Proclamation
Let Us Be Thankful

Seven thousand homes in Medford and Jackson county will enjoy reunions of families and the festive bounties that will be spread for Turkey day.

Medford merchants have excelled in their variety and quality of offerings this year, especially in the provisions to properly emphasize the cheerfulness of the Thanksgiving day.

This page reflects not only suggestions for the banquet but all accessories therewith. It is a pleasure for these firms to receive your requests for the better things in a special way of service.
