For careful drivers the Pacific highway over the Siskiyou mountains is in good condition, said L. C. Garlock of the local AAA office this forenoon. He reported the snow to be entirely cleared off the highway, but added that the Ashland-Klamath Falls highway has not been entirely freed of snow, as heavy snow banks have been formed on each side of the road, making it narrow in places.

Herbert Strang arrived home this noon on the Shasta train from a visit at San Francisco over the New Year's period. He had a narrow escape from being run down by a street car on Market street while gazing at the lofty buildings and was nearly licked by a taxi driver for taking a street car from the ferry up town, instead of using a taxi for the purpose.

Important in the daily maintenance of the courthouse, but accidentally omitted from the personnel of the courthouse staff published today, is J. E. Daniek, familiarly known as "Joe." Joe has been the courthouse janitor ever since it was established in Medford, and it is to him that the tenants are particularly courteous when they wish little favors or some special work done. He has been found to be willing and obliging, making him a popular figure around the building.

## HAROLD DE VOE IN CONTACT BY RADIO WITH BYRD PARTY

Harold DeVoe of this city, now a student in the electrical engineering department at the Oregon State College at Corvallis, and a radio enthusiast and experimenter, with a set of his own making, made a contact in code with the Antarctic Expedition of Commander Byrd. It occurred about a month ago, and was not regarded by the amateur as out of the ordinary. The message was sent from the DeVoe home near this city.

Young DeVoe has been experimenting for years with radio sending and receiving sets, and with his high-powered equipment is able to reach the far corners of the earth.

The contact with the Byrd expedition was short, the operator sending the latitude and longitude of the ship.

A short time after the local youth reached the Polar expedition station, an amateur radio sender of Iowa, reported that he had received a reply to his message.

Contact with the expedition is a favorite aim of radio senders, and Commander Byrd in his radio messages to the world, has commented upon it.

DeVoe has a talent for radio experimenting, and has built many machines and parts.

## CONSTRUCTION OF CLASS ROOMS FOR HI SCHOOL BEGUN

Following the letting of the construction bids last night by the school board, work was begun today on the construction of two new class rooms in the senior high school to relieve the congestion at that building, and the work will be pushed from now on as according to contract. It is to be completed by January 26. The new rooms, which will accommodate from 25 to 300 more students, will be built on the east balcony of the high school gymnasium.

Although the construction work will be going on daily, the senior high classes will be in session as usual, as the incidental noise, etc., in that part of the building will not be heard, and will only slightly affect the cooking and domestic science classes.

The construction contract was awarded Wilkinson & Oliver on their bid of \$4,100, altho E. J. Tubbs' bid at \$3,600 was the lowest but was not considered because it was not accompanied by the required certified check.

The other bids were as follows: W. W. Merritt, \$4,655; Clark and Elliott, \$5,446; R. I. Stuart and Sons, \$6,200; H. D. Turner, \$6,700; H. H. Weaver, and W. A. Jones and J. S. Wochnich, \$5,985.75.

It is understood that no bids will be asked for the heating of the two rooms, as the board will award the work to Contractor Schmidt, who was the original contractor for the high school building heating, as the board thinks it best to have the contractor do all the heating work. Also, for the same reason, the Peoples Electric Store, which had the original electrical contract for the high school, will be given the electrical work in the two rooms. It is also understood that the board has required that these two contractors do the respective work at a reasonable cost, the same as though there was competitive bidding.

However, bids will be asked for the general wiring of the two new rooms.

## DR. FREDERIC YOUNG UNIVERSITY OREGON SOCIOLOGY DEAN DIES

EUGENE, Ore., Jan. 4.—(AP)—Dr. Frederic George Young, dean of the school of sociology, University of Oregon, died today. He had been a member of the faculty of the university for 32 years.

Dr. Young, who was 71, had been ill for a few weeks. Although not so strong as usual he continued to teach his classes until a short time ago, and he was engaged also in many research projects. He was also taking a prominent part in preliminary work on a proposed state survey which the university is planning for the near future.

He had this project in mind for many years.

Frederic George Young was born at Burnett, Wis., June 3, 1858. He was graduated from Johns Hopkins university in 1889 with the degree of bachelor of arts. He received the honorary degree of doctor of laws from the University of Oregon in 1924.

He joined the faculty of the University of Oregon in 1895 as head of the department of economics and sociology. He held that position until 1926, also being dean of the Oregon graduate school from 1909 to 1926. Since 1926 he was dean of the school of sociology.

## COMMITTEE APPROVES OF PROJECT SURVEYS

WASHINGTON, Jan. 3.—(AP)—With one dissenting vote, the house irrigation committee today approved a senate bill to provide for surveys of the proposed Columbia River reclamation project in the state of Washington.

The measure, which would provide for further studies of the project, was opposed in committee by Representative Leatherwood, Republican of Utah. As approved by the committee, the senate proposal was amended to embody suggestions made by Secretary West in a recent letter to Chairman Smith of that body.

## Obituary

**PATTERSON**—Funeral services for the late Ella G. Patterson of Talent will be held at the home near Talent Saturday, January 5, at 2 p. m. Rev. D. E. Millard will have charge of services. Hope Bebekah lodge of Ashland, of which Mrs. Patterson was a member, will also have short services. The remains will be forwarded to Portland where interment will be in the Portland crematorium. Conger Funeral Parlor are in charge.

**HARRISON**—Funeral services for Frederick John Harrison, infant son of Mr. and Mrs. John Harrison of Butte Falls, will be held at the graveside in the Medford cemetery January 5 at 10 a. m. Conger Funeral Parlor in charge.

**RICKMAN**—Thomas T. Rickman, a resident of Phoenix but a short time, passed away at the home in Phoenix January 4 at the age of 36. He leaves his wife, Cleo Rickman and six children, Najdene, Lucille, Revalyn, Mary Georgia and Thomas Rickman, Jr. all of Phoenix. His mother, two sisters and one brother of Missouri. The remains are at the Conger Funeral Parlor West Main at Newtown streets, where funeral services are being arranged.

Card of Thanks.  
To the many friends who were so kind and thoughtful to us in our recent bereavement, we wish to extend our appreciation; also for the lovely floral offerings.  
S. W. Hillier and Family.
