

TWELVE ARE DEAD IN SHOE FACTORY BLASTS AND FIRE

LEWIS, Mass., Nov. 8.—(AP) Twelve persons were killed in an explosion which wrecked the shoe plant of the Peabody Shoe Company in East Lynn shortly after the plant opened for business this morning.

The woman killed was Mrs. Harry Flannery. She and her husband with all their children were at the breakfast table when the explosion came. Instantly a sheet of flame leaped from the factory 20 feet to their home, bursting through a window and enveloping the family.

The factory adjoined a district largely made up of two-family frame dwellings. Occupants of these frames in many cases were shaken from their beds.

ETNA ERUPTIONS FORCE HUNDREDS TO LEAVE HOMES

CATANIA, Sicily, Nov. 8.—(AP) With a molten stream of lava like a hungry dragon at their backs to spur them on, hundreds of persons today were fleeing from the region around the eastern base of Mount Etna. Their household belongings were thrown on any makeshift vehicle to get them out of the advancing column of fire.

The railway line between Messina and Catania was in grave danger. The station was regarded as a critical since normal facilities linking central Sicily with the coast are few. The authorities thought that if a large quantity of lava collected along the railroads it would remain incandescent for a long time and the work of repair would be delayed.
