## SANGOR TAKES DECISION OVER TOD MORGAN

### Wisconsin Law Saves Title for Seattle Boxer—Low Blow in Fourth Turning Point—Stribling Wins in Kansas City.

MILWAUKEE, Jan. 2.—(AP)—Little Joey Sangor today held decision over two titleholders and yet remained himself no champion.

Knocked out two weeks ago in a "warming up" fight with Armando Santiago, Joey yesterday punched and boxed his way to a circuit newspaper's decision over Tod Morgan of Seattle, junior lightweight champion, in a fight that went ten rounds. Wisconsin law, prohibiting decision fights, was all that saved Morgan's title.

Up to the fourth Morgan was going well enough to win, had maintained the form throughout. A low punch, in that round dropped Morgan to his knees. He refused to climb the fight on a foul, and after a short rest was able to continue. He went to his corner unassisted.

The blow seemed to affect Morgan, for from that point on his boxing was below par.

The attendance of 8,500 filled the auditorium to capacity, and receipts were between \$25,000 and \$30,000. Not since the days when Mike Mitchell was a hometown idol has there been such a large gate at a Milwaukee fight.

KANSAS CITY, Jan. 2.—(AP)—W. L. Young's Stribling, who gets his big chance in Florida next month against Jack Sharkey in a Rickard elimination contest, needed only a couple minutes last night to dispose of Jack League, Texas boxer. In the heavyweight's last bout before the Miami fight.

Despite the brevity of the fight there were three knockdowns in one of which Stribling was on the receiving end.

Stribling blocked one of League's right handed punches and was down for the count of four, but returned to dispose of his opponent quickly with a knockdown, followed by the knockout.

The fight was said to be Stribling's 19th knockout victory in 240 starts. His weight was announced at 188 pounds, which his father and manager said was the heaviest at which his son ever had fought. "Pa," Stribling said, moreover, that his son was in the pink of condition.

## ALL SHOULD HAVE PLENTY OF MILK

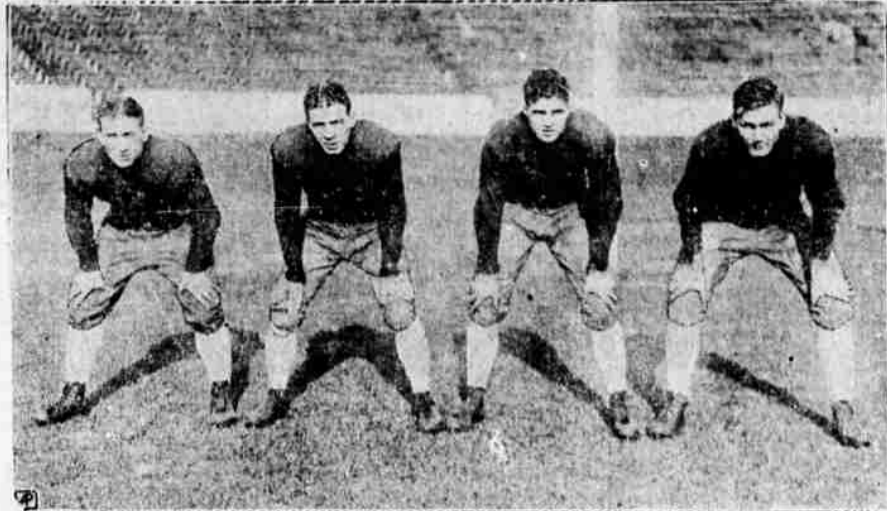

### Bones and Teeth of Children and Adults Need Milk in the Diet

Two famous nutrition authorities emphasize the need of the human body for calcium and phosphorus found in milk. Children and expectant or nursing mothers should have from three-quarters to one quart of milk a day, according to these authorities, and other adults should have from three-quarters of a pint to a pint of milk a day. These authorities point out that too little calcium in the diet retards bone growth, causes rickets, may result in bone deformities, produces poor quality of teeth and lowers vigor and vitality. Whole milk also is rich in phosphorus.

Unfortunately there are many people who do not like the taste of milk. For all such people, a delicious milk drink should be made. One mother makes her children eager for milk by giving it to them in milk shakes. "They call one drink a chocolate froth," she says. "I take a level teaspoon of cocoa and 1 1/2 teaspoons of sugar, mix in the bottom of a glass with a few drops of milk until it's smooth, add a drop or two of vanilla flavoring, fill the glass with milk and shake it with an ordinary tin shaker. The youngsters are crazy about it," she goes on to say. "They like it sometimes without the chocolate, just the vanilla and sugar."

Sugar is nature's ideal flavor. "Help make children drink milk," says an eminent food scientist, "by adding chocolate and sugar." The Sugar Institute.

## OUT & KEELER'S GOLF BAG

By O. B. Keeler.  
Popular fancy has it that Bobby Jones does a higher percentage of holes in par than any body else in the world, and I suspect popular fancy is not far out of the way, though there is no way to prove it. But some years ago I was playing in a match with young Robert against his father and another golfer of considerable skill, whose name escapes me, and I was the astounded witness of the most peculiarly un-par-like string of which the amateur champion has been guilty since early childhood. We were playing at Druid Hills, and to make an even match, Bobby being so expert and I so terrible, it was one of those best-ball and worst-ball affairs in which each partner counted a point.

