

PETITIONS SIGNED TABLE ROCK ZONE FOR CUT-OFF ROAD

TABLE ROCK, Ore., Nov. 16.—(Special.)—Petitions are being signed in this section asking for the construction of some two miles of new road west of the Lewis slaughter house which, it is said, would shorten the nearest route to Medford by about a mile, cut out six curves and cut the running time of a loaded truck between here and Medford to less than 20 minutes.

As an argument in favor of this shorter route it is pointed out that about 6,000 tons of produce would pass over this road during the year from this section alone. This estimate is not counting several milk and cream routes, oil and logging trucks and the natural year to year increase in orchard and farm tonnage.

Figured on a basis of ten miles, the saving would be immense, to say nothing of the time saved. Mrs. Van Fleet, who had spent several months visiting her daughter, Mrs. Schafer and family, left for her home in Portland Tuesday.

Are ye not much better than they?

School children need energizing food

Leading dietitians agree that bacon is highly nutritious—children like it because when properly prepared it is highly delicious—and it can be given to even the youngest children because it is highly digestible. And you can always be sure of the FRESHNESS OF FRYE'S DELICIOUS BRAND because the great Frye plant is right here in your own Northwest.

"I remember her when she was beautiful"

"IT WASN'T so long ago either. Her complexion was the envy of every girl and woman. Her radiant manner was felt the instant she entered the room. . . . But now you'd hardly know she was the same person. Her animation is gone—her clear skin is sallow. She's always tired—often irritable.

Here's what has been said about countless women all over the country. Yet, all this could have been prevented. The cause, often constipation, is so easily removed by Kellogg's ALL-BRAN. Happily, thousands of women have made this discovery. By regular eating of ALL-BRAN they have regained all that they lost in beauty and health.

But you need ALL-BRAN—not "part-bran" It is the "bulk" in bran that relieves constipation. Kellogg's ALL-BRAN has a large amount of bulk. This bulk absorbs moisture and carries it throughout the digestive system. In a part-bran product there is seldom enough bulk to do this work. That is why doctors recommend ALL-BRAN. Because it

is 100% bran—and brings 100% results. How different from dangerous pills How much better than habit-forming drugs and laxatives! Which become useless unless the dose is constantly increased—and sometimes injure the system. How much pleasanter than sickening medicines! Kellogg's ALL-BRAN is a delicious cereal. Serve it with milk or cream—and add fruits or honey if desired. Use it in cooking too. Mix it with other cereals—for health! Just eat two table-spoonfuls in some form daily—in chronic cases, with every meal.

Keep ALL-BRAN always on hand—a package of health. But be sure it is genuine Kellogg's—the original ALL-BRAN. Don't risk part-bran substitutes. At best, they can be but partially effective. ALL-BRAN is sold by all grocers. Served at all hotels and restaurants. On dining-cars. Made by Kellogg in Battle Creek.
