

CHICK SHIPMENT FOR CALIFORNIA LEAVES ASHLAND

ASHLAND, Ore., Nov. 21.—(Special)—Rhode Island red chickens, 800 of them, were shipped to Los Angeles Saturday by express by the Ashland Associated Breeder's farms. This is the first entrance into southern markets this fall, but it is expected that in December shipments will be made once or twice each week. These chicks are shipped to southern growers, who raise them for early fryers. A large incubator with a capacity of 52,000 eggs has been purchased by the local breeders, who will have it set for a hatch around the Christmas holidays.

The Misses Rosalind Wise and Mildred Moss were charming hostesses on Sunday, when they served a delicious chicken dinner to a group of friends at the home of Mrs. Belle Schwein on Church street. The dining table was attractively arranged and decorated with fall flowers. Guests of the young hostesses included Miss Wanda Schwein, Miss Ruth McBain, Mrs. Belle Schwein, Ray Gillespie and John Henry.

Miss Margaret Churchman, who leaves soon for Los Angeles, where she will enter a dental school, entertained a group of girl friends at her home on Union street Saturday afternoon. The time was passed pleasantly with music and games. At the close of the afternoon of fun the young hostesses served refreshments to the following named guests: Misses Georgia Richardson, Gertrude Ahlstrom, Dorothy Chappell, Esther Spencer, Marjorie Crouch, Audrey Brown, Lillian Olson, Harriet Lovington, Lolita Dodge, Louise Lemmas, Virginia Ross, Mesdames Louise Peart, Grover Leach and J. V. Franklin.

Thursday has been set aside as the day for the local Red Cross drive for funds, under the direction of Thomas H. Simpson, chairman of the Ashland organization. A membership of 750 at \$1.00 each has been set for Ashland. Twelve committees of three men each have been appointed from the Kiwanis club, which is sponsoring the movement, to canvass the 12 districts into which the town has been divided for this purpose. A house to house canvass will give practically every family in town a chance to secure a membership in this most worthwhile effort.

Mrs. R. L. Biedle was charming hostess on Saturday, honoring her sister, Mrs. Beth Finerman, who is visiting in Ashland. Three tables of cards were in progress during the afternoon, Mrs. Earl Crow winning a lovely gift for high score and Mrs. Clyde Young receiving the consolation. Mrs. Finerman was presented with a lovely guest prize. Refreshments were served at the card tables. Mrs. Biedle's guest list included Mrs. Finerman, the honor guest, Mesdames Gerald Wanner, S. A. Peters, Jr., John Eubank, C. A. Himes, Clyde Young, Henry Edwards, Earl Crow, Elwood Hedberg, Dean Scott, Lynn Slack and J. A. McGee.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

VOLUNTEERS AID RED CROSS WORK

Volunteer service is the life of the American Red Cross, which owes to the energy and devotion of workers in Oregon the production of a large stock of garments, surgical dressings and comforts for disabled service men and disaster sufferers, as well as other forms of aid.

In Oregon, 12 chapters were credited with volunteer service in the last fiscal year, ending June 30. These chapters produced 3275 garments during the year and 2557 surgical dressings. Fifteen chapters maintained emergency closets of garments and surgical dressings, ready for release on call. Two hundred and fifty-seven Christmas bags were made and filled for men in foreign service. In canteen and motor bus service, volunteers were active.

Trained volunteers are a necessary part of the Red Cross organization. In American territory, the women who give freely of their time to the Red Cross produced last year a total of 252,040 garments and 2,276,621 surgical dressings. This was in addition to the unlisted thousands of garments made for the Mississippi valley and Vermont flood sufferers.

These statistics, the report explains, are not complete, as much of the work done by volunteers is not reported.

WOUNDED BULL BREAKS LOOSE

(Contributed) A well known butcher in Medford went to Trail last week to kill a couple of bulls. He evidently did not have the animals confined properly, or something was wrong. Anyway, after putting five or six bullets in one of them, it became infuriated and broke loose, running wild. Parents refused to allow their children to go to school and Mrs. Frywell, the teacher, who lives at Trail during the school week, was compelled to have her husband make special trips from Medford to escort her to school.

School authorities notified the Humane society and their office was placed on the job immediately. Three men were sent out to catch the wild, suffering animal, and it was put to death. Now peace again reigns in the district.

BAPTIST COLLEGE IN UPROAD OVER STUDENT CHARGES

BRIDGEHAM, Ab., Nov. 21.—W. Howard College, one of the largest Baptist colleges in the South, was in an uproar today as a special committee appointed by the board of trustees reviewed charges preferred by 21 students of improper conduct on the campus.

Among the charges was an allegation that a member of the faculty had asserted that "if all Bibles in the world were piled up and burned, the world would be better off within 100 years."

The complainants alleged that Dr. John C. Lawson, president, had failed to give a sympathetic hearing when this and other complaints were made to him.

Three other charges being preferred are that students, during a recent fraternity rush, staged a noisy "compulsory wedding" on the campus, which was witnessed by a mixed group of students; that gambling and drinking had occurred on the campus, and that fraternities had permitted dancing in their houses, contrary to school regulations.

The complaining students testified before the committee after being assured of immunity.

Final hearing by the committee has been set for tomorrow.

It's bouquet that counts -- not mere strength

Vanilla is produced from the vanilla bean -- the seed pod of an orchid -- the most delicate of flowers. So vanilla is a bouquet of orchid essences. *** The finer the vanilla orchid, the more delicate the vanilla essences -- more delicate in flavor and aroma, and far more delightful. That's all you find in Schilling -- none of the cheaper, harsh, more pungent vanilla oils that smother dainty dishes in a raw flavor. *** Your money back if you don't like Schilling's best!
