GOLD HILL PARTY OF ODD FELLOWS IS ENTERTAINED

GOLD HILL, Ore., Nov. 20.—(Special)—The necktie and apron party given by the Amethyst Rebekah Lodge of Gold Hill at the I. O. O. F. hall on Friday evening, November 16, proved to be a great success. A large number of people attended the party. A short program was given consisting of several selections by the orchestra, a reading by Mrs. P. L. Strahan and a reading by Mrs. Vroman.

One thing which contributed to the success of the party was the arrival of two women who immediately made love to all the men present. One member even tipped his hat to them and carried on a very polite conversation. After two or three people found out who they were they immediately took off their disguises and it was found that the two "women" were men, H. D. Reed and Earl Moore.

They put on a very fine entertainment. They sat down beside one man and kept touching him with their elbows while he, was near his wife. He really became slightly offended, but as soon as he found out who the supposed two women were it made him regret his actions.

The ties were sold and ties and aprons matched to determine partners. After this refreshments were served. Games were played and the orchestra played several pieces for dancing. Everyone who attended enjoyed a good time and the party was very well patronized.

H. Van Hovenberg was a visitor to our city Thursday, November 15. Mr. and Mrs. Vaughn Quenchenbach attended a lecture given at Ashland on last Friday evening.

Mrs. Earl Moore was a visitor to Grants Pass last Friday. The seventh and eighth grades in the Gold Hill school have started practicing basketball. They expect to organize a team this year. Previously there have been no grammar grade teams but this year an endeavor will be made toward organizing a squad. Their first practice was held Monday, November 19. They will be coached by Charles Orr, who also coaches the high school.

Dan Jackson, who has been ill for the past several days, is slowly improving. Mrs. Disbro has returned to Gold Hill and has taken back the ranch which is owned by her and was to have been sold to Mr. Kessler, formerly of Medford.

Ernest Reinking returned the first of the week for a visit from Shasta City, Cal. He is now employed there by his interests in a logging contract which he holds.

Mr. and Mrs. Ed Stanwood, who recently moved from this city to a farm near Talent, were visitors in our city a few days of last week.

The high school has changed the dates of the school paper to every first and third Fridays in each month. The change was made because of lack of news to support the paper every week. The entire staff was in favor of the semi-monthly change because it has taken so much work for the students to put the publication out.

Miss Alice Hudson of Minneapolis, Minn., and Mrs. Mary C. Tillie of Clinton, Ill., intend to visit their relative, Mrs. J. W. Steelman, of this city in the near future. They will arrive in Gold Hill the latter part of this month.

H. D. Reed was a business visitor to Medford Thursday of last week. Bertha Coy has been ill at her home for the past several days. She is reported to be slightly improving.

H. D. Elkus, vice-president of the Elkus Manufacturing company of San Francisco, was a visitor to Gold Hill Friday of last week. The Elkus company deals in dry goods and general merchandise.

Clyde Walker, Frank Carter, Clinton Walker and Charles Carter were hunting in Klamath county the first of this week. They report that there are several ducks and geese on the lakes now and that they have had fair luck.

Mrs. Richards will leave this week for Trowbridge, where she will visit for several days with relatives and friends of that city. Bill Koseki left Gold Hill the first part of this week. He intends to go direct to his home in Newport News, Va. He has been a resident of this city for several months.

John Chisholm is improving from a dislocated shoulder suffered recently while playing in the handball tournament at the high school gymnasium.

Gene Coburn was a visitor to our city from Grants Pass last Saturday afternoon preparing for the I. O. O. F. association meeting of the lodges of Jackson and Joseph counties which was held in this city today.

The Amethyst Rebekah lodge met last Wednesday evening, November 14, at the I. O. O. F. hall. Nomination of officers was held at this meeting. A large number of the members were present to take part in this meeting.

Several children from the Gold Hill school were sent to the county doctor last week to receive dental treatment. The majority of the children were from the lower grammar grades.

Ed Logan is rapidly improving from his recent illness. Marshall Gray and Warren Kelso attended the football game between the University of Oregon and the Oregon State college at Corvallis last week. They report a fine time and state that the game was an exceptionally good one and was very interesting.

Frank Carter and Earl Moore will leave the first part of this week for the head of the Illinois valley, where they will be engaged in trapping for several days.

