

# Brevities

Prospects are bright for a good basketball season for the boys' and girls' teams of the Phoenix high school, according to D. R. Stone, the Phoenix school faculty. The boys' team has already played one game, defeating Butte Falls a short time ago, and has plans of adding several other victories to its credit before the season is over. Mr. Stone reported that the registration in the schools has increased by approximately 10 per cent, giving Phoenix a comparatively large enrollment for the size of the community.
