the district, who has recently completed the school census, reports an increase in school population of nearly eight per cent.  
A large crowd was in attendance at the last meeting of the Community Club and enjoyed an interesting program composed of songs, readings, dialogues and instrumental pieces. Some excellent musical numbers were contributed by Medford people. At the close of the meeting refreshments were served, consisting of cider and doughnuts.

Friends of Victor Russell claim that owing to the efficient manner in which the road work has been handled and the disposition being made of the O. and C. tax fund, he will receive a rising vote in this section.  
The Sams Valley Grange officials are urging all members to go to the polls next Tuesday and we are taking this opportunity to urge a one hundred per cent vote from this section. Let's have no slackers.

Mr. Atkins and J. L. Neason left Tuesday for Klamath county where they will spend the week attending to business matters.  
The roads in this section are being dragged by county employees and an excellent job is being done.

Many from here attended the Halloween party Wednesday night at the Sams Valley school and report a good program and nice time.