Several people from Gold Hill attended the dance given at the community club Saturday night.

The dances there draw large crowds from Gold Hill as well as several other towns in the valley. Everyone who attended from here enjoyed the dance.

Dale Loftin was a business visitor Friday, November 16, to our city. He states that everything is booming at the Southern Pacific gravel plant, three miles south of Gold Hill. Trucks are being rushed and several men are being employed to look after the preliminary operations of the plant. As soon as possible it will be put in operation. Several residents who were here before when the plant was in operation have moved back to Gold Hill since the reopening of it. It is probable that the plant will be running in the near future and will employ a large number of men from this city.

The lively lime plant will start the burner about the middle of this week. Everything is ready to start and as soon as possible it will be put in action. The plant is now running two full shifts, both night and day. As soon as the burner gets started it will be at its highest running capacity. The rock is being moved exceptionally fast lately with the new increase in the number of workmen. A Moore, who was recently employed on the night shift hauling the rock from the plant on Kaye creek to load it into cars at Gold Hill, suffered an injured foot the latter part of last week. He accidentally dropped a rock upon his foot and crushed it. The injury was not very serious and he has returned to his work. It has been improving rapidly since it was injured. A new mill which has been built near the place where the rock is loaded into the cars. The road saves the driver time and makes a new short cut to the cars.

Work at the White Horse mine, which was to be opened by a Portland firm, is still progressing. The quartz mill is nearly completed and several men are being employed on the works. The mine will be in operation in the near future.

Earl Moore has completed installing a new fireplace in his home.

Fred Guy left Monday, November 19, for Portland. While there he will receive radium treatments. At present he is improving.

The school orchestra is now progressing rapidly. The orchestra was formed at the beginning of the school term under the leadership of Mrs. Meisinger. Several students are taking part in this activity and it seems to arouse much interest among them.

Mr. and Mrs. John Cook, formerly of Sams Valley, have now become residents of our city. They have moved to the house which they own on the south side of town.

Fishing in Reque river seems to be very good at this time of the year. The season for trout over six inches closes on the 30th of this month. They are biting well and several sportsmen have had good luck. After the last of this month and the trout season has closed the so-called "15-inch" law, which was put into effect two years ago, will close the present season. This "15-inch" law states that no fish may be kept unless they measure over 15 inches, if caught between the dates of November 30 and April 15.

"The Terror" at Hunt's Craterian

"The Terror" is at Hunt's Craterian and enthusiastic applause greeted the talking picture last night.

Vitaphone is used for all words spoken in the piece. There is, of course, the symphonic accompaniment—and in addition every sound that goes with the play is reproduced with astonishing vividness—rain, wind, whisper, shriek, crackle of flames, and a host of other sounds.

The cast includes May McAvoy, Louise Fazenda, Edward Everett Horton, Alec E. Francis, Mathew Boiz, Holmes Herbert, Otto Hoffman, Joseph W. Girard, John Miljan and Frank Austin.

"The Terror" is a mystery comedy. It has to do with the pursuit of a band of bank robbers. The action centers in a weird old English manor house and the prime actor is the hooded monster known as the Terror.

Clara Horton at the State Theatre

Clara Horton, who is the little Kentucky thoroughbred in "Winning the Future," now showing at the State Theatre, gave up in motion pictures.

Two years ago, Miss Horton's career was interrupted by marriage and a honeymoon trip that took her around the world, and incidentally permitted of some special studies in music and dancing in Europe.

Returning to Hollywood, she prepared to devote herself to her career as a homemaker, but the call of her heart in the studio proved too insistent, and she returned.

Stomach Troubles

"There are many symptoms of ulcers of the stomach, some of which are a typical chronic pain which occurs from one to three or four hours following the meal. It is a sharp, cutting, excruciating type of pain, present as soon as the stomach has emptied itself of food. Chemically it is usually due to a hyperacid secretion. We also find a great deal of gaseous distention, a feeling of discomfort, distress and sometimes nausea which is characteristic of this ailment." The above is an extract from editorial by Phillip M. Lovell, M. D.

PEERLESS STOMACHAL REMEDY has afforded thousands of people relief from Hyperacidity of the Stomach, Gas on Stomach, Heartburn, and Gastric Distress due to Hyperacidity. On hand at Jarmin & Woods and other good druggists.