And that morning Bobby led off with 11 consecutive holes without one in par! This astonishing performance is not precisely explained by the mere statement that Mr. Jones,

through the eleventh hole, was exactly level with par of the course. But it was this way—he shot six holes in birdies and five holes in buzzards, one of them being two strokes worse than par.

Thus:  
Par (out) 44 24 435—35  
Bobby 53 45 244—24  
Par (in) 44  
Bobby 63  
Then he began hitting par and finished the round still even with the old pace-maker. I forgot how the match came out as a match. But I shall never forget Bobby's expression at the tenth hole. He was already somewhat ruffled by his excessively erratic play, on top of which he was making a dismal 6 out of 10. I was left eventually with a putt of one yard to save one point for our side, and naturally I blew the putt.

Bobby was speechless for a moment. Then he inquired, with elaborate politeness: "By the way, which side are you playing on?"

WILDCAT CARTER AWARDED BATTLE PORTLAND ARENA  
PORTLAND, Ore., Jan. 2.—(AP)—Johnny Lamar, Hollywood, was no match for Wildcat Carter, Everett, Wash., in the main event on yesterday afternoon's card. Referee Gruman awarded the match to Carter during the intermission between the fourth and fifth rounds when Lamar apparently was unable to continue, after absorbing much punishment from the flashy negro fighter.

The semi-windup between Al Konze and Sam Warren furnished the real show of the card. Konze was awarded a close decision after both boys had given all they had. They are light heavyweights. Wildcat Norton, Eugene, took a good four-round decision over Tod Rogo, Portland. Olympia Kid Johnson took an easy decision over Joe Blackwell, Eugene. In another four-rounder, Johnny Tapaz defeated Johnny Snell in the curtain raiser.

NEBRASKA FULLBACK LEADS PICKED TEAM IN CHARITY BATTLE  
DALLAS, Texas, Jan. 2.—(AP)—Illie Howell, Nebraska fullback, the big six conference's 1928 leading scorer, who gained all-American recognition, wound up his collegiate gridiron career in brilliant style here yesterday afternoon by leading a picked team of stars to a 14-6 victory over south-west conference stars in a charity game.

Only three days after he contributed the lion's share of touchdowns on the east's 20 to a victory over the west at San Francisco last Saturday afternoon, Howell can wild against the best of the south had to offer, and needed both of his team's touchdowns. He likewise scored two touchdowns at San Francisco.

Although he was forced to travel part of the way by air to get here in time for the New Year's day game, Howell appeared as fresh as ever, and ripped the southwest stalwart line to shreds in the first two periods, in each of which he crossed for a touchdown.

Howell, who scored 24 points in 3 games for the C'ntrollers during the regular 1928 season, was a unanimous choice for all-conference fullback.

## EX-LOCAL HIGH STAR IS HERO OF U. OF O. WIN

HONOLULU, Jan. 2.—(AP)—A crowd of 10,000 spectators saw University of Oregon football eleven win a hard fought battle here new year's day from the University of Hawaii by the close margin of 6 to 0. Bright sunshine prevailed.

Numerous fumbles marred the contest, but the Jayvaks were evenly divided. Oregon's score came as the result of a fumble in the second period when Archer, Oregon end, picked up Whittier's fumble and raced to the 15-yard line before being halted. On the next play, Kitzmiller went over through tackle. The try for point failed when Gould fumbled the pass from center.

The third period was scoreless and at the opening of the fourth Hawaii sent in a complete new line. Oregon's offensive, however, continued effective and the webfooters worked the ball to Hawaii's 20-yard line, losing it when Rusty Holt intercepted a pass from Kitzmiller. Hawaii took the air in the final minutes of play in a desperate effort to score. An incomplete pass over the goal line gave Oregon the ball three plays before the game ended.

A fumble by Kitzmiller, Oregon halfback, after he had signalled for a fair catch, was recovered by the Jayvaks and allowed them to keep the ball in Oregon's territory for the greater part of the first period. Hawaii attempted many passes, but completed few of them. Two runs for 18 and 21 yards were made by Rusty Holt, Hawaii halfback, to feature the period.

## SENATOR STEIWER TO INVESTIGATE ASHLAND REQUEST

ASHLAND, Ore., Jan. 2.—(Special)—Frederick Steiwer, United States senator from Oregon, has replied to a communication sent him over the signatures of about 45 Ashland citizens, calling attention to certain practices in the administration of Oregon timber lands and asking for measures looking toward desirable changes.

His companion in the car surrendered at once but was released from custody when it was shown that he was only a passenger.

### 31 Insistent Offers of Help

A current issue of a newspaper of large circulation was found to contain 31 medical advertisements—by no means an unusual number.

If there is any ache, symptom or form of misery that was not touched upon by one or another of them it would be hard to call it to mind.

The reading of such a "medley" would be very amusing if it were not obvious that enough people heed them and practice self diagnosis and self medication to make their publication profitable to the advertiser.
