

SMOOTH RIDING QUALITIES OF FORD DUE TO SPRINGS

One of the prime secrets of the smooth-riding qualities and strikingly noticeable balance of the new Model A Ford car is the type of transverse, semi-elliptic springs with which it is equipped.

The weight carried by an automobile or other spring-equipped vehicle is divided into two classes—the spring weight and unsprung weight.

SUPERIOR WHIPPETS NAME NEW MODEL

With Willys-Overland just completing the greatest year in its entire history, John N. Willys, president, announces that the company is rapidly swinging into production on the new Whippet four and six-cylinder models, which he confidently expects will establish not only a new conception of artistry in design but also will introduce superior mechanical features.

Details regarding the new Whippet will be made public this week when they will be formally presented to the public.

Mr. Willys indicated that the company was prepared to meet every form of competition in the low priced field on a sound basis in 1929 and that, with the increase of the car building capacity from 1500 cars a day to 2500 cars, the coming year's business would exceed that of the past year which set a new sales record for Willys-Overland.

All of the Willys-Overland plants are now in production on the new Whippet four and six-cylinder models which will set a new trend of beauty, quality and performance in the light car field.

The prices of the new Superior Whippet, as the new cars are to be designated, will remain competitive with the lowest priced four and six cylinder models now offered the public.

JUST KIDS

'Simba' Coming to Hunt's Craterian

'Simba,' a remarkable picture of an even more remarkable adventure into the wilds of Darkest Africa, will be presented for the first time in the state of Oregon at Hunt's Craterian theatre, Monday night.

'Simba' is said to be welcome food for the jaded appetites of picturegoers who have become satiated with the fodder that the Hollywood studios have been turning out.

This African expedition, sponsored by the American Museum of Natural History, was not a sporting adventure in the sense of a hunt for big game.

'Simba' contains many thrills. It is not possible to mention all of these. The Johnsons are shown crossing a crocodile-infested river, stalking the uncertain elephant, facing a charging rhino, hiding behind rustling grasses which only partly conceal them to obtain intimate glimpses of the King of Beasts.

All of the Willys-Overland plants are now in production on the new Whippet four and six-cylinder models which will set a new trend of beauty, quality and performance in the light car field.

Beau Broadway Is Rialto Attraction

Low Cady and Aileen Pringle—that superb team of cinematic farceurs!

With these two peers of smart sophistication co-starring in 'Beau Broadway,' now playing at the Rialto Theatre, it wouldn't seem that any further discussion of the feature was necessary.

Cady and Pringle have the refreshing knack of knowing how to choke off a laugh with a sob—and turn a tear into a smile with the adroit deftness they alone seem to know so well.

The prices of the new Superior Whippet, as the new cars are to be designated, will remain competitive with the lowest priced four and six cylinder models now offered the public.

Dane Arthur Film at Rialto Monday

An all-comedy cast was banded together in the filming of 'Fratelli Love,' which is coming tomorrow to the Rialto Theatre as a new laughfest.

Karl Dane and George K. Arthur, the co-stars are well known to a world of film fans for their teamwork in 'Baby Mine' 'Rookies' and 'Detectives,' as well as for their performances in numerous feature productions.

Jean Arthur (no relation to George) is the leading lady. She has a wide comedy experience, having begun her career in Fox two-rollers and recently played opposite Harry Langdon, Richard Carlyle, who plays the warlike pole, has been in many stage comedies as well as screen laugh-makers.

For four performances starting Thursday night, Dec. 12th, the new change in The Playhouse will be the laughable comedy drama, 'Fortune Hunting.'

This play is along the lines of 'Lafy That Off' and 'The Family Upstairs.' Both plays met with big success when presented here.

State Theatre Has 'Naughty Duchess'

Eddie Kane and Carlos Duran appear but, briefly in 'The Naughty Duchess,' the production starring Eve Southern and H. B. Warner at the State theatre, but their sequenced set the pace for the entire play.

Kane, who is a vaudeville performer, has the role of the theatre manager and Duran is the head waiter in the restaurant scenes.

Duran has appeared in several big screen spectacles during his four years on the screen. He is a descendant of the liberator of the Argentine, Jose San Martin, but was born in Madrid, Spain, and educated in New York City and at the University of Pennsylvania.

Recent roles have been in 'Paris,' 'Happiness Ahead' with Colleen Moore, 'Lovers' and 'Glorious Belle' before appearing as the head waiter in Tiffany-Staff's 'The Naughty Duchess.'

'Frivols Idea' at Hunt's Craterian

Such is the name which is often given the Volga Boys, eight singers who are natives of Russia and who have fascinated many an audience by their harmonic effect although starting in the western ear, have a precision of tone and harmony which is always pleasing and sounds as though some talented giant were producing music on a magnified harp.

Perhaps the thing which makes the songs of these Cossack garbed men sing, so soul stirring, is because they have experienced so many things in their lives which were filled with sorrow and joy.
