

Only 40 Looked 60!

"You wouldn't have known me four months ago—I looked so old and worn. I looked and felt tired all the time, had no appetite, was habitually constipated and suffered from dizzy spells every day. I don't know what I would have done if a friend hadn't insisted my trouble was system-poisoning due to a sluggish liver and urged me to try Dioxol. I got a package of Dioxol tablets and can truthfully say I noticed a wonderful difference from the start. It wasn't two months before my friends were remarking that I looked like a new woman."

Many cases of premature old age, auto-intoxication, sick headaches, high blood pressure and hardening of the arteries are aspects of a sluggish liver. Let the liver become inactive and it fails to cleanse the blood of the poisons formed in food waste. The whole body then becomes toxic and health is slowly but surely broken down. Natural ox gall extracted from the liver of the ox is recognized as the finest tonic for the human liver. It is a natural liver stimulant and literally rejuvenates the entire system. The pure genuine ox gall is to be had in dainty tasteless form in Dioxol tablets. Each tablet represents 10 drops of pure ox gall and costs less than 2c. Genuine Dioxol has picture of ox's head on package. On sale at all good drug stores. Special agent, Jarmin & Woods Drug Store.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Pyle, or his backers, were reported to have dropped considerable cash on the first derby, won by Andy Payne of Claremore, Okla., last spring. This time he plans to charge each contestant an entry fee of \$300 and furnish neither meals nor lodging as he did in the first race. ASHLAND NORMAL TO ASK FOR A PHYSICAL EDUCATION BUILDING

SALEM, Ore., Dec. 10.—(47)—A president for the new State Normal school at LaGrande will probably be elected at the next meeting of the board of regents, which will be in January. At a meeting of the regents here Saturday it was said that about 25 applications for the place were before the board.

The LaGrande school will be completed in time for the summer school session next year.

Reports from President J. R. Landers of the Monmouth Normal and President J. A. Churchill of the Ashland Normal, show that both schools are continuing a rapid growth with registration of about 500 and 400 respectively. Churchill indicated that he would ask the state legislature for a \$175,000 appropriation for a physical education building, and Landers said his institution needs a new building to maintain the standardization of the school.
